## Principal's Corner

Week 2: Off to a Great Start!

Dear Johnakin Middle School Families,

We are off to a great start at Johnakin Middle School! Our students and staff have worked hard during our first week, and we are excited about the momentum we are building together. As we enter our second week of school, we want to continue setting the tone for a successful, productive, and exciting school year.

 i-Ready ELA & Math Assessments

This week, our students will take their i-Ready ELA and Math Diagnostic Assessments. These assessments are important because they help our teachers understand each student's current instructional needs and identify areas where students are excelling as well as areas where additional support may be needed.

Students, we encourage you to:

- Take your time and read each question carefully.
- Give every question your best effort.
- Stay focused and avoid rushing.
- Remember that your effort matters!

Parents and families, please encourage your child to get a good night's rest, arrive at school on time, and come prepared to give their very best. We are not looking for perfection—we are looking for effort, growth, and progress!

 SIC & Title I Meeting

We invite our parents and families to join us for our School Improvement Council (SIC) Meeting and Title I Meeting:

 Wednesday, August 12, 2026

 4:30 PM

 Johnakin Middle School

These meetings provide an opportunity for families to learn more about our school, our academic goals, Title I services, and how we can work together to support student achievement.

Light refreshments will be available.

 Lights, Camera, Achievement!

Our theme for this school year is "Lights, Camera, Achievement!" and we are ready to put achievement in action! Every student, every teacher, every staff member, and every family has a role to play in making this year a successful one.

Let's continue to build on our strong start, stay focused on our goals, and make 2026–2027 our best year yet!

Thank you for your continued support of Johnakin Middle School.

Kimberly L. Fogan, M.Ed
