III. PRESENTATIONS

A. Lingo Construction update on bond projects

Jacob Lingo with Lingo Construction provided an update on the bond projects at district sites.

Stone Ridge Intermediate - slides of progress were presented. July 13th is the scheduled completion date. Board members asked when Stone Ridge Intermediate keys would be available and Lingo confirmed it would be July 13th. There will be some finishing touches that would be completed but they shouldn't interfere with teachers working in their classrooms.

Stone Ridge Elementary - photos were shared of the 6 new classrooms contained in the storm shelter.

Scissortail Elementary - exterior progress photos were presented. That school, located at 164th & Sara, is estimated to be completed in January or February of 2027. The school will not open until Fall 2027.

Piedmont Athletics - photos of the bleacher addition and lighting underneath the bleachers were provided. Board members were interested in knowing when the stadium project would be completed. Lingo shared that events will work around the bleacher completion and patrons will be moved to the visitor side as necessary for Friday Night Lights. They do expect the construction to be completed before the end of August. Board members suggested that events might be moved to another location until the bleachers are completed.

B. Athletic and Activities presentation and board discussion

Matt Shellenberger, Athletic Director, provided a recap of student and coach athletic and activities accomplishments throughout the year.

The district had 37 All-State athletes with 25 state tournament appearances and 3 state runner up finishes. Boys Basketball and Volleyball competed for the first time in the 6A tournaments. Baseball finished in the semi finals for the 2nd year in a row. Cheer brought home an NCA National Championship. The Pride of Piedmont Band received superior ratings at OSSAA.

The district had multiple students and sports recognized for having 3.25 GPA or better with several in the top 10% academically in the state. OSSAA Distinguished Academic Awards were earned by Baseball and the Band. In total there were 69 college signees.

The following coaches were recognized for Regional and/or All State honors: Dirick Hatfield, Eric Wright, Tom Williams, Jeff Hall, Erik Ford and Keith Coleman.

New programs within the last few years or scheduled to be added include: MS Golf, MS Tennis, MS Cheer, MS Pom and MS Swim.

Eddie Wright, Executive Director of Operations reviewed expenditures and improvements that have been invested in Athletics and Activities recently.

Just under \$1.62 million was spent in the district on athletic and activities facilities and equipment in FY26. More than 90% of the expense went directly to facilities but other improvements included new band instruments, uniform rotations, soccer goals, signage and more.

He said that athletics and activities are a connection piece for students and the district is committed to a strategic, targeted focus to keep athletics and activities at the forefront. Some of the next steps include a new website for athletics and activities that would also be a revenue generator to put back into the programs. Also expanding programs and coaches to increase opportunities for students.

Mr. Wright thanked the board members and the community for their investment. Board members appreciated the presentation and commented upon how 85% of the district budget goes to staff salaries so it leaves a small piece of the pie for everything else. They expressed appreciation for the community to support bond programs that allow the investment into facilities and programs. They also were complimentary of how the administration utilizes the bond funds.

VI. FINANCIAL REPORT

Jennifer Fuller, Chief Financial Officer, reviewed financial graphs and projected ending balances with board members. There is \$248,000 encumbered for utilities and such that won't be billed until July. The General Fund ended up being \$5 million over the projected collections. The projected carryover is \$7.7 million which is \$700,000 more than projected. With new staff positions and new schools, the district is being cautious with the General Fund.

The Building Fund expenses are \$4.2 million with \$50,000 still encumbered. Building Fund collections for the year exceeded projections by \$198,561. The carryover is \$1.8 million which is on track with what was projected.

The final Sodexo invoice is pending for The Child Nutrition Fund account. The carryover is expected to be just over \$1.119 million which is consistent with last year.

There is \$75,000 still encumbered in the Bond Fund. There was no over collections in the Bond Fund. Carryover is \$14.2 million because of the recent bond sale. The bond was sold earlier this year than last year so the timing issue resulted in a much higher carryover due to the timing.

Sinking fund has a current balance of \$11.5 million but there is a \$10 million payment due July 1st.

Board members showed appreciation for the good job with the financial management, noting that everyone does their part to keep the district in a good financial position which allows the district to give raises, open new schools, support athletics and activities, etc.
