

French I Syllabus

Course Description/Goals:

French I introduces students to the French language and francophone culture. Communication focuses on using the four basic language skills of listening, speaking, reading, and writing so students have ample opportunities to experience and practice French in meaningful ways to hold brief conversations. A student's proficiency level is developed through age-level appropriate and culturally authentic resources, high frequency vocabulary, and language structures to negotiate meaning through spoken and written text, and participate and respond to everyday life situations. This course is enhanced with a variety of print, digital, audio, and audiovisual materials to support language development. Students in French I are expected to reach a novice mid to novice high level of language proficiency at completion of study. Note: This course may be offered as a NISD Distance Learning course where students will use technology such as Chromebooks and Zoom to connect with their teacher and classmates digitally on a daily basis.

Course TEKS/Objectives:
