FOR IMMEDIATE RELEASE

FORSYTH COUNTY SCHOOLS ACHIEVES TOP MILESTONES RANKINGS

Cumming, Ga. — Forsyth County Schools (FCS) students posted some of the strongest Georgia Milestones results in the state for the 2025-26 school year, reflecting the district's relentless focus on academic growth and achievement.

FCS ranked first among large districts (over 1,000 students tested) in math and social studies End of Grade (EOG) assessments for all tested elementary and middle school grade levels, and second in the state for 5th grade science. At the high school level, students earned the highest End of Course (EOC) scores in Algebra and Biology for large systems. Results for all English Language Arts (ELA) EOG and EOC assessments will be released later this fall, following the rollout of new course standards statewide.

Multiple FCS schools also placed among the top 20 in Georgia for both EOG and EOC assessments, a reflection of consistent excellence across the district.

Superintendent Mitch Young said the results prove what happens when high expectations meet hard work and appropriate support in the classroom on a daily basis. "These scores are a direct result of the dedication our students, teachers, and staff bring to school every single day, and we could not be prouder," he said. "But we're not resting on this. Our war on complacency in FCS continues, and that means raising the bar again this school year. Every student in this district deserves an education that prepares them to succeed in life, and we will keep pushing and pulling until every one of them gets there!"

FCS remains committed to excellence in every classroom, ensuring students are prepared for the opportunities ahead.

#

Forsyth County Schools is a premier school district in metro Atlanta, serving 53,500 students representing 129 countries and 69 languages. FCS envisions a safe, connected, and thriving community for all and is dedicated to providing an unparalleled education for all to succeed.
