

# HSD Family Engagement

## HSD PAC/FAC Get to Know Our Parent/Family Groups!

Parent and Family Advisory Committees (PACs/FACs) are welcoming spaces where families can connect, collaborate, learn, and share their cultures.

In alignment with the Hillsboro School District's Educational Equity Policy, PACs and FACs serve as formal structures for engaging families and gathering input, particularly from those representing historically marginalized groups. This includes students and families impacted by racism, poverty, disability, language barriers, foster care, and housing instability. These committees play a vital role in shaping district programs and policies to better serve all students.

Scan the QR code below or contact your school's PAC/FAC representative to join and get involved!
