AREAS OF FOCUS

INSTRUCTIONAL PLANNING

- Equip all instructional personnel, across all content areas, with the tools to use explicit, structured writing instruction so scholars consistently use writing to make their thinking visible, deepen understanding, and engage in rigorous, standards-aligned tasks.
- Intentional planning to ensure teachers deepen their understanding of the standards and benchmarks.
- Utilize data to monitor scholar progress and drive intervention strategies.

POSITIVE CULTURE

- Refine Ready to Learn (RTL) process and align to the discipline matrix - aimed at focusing on maintaining instructional momentum and increased academic success.
- Implement school wide positive behavior intervention and supports aligned to Guidelines for Success and the level system.

PROFESSIONAL DEVELOPMENT

- Using data, provide quarterly Just-in-Time professional development during PLCs to focus on the individual needs of each department.
- Implement Schoolwide PD calendar to include engaging instructional strategies.

AREAS OF FOCUS

INSTRUCTIONAL PLANNING

- Professional Learning Community planning sessions will incorporate content-specific PLC protocols with clearly outlined expectations for pre-work, meeting focus/task, and post-work outcomes.
- Intentional planning to include building in opportunities for students to think deeply on content.
- Utilize data to monitor student progress and drive intervention strategies.

POSITIVE CULTURE

- Implement Ready to Learn process to focus on instructional time and set schoolwide behavior plan.
- School wide PBIS plan and alignment to Guidelines for Success - The LANCER Way.

PROFESSIONAL DEVELOPMENT

- Provide classroom management training series for all new and targeted teachers.
- Utilize data to plan ongoing, just-in-time learning opportunities to support teacher growth.
