ATHLETIC CODE OF CONDUCT HANDBOOK

Brooks County I.S.D - Athletic Code of Conduct

Falfurrias Athletics:

According to University Interscholastic League rules (Texas Athletics' governing body), being in athletics is a privilege and not a right. Only those students who abide by school and athletic policies will be allowed to represent BCISD. When young men and women sign up for athletics and become a member of a team, they make a commitment. This is a voluntary commitment; therefore, they are expected to follow rules of order.

An "Acknowledgement of Rules" form, which states the rules set forth by the University Interscholastic League, is handed out at the beginning of each year. Parents and participants should read this document carefully before signing and returning it to the coach.

All participants must abide by all rules that are set forth by the school district or the individual campuses throughout the district. Special notice should be made regarding the section on extracurricular activities in the Student Handbook. This Athletic Code of Conduct will not take the place of the BCISD Student Code of Conduct.

Parents should strive to help their son or daughter achieve success in athletics. Success is defined as participating at 100% of the individual's ability. We can never expect athletes to do more than that which they are capable of; however, we do want them to obtain their fullest potential. Supportive parents can instill this desire in student athletes long after their playing days are over by seeing that the student is on time, attends practices and games, and follows the rules and regulations.

Violations of these rules may result in penalties at the coach's discretion. These include and may be a combination of extra training, athletic probation, suspension, and possible expulsion from athletics.

Brooks County I.S.D - Athletic Code of Conduct

D. Acknowledgement of BCISD Athletic Code of Conduct

The last page of this handbook should be signed by the student athlete and the parent/guardian. If you have any questions or need clarification, schedule a time to talk with the Athletic Director before signing. It must be returned to the appropriate Head Coach. This shows receipt of the Athletic Code of Conduct and acknowledges that the student-athlete and parent/guardian will comply with the rules and policies contained in the Athletic Code of Honor.

2. Parent/Coach Relationship

Support of the community is appreciated; however, negative comments and disruptive behavior will not be tolerated at any sporting event. All spectators are expected to be considerate of all coaches, officials, managers, and athletes. District officials may eject any spectator at their discretion. For more information about the parent/coach relationship please see the UIL manual at http://www.uiltexas.org/athletics/manuals

By establishing an understanding between coaches and parents, both are better able to accept the actions of the other and provide a more positive experience for everyone. Parents have the right to know, and understand, the expectations of both parent and athlete. Coaches have the right to know that if parents have a concern, they will discuss it with the coach at the appropriate time and place. Parents and spectators are expected to remain outside of the team areas, playing surfaces, and locker rooms.Coaches are permitted to have closed practices as they deem necessary.

A. Communication parents should expect from their child's coach:

1) Coach's philosophy.
2) Expectations the coach has for the athlete, as well as other players on the team.
3) Locations and times of practices and contests.
4) Team requirements, i.e., fees, special equipment needed, school and team rules, offseason expectations.
5) Procedures that will be followed if an athlete becomes injured during participation.

Brooks County I.S.D - Athletic Code of Conduct

B. Communication coaches expect from parents:

1) Concerns regarding the athlete expressed directly to the coach at the appropriate time and place.
2) Specific concerns concerning the coach's philosophy and/or expectations.
3) Notification of any schedule conflicts well in advance.

*It is important to understand there may be times when coaches, parents, and athletes disagree. These are the times when discussion with the coach is encouraged.

C. Appropriate concerns to discuss with a coach:

1) The mental and physical treatment of the athlete.
2) What the athlete needs to do to improve.
3) Concerns about the athlete's behavior.

*Coaches make playing time decisions based on what they believe is in the best interest of all students participating. While discussion between parents and coaches can be helpful, it is inappropriate to discuss certain items with the athlete's coach.

D. Issues NOT appropriate for discussion with your child's coach:

1) How much playing time each athlete is getting.
2) Team strategy.
3) Play calling.
4) Any situation that deals with other student-athletes.

*There are situations that may require a conference between the coach and parent. These are not discouraged, as it is important for each party to have a clear understanding of the other's position.

E. If a parent has a concern to discuss with the coach, the following procedure should be followed:

1) Call the coach to set up an appointment the next school day.
2) If the coach cannot be reached, call the Athletic Director or proper Chain of Command and ask him/her to set up a meeting with the coach for you.
3) Think about what you expect to accomplish as a result of the meeting.
4) Stick to discussing the facts, as you understand them.
5) Do not confront the coach before, during or after a practice or contest. These can be emotional times for both the parent and coach. Meetings of this nature do not promote resolution of the situation, but often escalate it.

F. What should a parent do if the meeting with the coach didn't provide satisfactory resolution?

1) Call the Athletic Director or proper Chain of Command to set up a meeting with the Head coach, Assistant coach, and parent present.
2) At this meeting, an appropriate next step can be determined, if necessary.

3. Eligibility

A. Academic Eligibility

A student participating in UIL activities will be suspended from participation in games after a grading period in which the student received a grade lower than a 70 on a scale of 100 in any academic class (other than an identified honors or advanced class). The grades will be reviewed at the end of each three-week period; the suspension will be removed if the student is passing all classes with a grade equal to or greater than a 70.
