Issue #02

Lead Like Lions, Solve Without Limits!

STAR Assessment

Throughout the next two weeks grade levels will be completing the STAR Assessments to help determine where your student falls academically at this point in time.

Kona Ice

Hear Us ROAR Foundation has slotted to have Kona Ice return to campus once a month, they will be here Tuesday, August 11. All proceeds go towards 6th grade activities and the PBIS ROAR Store.

Chromebook/iPad Checkout

August 12 students will receive their assigned chromebook or iPad. If you selected APPROVED under the authorizations during the data confirmation your student is able to take their device home if their teacher allows.

PTA Membership Drive

Please see the attached flyer regarding PTA membership for the 2026-27 school year. The class with the most sign ups will win an ice cream party!

- ITEMS CAN BE SHIPPED DIRECTLY TO SCHOOL OR DROPPED OFF IN THE OFFICE.

Classroom Moments

This week, we had so much fun diving into creative activities and hands-on learning together.

Whether we were exploring a science experiment or collaborating on an art project, we stayed curious, engaged, and enthusiastic. It's such a joy to be part of a classroom where we learn through play, discovery, and teamwork.

During our hands-on science experiment, Joanna amazed us all by confidently explaining how the vinegar and baking soda reaction creates carbon dioxide.

Ella and Noah impressed us with their teamwork and clear, confident reading. It was wonderful to see even our quieter students, like Sophia, shine on stage.

Arjun took the lead in designing his group's bridge, while Zara helped troubleshoot when things

didn't go as planned. David, known for being quiet, surprised us all by suggesting the most creative

(and sturdy!) design. The challenge brought out everyone's problem-solving skills in the best way.

Teacher's Note

It's been a productive and positive week in our classroom, and I'm so proud of all the hard work you've been doing! Your effort, teamwork, and willingness to support one another really stand out—keep it up!

Families, thank you for your continued encouragement at home. It truly makes a big difference in your child's learning and confidence.

As we wrap up the week, I want to remind everyone that we have an assessment coming up next week. Students, please take some time to review what we've been learning—you've got this! We'll also be doing some fun review activities in class to help you feel confident and ready.

Let's keep building great habits and learning together!

— Teacher Marnie
