Welcome to the Austin Public Schools Student Handbook

Our mission is to Inspire, Empower, and Accelerate, and we know one of the first steps toward that goal is to ensure all stakeholders know and understand the policies and procedures used in the district.

This handbook is comprised of four sections:

- 3) Rules and Discipline; and
- 4) Health and Safety

School board policies referenced throughout this handbook can be accessed online at <https://www.austin.k12.mn.us/district-offices/school-board/district-policies-posts>.

PART I – INFORMATION

Annual Notifications

Each year, Austin will post required Annual Notifications at <https://www.austin.k12.mn.us/district-resources/annual-notifications>.

Arrival and Dismissal Times

- All Elementary Sites: 8:00 AM – 2:30 PM
- IJ Holton and Ellis: 8:00 AM – 3:00 PM
- Austin High School: 8:30 AM – 3:30 PM

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found at <https://www.austin.k12.mn.us/district-resources/district-calendars>.

Concerns

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district via <https://www.austin.k12.mn.us/district-resources/report-a-concern>.

People are encouraged to follow the communication protocol listed to ensure proper handling of concerns. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

Electronic Devices

The school board has directed the superintendent and school district administration to establish rules and procedures regarding student possession and use of cell phones and electronic devices in schools. These rules and procedures seek to minimize the impact of cell phones on student behavior, mental health, and academic attainment. These rules and procedures are designed for specific school buildings and grade levels. You can review the [district's procedures here](#). Please reference [Policy 524](#) for more information

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct noncurriculum-related meetings during noninstructional time. The school district will not discriminate against or deny

equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a nonparticipatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items, unless otherwise stated. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the school's main office.

Food in the Classrooms

All food served to students at school must be purchased from commercial sources such as bakeries, grocery stores, or department stores. Due to public health reasons, food should not be prepared at home to be shared with others.

Students with special dietary needs are required to have a notice from a physician. This should go to your school nurse, who will then forward it to the Food & Nutrition Department. This will remain on file unless we are notified of a change in dietary needs.

Fundraising

The school board recognizes a desire and a need by some student organizations for fundraising. The school board also recognizes a need for some constraint to prevent fundraising activities from becoming too numerous and overly demanding on employees, students, and the general public.

Please see [School Board Policy 511](#) for more information.

Gifts to Employees

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

Grading and Reporting

The [grading and reporting practices](#) in APS are a culmination of the district grading and reporting committee work from the 22-23 and 23-24 school years. This work consisted of a review of the current context, 5-12 staff surveys in 22- 23, and collaboration in professional learning by the student and staff grading and reporting committees in 23-24. These grading practices apply to students in grades 5-12.

Graduation Ceremony

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s).

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Meals

Meals are to be eaten in designated areas only. Meal times vary by classroom. Students will be notified of their assigned meal time on or before the first day of school. Students may purchase lunch at school or bring a prepared lunch from home. Milk will be available for purchase to supplement lunches brought from home.

Students with special dietary needs are required to have a notice from a physician. This should go to your school nurse, who will then forward it to the Food & Nutrition Dept. This will remain on file unless we are notified of a change in dietary needs.

All student lunch accounts can be accessed via Portal at <https://infinitecampus.austin.k12.mn.us/>. Parents can add funds and receive notification when fund balances are low or negative.

For information on negative account balances and unpaid meal charges, please see [Board Policy 534](#).

Menus are available online at <https://austin.nutrislice.com> for each building.

While all students at Austin Public Schools receive free breakfast and lunch, families are encouraged to fill out the Free Application for Federal Benefits form at <https://www.austin.k12.mn.us/district-offices/food-and-nutrition/free-and-reduced-price-lunch-forms>. Forms can be filled out digitally via Portal.

Austin High School does allow open lunch for certain segments of the student population. For more information, please see the AHS Addendum.

Messages to Students

Office telephones are not for students' personal use. Students will not be called out of class to receive phone messages except in the event of an emergency. Personal cell phone use for communication purposes during the instructional day is prohibited.

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability (or fail to ensure physical and program access for disabled persons), sexual orientation, including gender

identity and expression, or age in its programs and activities. The school board has designated the Executive Director of Academics & Administrative Services as the district's human rights officer to handle inquiries regarding nondiscrimination.

Executive Director of Academics & Administrative Services

Austin, MN 55912

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held three times per year. For more information, contact the building principal.

Parent Volunteers

Parents and adult family members are encouraged to volunteer at their child's school and with the Austin Public School system. Volunteers provide a valuable service to our students and staff. Volunteers must complete an application and background check before serving students affiliated with Austin Public Schools. This includes chaperoning for school events and field trips. Volunteers must abide by confidentiality and ethical standards set out by the district for all district staff. Volunteer applications are available at all school and district offices. The district will cover the cost of the background check. Please allow four weeks for applications to be processed.

Pledge of Allegiance

Students will recite the Pledge of Allegiance to the flag of the United States of America. Frequency will vary by site. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

Schedule

Schedules vary by site and will be communicated and/or posted online prior to the start of the school year.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to represent responsibly the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

Austin Public Schools is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the Activities Office at 507-460-1825 or online at <https://www.austin.k12.mn.us/district-offices/activities-office>.

School Closing Procedures

School may be cancelled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The superintendent will decide as early in the day as possible about closing school or school buildings. School closing announcements will be sent via Messenger, posted to the district website at <https://austin.k12.mn.us>, shared via social media, and broadcast via local media outlets.

Remote Learning Day Plan

Remote Learning Days are school days where, instead of coming to a school building, students complete either preassigned classwork (elementary) or coursework via Schoology (secondary). At Austin Public Schools, we will use these days in the event of an unscheduled school closure.

In the past, unscheduled school closures have resulted in the loss of instructional time and, in some years, the need to make up days. Remote Learning Days allow us to take advantage of our modern digital age to address these issues and give our students authentic learning opportunities outside of the classroom.

In the event of an unscheduled school closure,

- Parents/guardians will receive a notification via Parent Portal and the closure will be announced via local media, the district website, and social media. Our goal is to provide this notice before 6:30 am.
- Students will use the information posted below to complete their Remote Learning Day coursework.
- Teachers will be available throughout the day via email to provide assistance and answer student questions.

More information can be found online at <https://www.austin.k12.mn.us/district-resources/remote-learning-days>.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches that may include canines. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Please note, this section deals primarily with searches related to drugs and/or contraband. See [Cell Phones and Other Electronic Communication Devices](#) for information related to other searches.

Lockers/Desks and Personal Possessions Within Such

Under Minnesota law, school lockers and desks are school district property. At no time does the school district relinquish its exclusive control of lockers or desks provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker or desk may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers or desks were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

Staff Directory

A district-level staff directory is available at <https://www.austin.k12.mn.us/district-resources/staff-directory>. Additionally, each site has a staff directory limited to staff at that building.

School-Sponsored Media

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval. Nonschool-sponsored publications may be submitted for consideration via our [Flyer Submission page](#).

Distribution of Nonschool-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see [School Board Policy 505](#).

School-Sponsored Media

School district [Policy 512](#) sets forth the rights and responsibilities of student journalists. Student media advisers shall supervise student journalists to ensure compliance with the law and school district policies. Students producing school-sponsored media and participating in school activities will be under the supervision of a student media adviser and the school principal. Expression in school-sponsored media or school-sponsored activity is prohibited when the material:

1. is obscene to minors;
2. is defamatory;
3. is profane, harassing, threatening, or intimidating;
4. constitutes an unwarranted invasion of privacy;
5. violates federal or state law;
6. causes a material and substantial disruption of school activities;
7. is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with Minnesota Statutes, section 121A.03 or 121A.031;
8. advertises or promotes any product or service not permitted for minors by law;
9. advocates sexual, racial, or religious harassment or violence or prejudice; or
10. is distributed or displayed in violation of time, place, and manner regulations.

Expression in school-sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School-sponsored media may be distributed at reasonable times and locations.

Student Dress and Appearance

The purpose of [Policy 504](#) is to enhance the education of students by establishing expectations of dress and appearance that maintain a safe and healthy learning environment, support students in developing their own positive self-image, and treat all students equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, religion, body type/size, and personal style.

Student Records

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see [School Board Policy 515 Part I](#) and [School Board Policy 515 Part II](#).

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see [School Board Policy 520](#).

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live one mile or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parent or guardian.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the building principal.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be disciplined according to building procedures. Please contact building principal for more information.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the Special Services department at 507-460-1916.

Field Trips

Field trips may be offered as a part of the school experience. For more information on field trips, see [School District Policy 610](#).

Grades

Students' grades will be reported multiple times during the year. Online grade reports may be reviewed via [Parent Portal](https://austinmn.infinitecampus.org/campus/portal/parents/austin.jsp) for grades 5-12 at <https://austinmn.infinitecampus.org/campus/portal/parents/austin.jsp>.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, please contact the office at your or your student's school or see [School District Policy 513](#).

Summer School

The school district may provide summer school learning opportunities. For more information, please contact the office at your or your student's school.

Parent Right to Know

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. whether the teacher is teaching in the field of discipline of the certification of the teacher;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

PART III — RULES AND DISCIPLINE

Please see our [Student Rights and Responsibilities document](#) for student rules and discipline.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the school nurse. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Plan

The school district has developed an asbestos management plan. A copy of this plan can be found on the [Annual Notifications page](#) on the district's website.

Crisis Management

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

Parents are asked to submit up-to-date emergency contact information yearly during the enrollment process. This contact information is utilized when needing to contact families in the case of student illness, accident, or other situations. Please notify enrollment services at 507-460-1937 for mid-year changes to this information.

Health Information

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) at each site. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

Students who become sick at school should visit the nurse's office. In the event of an emergency, the appropriate medical authorities will be contacted by the office. The nurse's office will arrange for students who get sick at school to go home early.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness.

Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the building health office or see the ["Immunization Requirements" policy](#).

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication. For more information, please see [Board Policy 516](#).

Seizure Action Plan

When a parent or guardian notifies the school district that a student has a diagnosed seizure disorder and has seizure rescue medication or medication prescribed by the student's licensed health care provider to treat seizure disorder symptoms, the school district will create an individualized seizure action plan.

Suicide Prevention Information

On July 16, 2022, the United States transitioned to the new three-digit dialing code **988** to reach crisis support. The change is part of a nationwide effort to transition the National Suicide Prevention Lifeline

(the Lifeline) to a phone number people can more easily remember and access in times of crisis. The shift also includes an online chat feature and a new texting option.

The new **988** Suicide and Crisis Lifeline code will serve as a universal entry point, so people can reach a trained crisis counselor who can help regardless of where they live. Anyone can dial or text **988** 24 hours a day, seven days a week, to reach crisis support or to use an online chat feature (<https://988lifeline.org/>) to connect with crisis support. People can dial **988** if they are worried about a loved one needing crisis support.

Additionally, Mower County Mental Health Crisis Response can be reached at 1-844-274-7472.

Pesticide Application Notice

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school office), and the long-term health effects of the class of pesticide on children can be requested by contacting the Director of Facility Services at 507-460-1928.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety. To report school safety concerns, please use our Anonymous Reporting Form or contact the building office.

Visitors

The school board encourages interest on the part of parents and community members in school programs and student activities. The school board welcomes visits to school buildings and school property by parents and community members provided the visits are consistent with the health, education and safety of students and employees and are conducted within the procedures and requirements established by the school district.

2. Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:

1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the

proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
 - 1. whether the material is educationally related;
 - 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 - 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 - 4. the quantity or size of materials to be distributed;
 - 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 - 6. whether distribution would require that nonschool persons be present on the school grounds;
 - 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of nonschool-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
 - 1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 - 2. Date(s) and time(s) of day intended for distribution.

3. Location where material will be distributed.
 4. If intended for students, the grade(s) of students to whom the distribution is intended.
- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
 - C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
 - D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.
 - E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. Distribution by any employee of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

VIII. NOTICE OF POLICY TO STUDENTS AND EMPLOYEES

A copy of this policy will be published in student handbooks and posted in school buildings.

IX. IMPLEMENTATION

The school district administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

3. Student Records

Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;
6. The right to be informed about rights under the federal law;
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy; and
8. The right to opt out of any or all of the information included under the school district's definition of "directory information."

Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations, section 99.31(a).

Students with a Disability

The school district shall follow 34 Code of Federal Regulations, sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability. The school district shall provide for the need to effectively notify parents or eligible students with a disability.

Annual Notice of Rights

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Article VIII. of this policy.

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation

of the student's privacy or other rights and the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosures without consent;
4. That the school district may disclose education records to other school officials within the school district if the school district has determined they have legitimate educational interests. For purposes of such disclosure, a "school official" is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or other employee; a person serving on the school board; a person or company with whom the school district has consulted to perform a specific task (such as an attorney, auditor, medical consultant, therapist, public information officer or data practices compliance official); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or any individual assisting a school official in the performance of his or her tasks. A school official has a "legitimate educational interest" if the individual needs to review an education record in order to fulfill his or her professional responsibility and includes, but is not limited to, an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student and student health and welfare and the ability to respond to a request for educational data;
5. That the school district forwards education records on request to a school or post-secondary education institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to 20 U.S.C. § 7917, part of the federal Every Student Succeeds Act and data regarding a student's history of violent behavior, and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;
6. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder. The name and address of the office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, S.W.
Washington, D.C. 20202-8520

7. The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.
8. The school has adopted a school board policy in order to comply with state and federal laws regarding education records. The policy does the following:
 - a. It classifies records as public, private, or confidential.
 - b. It establishes procedures and regulations to permit parents/guardians or students to inspect and review a student's education records. These procedures include the method of determining fees for copies, a listing of the locations of these education records, and the identity of the individuals in charge of the records.
 - c. It establishes procedures and regulations to allow parents/guardians or students to request the amendment of a student's education records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights.
 - d. It establishes procedures and regulations for access to and disclosure of education records.
 - e. It establishes procedures and regulations for safeguarding the privacy of education records and for obtaining prior written consent of the parent or student when required prior to disclosure.

Copies of the school board policy and accompanying procedures and regulations are available to parents/guardians and students upon written request to the Superintendent.

Directory Information

Pursuant to applicable law, Austin Public Schools gives notice to parents/guardians of students currently in attendance in the school district, and eligible students currently in attendance in the school district, of their rights regarding "directory information." "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

Under federal law, "directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

- A. a student's social security number;
- B. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
- C. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
- D. personally identifiable data which references religion, race, color, social position, or nationality; or
- E. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

Information to Military Recruiters

Pursuant to applicable law, Austin Public Schools gives notice to parents/guardians of secondary students and eligible secondary students of their rights regarding release of information to military recruiting officers. The school district must release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiters only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

Should the parent of a student or the eligible student so desire, any or all of the listed information will not be disclosed to military recruiting officers without prior consent.

To refuse release of this information without prior consent, the parent or eligible student must make a written request to the Austin High School counseling office each year. This written request must include the following information:

- Name of student and parent, as appropriate;

- Home address;
- Student's grade level;
- School presently attended by student;
- Parent's legal relationship to student, if applicable;
- Specific category or categories of information which are not to be released to military recruiters without prior consent;
- Specific category or categories of directory information which are not to be released to the public, including military recruiters.

If a parent or guardian does not want their child's or eligible student's directory information (including a school district-provided email address) released to military recruiting officers, they must notify the school district that they do not want directory information released to any member of the public, including military recruiting officers.

[Note: Refusal to release the above information to military recruiting officers alone does not affect the School District's release of directory information to the public, including military recruiting officers. In order to make any directory information about a student private, the procedures contained in the Directory Information section above also must be followed. If you do not want your child's or eligible student's directory information (including a school district-provided email address) released to military recruiting officers, you also must notify the school district that you do not want this directory information released to any member of the public, including military recruiting officers.]

4. Student Surveys

Independent School District No. 492 gives notice to parents of students currently in attendance in the school district, eligible students currently in attendance in the school district, and students currently in attendance in the school district of their rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical examinations.

 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Paragraph 1.b., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical examination or screening permitted or required under state law.
 - d. This notice does not preempt applicable state law that may require parental notification.

- e. The school district has developed and adopted a policy, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.
- f. The school district will directly notify parents and eligible students of these policies at least annually at the start of each school year and after any substantive changes.
- g. The school district will directly notify parents and eligible students, at least annually at the start of each school year or, if scheduled thereafter, parents will be provided with reasonable notice of the specific or approximate dates of the following activities and provide an opportunity to opt a student out of participating in:

5. Student Discipline

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes, sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. - A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;

2. the student's parent or guardian specifically consents to the use of recess detention; or

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy.
 - 1. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.
 - 2. **Unscheduled Student Removal from Class.** A public school is encouraged to adopt a school policy on parental notification for unscheduled student removal from class. The public school must consult with child abuse prevention experts to incorporate best practices into the school policy. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.
 - 3. Grounds for removal from class shall include any of the following:
 - a. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;

2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. Definition of "Suspension". "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability.

The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

2. Opportunity to Complete School Work. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to

designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. **Parent/Guardian Meeting.** If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. **Readmission Plan.** Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect
5. **Child with a Disability.** A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one (1) of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. **Alternative Education Services.** Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.
7. **Informal Administrative Conference.** The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the

suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. Administration Options. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one (1) day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. Written Notice. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference.
10. Notification. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.

In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.
12. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

E. Expulsion and Exclusion

1. Definitions

- a. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
 - b. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
2. Proceedings
 - a. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
 - b. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
3. Right to a Representative

The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
4. Hearing
 - a. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
 - b. Hearing Schedule

The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.

All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

c. Hearing Officer

All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

d. Evidence and Testimony

The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

The student cannot be compelled to testify in the dismissal proceedings.

e. Recording

The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

f. Findings and Recommendations

The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

5. School Board Decision

The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.

6. Appeal

A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

7. Report

The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the Commissioner. This report must include a statement of nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's

conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide

relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and

6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

6. Student Attendance

I. PURPOSE

- The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

- Responsibilities
 - Student's Responsibility
It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.
 - Parent or Guardian's Responsibility
It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.
 - Teacher's Responsibility
It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.
 - Administrator's Responsibility
 - It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
 - In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards ordinarily required to graduate from high school, has withdrawn, or has a valid excuse for absence.

- The district must count a student as in attendance on each day the student receives supervision, instruction, or services from school staff during scheduled school hours. Minnesota Statutes, section 120A.22 does not remove the school district's responsibility to continue to comply with reporting requirements in Minnesota Statutes, section 126C.05 for the purposes of funding.
- The principal must issue and keep a record of attendance, under rules established by the school board.

III. ATTENDANCE PROCEDURES

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

- Excused Absences
 - A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to a truant officer or the school official designated by the principal. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.
 - To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school.
 - The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.
 - Legitimate Exceptions
 - that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:
 - child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth;
 - family emergencies;
 - the death or serious illness or funeral of an immediate family member;
 - active duty in any military branch of the United States;
 - the child has a condition that requires ongoing treatment for a mental health diagnosis; or
 - other exemptions included in this attendance policy.
 - that the child has already completed state and district standards required for graduation from high school; or

This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.
 - Consequences of Excused Absences

- Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- The deadline for assignments follows the school's grading and reporting practices. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.
- Unexcused Absences
 - The following are examples of absences which will not be excused:
 - Truancy. An absence by a student which was not approved by the parent and/or the school district.
 - Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
 - Work at home.
 - Work at a business, except under a school-sponsored work release program.
 - Any other absence not included under the attendance procedures set out in this policy.
 - Family trips/vacations for which no prior arrangement have been made with the school
 - Consequences of Unexcused Absences
 - Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56.
 - Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
 - In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
 - A letter will be mailed home on the 3rd and 7th unexcused absence. After such notification, the student or his or her parent or guardian may, within a reasonable time, request a conference with school officials regarding the student's absences and the prescribed discipline. The notification will state that the school strongly urges the student's parent or guardian to request such a conference.
 - Students are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- Tardiness
 - Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
 - Excused Tardiness

Valid excuses for tardiness are:

 - Illness.
 - Serious illness in the student's immediate family.
 - A death or funeral in the student's immediate family or of a close friend or relative.
 - Medical, dental, orthodontic, or mental health treatment.
 - Court appearances occasioned by family or personal action.
 - Physical emergency conditions such as fire, flood, storm, etc.
 - Any tardiness for which the student has been excused in writing by a parent/guardian, an administrator, or faculty member.
 - Unexcused Tardiness

- An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
- Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs
 - This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
 - School-initiated absences will be accepted, and participation permitted.
 - A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
 - If a student is suspended from any class, he or she may not participate in any activity or program that day.
 - If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS AND CULTURAL OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance or American Indian cultural practice, observance, or ceremony. Requests for accommodations should be directed to the building principal.

IV. DISSEMINATION OF POLICY

- Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal's office and on the school district website.
- The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for a religious or cultural observance.

V. REQUIRED REPORTING

- Continuing Truant
Minnesota Statutes section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statutes section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statutes section 120A.05, without valid excuse within a single school year for:
 - Three (3) days if the child is in elementary school; or
 - three (3) or more class periods on three (3) days if the child is in middle school, junior high school, or high school.

 - that the child is truant;
 - that the parent or guardian should notify the school if there is a valid excuse for the child's absences;
 - that the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes section 120A.34;

- that this notification serves as the notification required by Minnesota Statutes section 120A.34;
- that alternative educational programs and services may be available in the district;
- that the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
- that if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260C;
- that if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes section 260C.201; and
- that it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.
- Habitual Truant
 - A habitual truant is a child who is at least twelve (12) years old and less than eighteen (18) years old who is absent from attendance at school without lawful excuse for one or more class periods on seven (7) school days if the child is in middle school, junior high school, or high school, or a child who is seventeen (17) years of age who is absent from attendance at school without lawful excuse for one (1) or more class periods on seven (7) school days and who has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8.

Pursuant to Minnesota Statutes, section 260C.163, subdivision 11, habitual truant also means a child under age twelve (12) who has been absent from school for seven (7) school days without lawful excuse, based on a showing by clear and convincing evidence that the child's absence is not due to the failure of the child's parent, guardian, or custodian to comply with compulsory instruction laws.

- A school district administrator shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minnesota Statutes chapter 260A.

7. Bullying Prohibition

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 - 1. on the school premises, at the school functions or activities, on the school transportation;
 - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual

harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Paragraph II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See Policy #506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. VI. RETALIATION OR REPRISAL

Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. 12. Refusal for Student Participation in Statewide Assessments

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20__ to 20__ school year.)

Statewide Assessment: Parent/Guardian Decision Not to Participate

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.

13. Title IX Sex Nondiscrimination Policy, Grievance Procedure, and Process

I. GENERAL STATEMENT OF POLICY

- The school district does not discriminate on the basis of sex, including discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, in any education program or activity that it operates, including in admission and employment. The school district does not discriminate in such a manner in its implementing regulations. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.
- Except as provided elsewhere under Title IX or its regulations, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the school district.
- The school district prohibits sex-based discrimination or sexual harassment that occurs within its education programs and activities. The school district shall promptly respond in a manner that is prompt and effective.
- Except as provided therein, Title IX and its regulations apply to all sex discrimination occurring under a school district's education program or activity in the United States. For the purpose of this paragraph, conduct that occurs under the school district's education program or activity includes but is not limited to conduct that is subject to the school district's disciplinary authority. The school district has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the school district's education program or activity or outside the United States.
- The school district has adopted, published, and implemented grievance procedures consistent with the requirements of 34 Code of Federal Regulations, section 106.45, and if applicable section 106.46, that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in the school district's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or its regulations.
- The school district's obligation to comply with Title IX and its regulations is not obviated or alleviated by the Federal Educational Rights and Privacy Act (FERPA), 20 United States Code, section 1232g, or its implementing regulations, 34 Code of Federal Regulations, part 99, or any state law or local law. The obligation to comply is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association which would render any applicant or student ineligible to participate or limit the eligibility or participation of any applicant or student, on the basis of sex, in any education program or activity operated by the school district and which receives Federal financial assistance.
- The school district has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the school district's education program or activity or outside the United States.
- Nothing in Title IX or its regulations may be read in derogation of any legal right of a parent, guardian, or other authorized legal representative to act on behalf of a complainant, respondent, or other person, subject to Paragraph F of this section, including but not limited to making a complaint through the school district's grievance procedures for complaints of sex discrimination.
- In the limited circumstances in which Title IX or its regulations permits different treatment or separation on the basis of sex, the school district must not carry out such different treatment

or separation in a manner that discriminates on the basis of sex by subjecting a person to more than de minimis harm, except as permitted by 20 United States Code, section 1681(a)(1) through (9) and the corresponding regulations sections 106.12 through 106.15, 20 United States Code, section 1686 and its corresponding regulation section 106.32(b)(1), or section 106.41(b). Adopting a policy or engaging in a practice that prevents a person from participating in an education program or activity consistent with the person's gender identity subjects a person to more than de minimis harm on the basis of sex.

- Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district's Title IX Coordinator is:

Sue Stark, Human Resources Director
401 3rd Ave NW, Austin, MN 55912
507-460-1902
sue.stark@austin.k12.mn.us

Inquiries about Title IX and its regulations may be referred to the Title IX Coordinator(s), the United States Department of Education's Office for Civil Rights, or both.

- To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please report to:

An employee, agent, or other person authorized by the school district to provide an aid, benefit, or service under the school district’s education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person’s participation in unwelcome sexual conduct;
 - Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person’s ability to participate in or benefit from the school district’s education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - The degree to which the conduct affected the complainant’s ability to access the school district’s education program or activity;
 - The type, frequency, and duration of the conduct;
 - The parties’ ages, roles within the school district’s education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - The location of the conduct and the context in which the conduct occurred; and
 - Other sex-based harassment in the school district’s education program or activity; or
 - Specific offenses.
 - Sexual assault meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
 - Dating violence meaning violence committed by a person:
 - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship;
 - The type of relationship; and
 - The frequency of interaction between the persons involved in the relationship;

- Domestic violence meaning felony or misdemeanor crimes committed by a person who:
 - is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the state of Minnesota, or a person similarly situated to a spouse of the victim;
 - is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
 - shares a child in common with the victim; or
 - commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction; or
- Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - Fear for the person's safety or the safety of others; or
 - Suffer substantial emotional distress.
- "Student" means a person who has gained admission.
- "Student with a disability" means a student who is an individual with a disability as defined in the Rehabilitation Act of 1973, as amended, or a child with a disability as defined in the Individuals with Disabilities Education Act.
- "Supportive measures" means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:
 - Restore or preserve that party's access to the school district's education program or activity, including measures that are designed to protect the safety of the parties or the school district's educational environment; or
 - Provide support during the school district's grievance procedures or during the informal resolution process.
- The school district will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the school district's education program or activity or provide support during the school district's Title IX grievance procedures or during the informal resolution process.
- "Title IX" means Title IX of the Education Amendments of 1972, as amended.

III. DESIGNATION OF TITLE IX COORDINATOR AND DESIGNEES

- The school district must designate and authorize at least one employee, referred to as a Title IX Coordinator, to coordinate its efforts to comply with its obligations under Title IX and its regulations. If a school district has more than one Title IX Coordinator, it must designate one of its Title IX Coordinators to retain ultimate oversight over the responsibilities and ensure the school district's consistent compliance with its responsibilities under Title IX and its regulations.
- As appropriate, the school district may delegate, or permit a Title IX Coordinator to delegate, specific duties to one or more designees.

IV. PARENTAL, FAMILY, OR MARITAL STATUS; PREGNANCY OR RELATED CONDITIONS

- Status Generally. The school district must not adopt or implement any policy, practice, or procedure concerning a student's current, potential, or past parental, family, or marital status that treats students differently on the basis of sex.
- Pregnancy or Related Conditions
 - Nondiscrimination. The school district must not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy or related conditions. The school district does not engage in prohibited

discrimination when it allows a student, based on pregnancy or related conditions, to voluntarily participate in a separate portion of its education program or activity provided the school district ensures that the separate portion is comparable to that offered to students who are not pregnant and do not have related conditions.

- Responsibility to Provide Title IX Coordinator Contact and Other Information. The school district must ensure that when a student, or a person who has a legal right to act on behalf of the student, informs any employee of the student's pregnancy or related conditions, unless the employee reasonably believes that the Title IX Coordinator has been notified, the employee promptly provides that person with the Title IX Coordinator's contact information and informs that person that the Title IX Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to the school district's education program or activity.
- Specific Actions to Prevent Discrimination and Ensure Equal Access. The school district must take specific actions below to promptly and effectively prevent sex discrimination and ensure equal access to the school district's education program or activity once the student, or a person who has a legal right to act on behalf of the student, notifies the Title IX Coordinator of the student's pregnancy or related conditions. The Title IX Coordinator must coordinate these actions.
 - Responsibility to provide information about school district obligations. The school district must inform the student, and if applicable, the person who notified the Title IX Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of the school district's obligations under 34 Code of Federal Regulations, section 106.31, paragraphs (b)(1) through (5) and section 106.44(j) and provide the school district's notice of nondiscrimination under section 106.8(c)(1)
 - Reasonable modifications
 - The school district must make reasonable modifications to the school district's policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access to the school district's education program or activity. Each reasonable modification must be based on the student's individualized needs. In determining what modifications are required under this paragraph, the school district must consult with the student. A modification that a school district can demonstrate would fundamentally alter the nature of its education program or activity is not a reasonable modification.
 - The student has discretion to accept or decline each reasonable modification offered by the school district. If a student accepts the school district's offered reasonable modification, the school district must implement it.
 - Reasonable modifications may include, but are not limited to, breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom; intermittent absences to attend medical appointments; access to online or homebound education; changes in schedule or course sequence; extensions of time for coursework and rescheduling of tests and examinations; allowing a student to sit or stand, or carry or keep water nearby; counseling; changes in physical space or supplies (for example, access to a larger desk or a footrest); elevator access; or other changes to policies, practices, or procedures.
 - Voluntary access to separate and comparable portion of program or activity. The school district must allow the student to voluntarily access any separate

and comparable portion of the school district's education program or activity under Paragraph A. above.

- Voluntary leaves of absence. The school district must allow the student to voluntarily take a leave of absence from the school district's education program or activity to cover, at minimum, the period of time deemed medically necessary by the student's licensed healthcare provider. To the extent that a student qualifies for leave under a leave policy maintained by the school district that allows a greater period of time than the medically necessary period, the school district must permit the student to take voluntary leave under that policy instead if the student so chooses. When the student returns to the school district's education program or activity, the student must be reinstated to the academic status and, as practicable, to the extracurricular status that the student held when the voluntary leave began.
- Lactation space. The school district must ensure that the student can access a lactation space, which must be a space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used by a student for expressing breast milk or breastfeeding as needed.
- Limitation on supporting documentation. The school district must not require supporting documentation under Paragraph B.3, subparagraphs b. through e. unless the documentation is necessary and reasonable for the school district to determine the reasonable modifications to make or whether to take additional specific actions. Examples of situations when requiring supporting documentation is not necessary and reasonable include, but are not limited to, when the student's need for a specific action under Paragraph C. subparagraphs 3 through 5 is obvious, such as when a student who is pregnant needs a bigger uniform; when the student has previously provided the school district with sufficient supporting documentation; when the reasonable modification because of pregnancy or related conditions at issue is allowing a student to carry or keep water nearby and drink, use a bigger desk, sit or stand, or take breaks to eat, drink, or use the restroom; when the student has lactation needs; or when the specific action under Paragraph C. subparagraphs 3 through 5 is available to students for reasons other than pregnancy or related conditions without submitting supporting documentation.
- Comparable Treatment to Other Temporary Medical Conditions. To the extent consistent with Paragraph B.3 above, the school district must treat pregnancy or related conditions in the same manner and under the same policies as any other temporary medical conditions with respect to any medical or hospital benefit, service, plan, or policy the school district administers, operates, offers, or participates in with respect to students admitted to the school district's education program or activity.
- Certification to Participate. The school district must not require a student who is pregnant or has related conditions to provide certification from a healthcare provider or any other person that the student is physically able to participate in the school district's class, program, or extracurricular activity unless:
 - The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
 - The school district requires such certification of all students participating in the class, program, or extracurricular activity; and
 - The information obtained is not used as a basis for discrimination prohibited by this part.

V. REPORTING PROHIBITED CONDUCT

- Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.
- The school district requires all employees who are not confidential employees to notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX or its regulations. This requirement does not apply to an employee who has personally been subject to conduct that reasonably may constitute sex discrimination under Title IX or its regulations.
- Confidential Employee Requirements
 - The school district must notify all participants in the school district's education program or activity of how to contact its confidential employees, if any.
 - The school district must require a confidential employee to explain to any person who informs the confidential employee of conduct that reasonably may constitute sex discrimination under Title IX or its regulations:
 - The employee's status as confidential for purposes of this part, including the circumstances in which the employee is not required to notify the Title IX Coordinator about conduct that reasonably may constitute sex discrimination;
 - How to contact the school district's Title IX Coordinator and how to make a complaint of sex discrimination; and
 - That the Title IX Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.
- Any employee of the school district who has experienced, has knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.
- A report of unlawful sex discrimination or sexual harassment may be made at any time, including during nonbusiness hours, and may be made in person, by mail, by telephone, or by email using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the school district may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

VI. SCHOOL DISTRICT'S RESPONSE TO SEXUAL HARASSMENT

- General. Upon knowledge of conduct that reasonably may constitute sex discrimination in its education program or activity, the school district must respond promptly and effectively. The school district must also comply with 34 Code of Federal Regulations, section 106.44 to address sex discrimination in its education program or activity.
- Barriers to Reporting. The school district must require its Title IX Coordinator to:
 - Monitor the school district's education program or activity for barriers to reporting information about conduct that reasonably may constitute sex discrimination under Title IX or its regulations; and
 - Take steps reasonably calculated to address such barriers.
- Title IX Coordinator Requirements.
 - The Title IX Coordinator is responsible for coordinating the school district's compliance with its obligations under Title IX and its regulations. The school district must require its Title IX Coordinator, when notified of conduct that reasonably may constitute sex

discrimination under Title IX or its regulations, to take the following actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects:

- Treat the complainant and respondent equitably;
- Offer and coordinate supportive measures, as appropriate, for the complainant. In addition, if the school district has initiated grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures, as appropriate, for the respondent;
- Notify the complainant or, if the complainant is unknown, the individual who reported the conduct, of the grievance procedures and if applicable and the informal resolution process, if available and appropriate. If a complaint is made, notify the respondent of the grievance procedures and the informal resolution process, if available and appropriate;
- In response to a complaint, initiate the grievance procedures or the informal resolution process, if available and appropriate and requested by all parties;
- In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, determine whether to initiate a complaint of sex discrimination that complies with the grievance procedures.
 - To make this fact-specific determination, the Title IX Coordinator must consider, at a minimum, the following factors:
 - The complainant's request not to proceed with initiation of a complaint;
 - The complainant's reasonable safety concerns regarding initiation of a complaint;
 - The risk that additional acts of sex discrimination would occur if a complaint is not initiated;
 - The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
 - The age and relationship of the parties, including whether the respondent is an employee of the school district;
 - The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
 - The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
 - Whether the school district could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.
 - If, after considering these and other relevant factors, the Title IX Coordinator determines that the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or that the conduct as alleged prevents the school district from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator may initiate a complaint
- If initiating a complaint under Subparagraph e. above, notify the complainant prior to doing so and appropriately address reasonable concerns about the

- complainant's safety or the safety of others, including by providing supportive measures; and
 - Regardless of whether a complaint is initiated, take other appropriate prompt and effective steps, in addition to steps necessary to effectuate the remedies provided to an individual complainant, if any, to ensure that sex discrimination does not continue or recur within the school district's education program or activity.
 - The Title IX Coordinator is not required to comply with Paragraph C.1, subparagraphs a. through g. above upon being notified of conduct that may constitute sex discrimination if the Title IX Coordinator reasonably determines that the conduct as alleged could not constitute sex discrimination under Title IX or its regulations.
- Supportive Measures. Under the Title IX Coordinator Requirements above, the school district must offer and coordinate supportive measures, as appropriate, as described below. For allegations of sex discrimination other than sex-based harassment or retaliation, the school district's provision of supportive measures does not require the school district, its employee, or any other person authorized to provide aid, benefit, or service on the school district's behalf to alter the alleged discriminatory conduct for the purpose of providing a supportive measure.
 - Supportive measures may vary depending on what the school district deems to be reasonably available. These measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.
 - Supportive measures must not unreasonably burden either party and must be designed to protect the safety of the parties or the school district's educational environment, or to provide support during the school district's grievance procedures, or during the informal resolution process. The school district must not impose such measures for punitive or disciplinary reasons.
 - The school district may, as appropriate, modify or terminate supportive measures at the conclusion of the grievance procedures or at the conclusion of the informal resolution process, or the school district may continue them beyond that point.
 - The school district must provide a complainant or respondent with a timely opportunity to seek, from an appropriate and impartial employee, modification or reversal of the school district's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee must be someone other than the employee who made the challenged decision and must have authority to modify or reverse the decision, if the impartial employee determines that the decision to provide, deny, modify, or terminate the supportive measure was inconsistent with the definition of supportive measures. The school district must also provide a party with the opportunity to seek additional modification or termination of a supportive measure applicable to them if circumstances change materially.
 - The school district must not disclose information about any supportive measures to persons other than the person to whom they apply, including informing one party of supportive measures provided to another party, unless necessary to provide the supportive measure or restore or preserve a party's access to the education program or activity, or when an exception in 34 Code of Federal Regulations section 106.44(j)(1) through (5) applies.
 - The school district must require the Title IX Coordinator to consult with one or more members, as appropriate, of the student's Individualized Education Program (IEP) team, if any, or one or more members, as appropriate, of the group of persons

responsible for the student's placement decision under 34 Code of Federal Regulations, section 104.35(c), if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act, and Section 504 of the Rehabilitation Act of 1973 in the implementation of supportive measures.

- Students with Disabilities. If a complainant or respondent is an elementary or secondary student with a disability, the school district must require the Title IX Coordinator to consult with one or more members, as appropriate, of the student's Individualized Education Program (IEP) team, if any, or one or more members, as appropriate, of the group of persons responsible for the student's placement decision under 34 Code of Federal Regulations, section 104.35(c), if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973 throughout the school district's implementation of grievance procedures under 34 Code of Federal Regulations, section 106.45.
- Emergency Removal. Nothing in Title IX or its regulations precludes the school district from removing a respondent from the school district's education program or activity on an emergency basis, provided that the school district undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of a complainant or any students, employees, or other persons arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.
- Administrative Leave. Nothing in Title IX or its regulations precludes the school district from placing an employee respondent on administrative leave from employment responsibilities during the pendency of the school district's grievance procedures. This provision must not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act of 1990.
- Prohibited Disclosures of Personally Identifiable Information. The school district must not disclose personally identifiable information obtained in the course of complying with this part, except in the following circumstances:
 - When the school district has obtained prior written consent from a person with the legal right to consent to the disclosure;
 - When the information is disclosed to a parent, guardian, or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue;
 - To carry out the purposes of 34 Code of Federal Regulations, section 106, including action taken to address conduct that reasonably may constitute sex discrimination under Title IX in the school district's education program or activity;
 - As required by federal law, federal regulations, or the terms and conditions of a Federal award, including a grant award or
 - To the extent such disclosures are not otherwise in conflict with Title IX or its regulations, when required by Minnesota or local law or when permitted under FERPA or its implementing regulations.

VII. GRIEVANCE PROCEDURES FOR THE PROMPT AND EQUITABLE RESOLUTION OF COMPLAINTS OF SEX DISCRIMINATION

- General. The school district's grievance procedures for the prompt and equitable resolution of complaints of sex discrimination must be in writing and include provisions that incorporate the requirements of this section. The requirements related to a respondent apply only to sex discrimination complaints alleging that a person violated the school district's prohibition on sex

discrimination. When a sex discrimination complaint alleges that a school district's policy or practice discriminates on the basis of sex, the school district is not considered a respondent.

- Basic Requirements for Grievance Procedures. The school district's grievance procedures must:
 - Treat complainants and respondents equitably;
 - Require that any person designated as a Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The decisionmaker may be the same person as the Title IX Coordinator or investigator;
 - Include a presumption that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of the school district's grievance procedures for complaints of sex discrimination;
 - Establish reasonably prompt timeframes for the major stages of the grievance procedures, including a process that allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Major stages include, for example, evaluation (i.e., the school district's decision whether to dismiss or investigate a complaint of sex discrimination); investigation; determination; and appeal, if any;
 - Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.
 - An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.
 - Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the school district.
 - The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the school district.
 - Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.
 - The school district has established the following process for reasonable extension of timeframes on a case-by-case basis for good cause as set forth above. The process includes notice to the parties and the reason for the delay:
 - Require the school district to take reasonable steps to protect the privacy of the parties and witnesses during the pendency of the school district's grievance procedures, provided that the steps do not restrict the ability of the parties to: obtain and present evidence, including by speaking to witnesses, subject to the prohibition against retaliation; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures;
 - Require an objective evaluation of all evidence that is relevant, as defined in Article II, and not otherwise impermissible—including both inculpatory and exculpatory evidence—and provide that credibility determinations must not be based on a person's status as a complainant, respondent, or witness;

- Exclude the following types of evidence, and questions seeking that evidence, as impermissible (i.e., must not be accessed or considered, except by the school district to determine whether an exception in subparagraphs (a) through (c) applies; must not be disclosed; and must not otherwise be used), regardless of whether they are relevant:
 - Evidence that is protected under a privilege as recognized by federal or Minnesota law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
 - A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the school district obtains that party's or witness's voluntary, written consent for use in the school district's grievance procedures; and
 - Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred; and
- If the school district adopts grievance procedures that apply to the resolution of some, but not all, complaints articulate consistent principles for how the school district will determine which procedures apply.
- Notice of Allegations. Upon initiation of the school district's grievance procedures, the school district must provide notice of the allegations to the parties whose identities are known.
 - The notice must include:
 - The school district's grievance procedures, and if applicable, any informal resolution process;
 - Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX or this part, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available to the school district;
 - A statement that retaliation is prohibited; and
 - A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if the school district provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.
 - If, in the course of an investigation, the school district decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice or that are included in a complaint that is consolidated, the school district must provide notice of the additional allegations to the parties whose identities are known.
- If, in the course of an investigation, the school district decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice provided or that are included in a complaint that is consolidated, the school district will notify the parties of the additional allegations.

- Consolidation. The school district may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references below to a party, complainant, or respondent include the plural, as applicable.
- Complaint Investigation
 - The school district must provide for adequate, reliable, and impartial investigation of complaints. To do so, the school district must:
 - Ensure that the burden is on the school district – not on the parties – to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred;
 - Provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible;
 - Review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance, consistent with § 106.2 and with paragraph (b)(7) of this section; and
 - Provide each party with an equal opportunity to access the evidence that is relevant to the allegations of sex discrimination and not otherwise impermissible in the following manner:
 - The school district must provide an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the school district provides a description of the evidence, it must further provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
 - The school district must provide a reasonable opportunity to respond to the evidence or to the accurate description of the evidence; and
 - The school district must take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. For purposes of this paragraph, disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized.
- Questioning Parties and Witnesses to Aid in Evaluating Allegations and Assessing Credibility. The school district must provide a process that enables the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination.
- Determination Whether Sex Discrimination Occurred. Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the school district must:
 - Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred, unless the school district uses the clear and convincing evidence standard of proof in all other comparable proceedings, including proceedings relating to other discrimination complaints, in which case the school district may elect to use that standard of proof in determining whether sex discrimination occurred. Both standards of proof require the decisionmaker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness; if the decisionmaker is not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker must not determine that sex discrimination occurred.

- Notify the parties in writing of the determination whether sex discrimination occurred under Title IX or its regulations including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal, if applicable;
- If there is a determination that sex discrimination occurred, as appropriate, require the Title IX Coordinator to coordinate the provision and implementation of remedies to a complainant and other persons the school district identifies as having had equal access to the school district's education program or activity limited or denied by sex discrimination, coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions, and require the Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity. The school district may not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the school district's grievance procedures that the respondent engaged in prohibited sex discrimination;
- Comply with 34 Code of Federal Regulations, section 106.45, before the imposition of any disciplinary sanctions against a respondent; and
- Not discipline a party, witness, or others participating in school district's grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the school district's determination whether sex discrimination occurred.
- Additional Provisions. If the school district adopts additional provisions as part of its grievance procedures for handling complaints of sex discrimination, including sex-based harassment, such additional provisions must apply equally to the parties.
- Informal Resolution. In lieu of resolving a complaint through the school district's grievance procedures, the parties may instead elect to participate in an informal resolution process under 34 Code of Federal Regulations, section 106.44(k) if provided by the school district consistent with that paragraph.
- Provisions Limited to Sex-Based Harassment Complaints. For complaints alleging sex-based harassment, the grievance procedures must:
 - Describe the range of supportive measures available to complainants and respondents; and
 - List, or describe the range of, the possible disciplinary sanctions that the school district may impose and remedies that the school district may provide following a determination that sex-based harassment occurred.

VIII. INFORMAL RESOLUTION OF A COMPLAINT

- At any time prior to determining whether sex discrimination occurred, the school district may offer to a complainant and respondent an informal resolution process, unless the complaint includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student or such a process would conflict with federal, Minnesota, or local law. A school district that provides the parties an informal resolution process must, to the extent necessary, also require its Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity.
 - Subject to the limitations in Paragraph A. above, the school district has discretion to determine whether it is appropriate to offer an informal resolution process when it receives information about conduct that reasonably may constitute sex discrimination under Title IX or its regulations or when a complaint of sex discrimination is made, and may decline to offer informal resolution despite one or more of the parties' wishes.

- In addition to the limitations in Paragraph A. above, circumstances when the school district may decline to allow informal resolution include but are not limited to when the school district determines that the alleged conduct would present a future risk of harm to others.
- The school district must not require or pressure the parties to participate in an informal resolution process. The school district must obtain the parties' voluntary consent to the informal resolution process and must not require waiver of the right to an investigation and determination of a complaint as a condition of enrollment or continuing enrollment, or employment or continuing employment, or exercise of any other right.
- Before initiation of an informal resolution process, the school district must provide to the parties notice that explains:
 - The allegations;
 - The requirements of the informal resolution process;
 - That, prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and to initiate or resume the school district's grievance procedures;
 - That the parties' agreement to a resolution at the conclusion of the informal resolution process would preclude the parties from initiating or resuming grievance procedures arising from the same allegations;
 - The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties; and
 - What information the school district will maintain and whether and how the school district could disclose such information for use in grievance procedures, if grievance procedures are initiated or resumed.
- The facilitator for the informal resolution process must not be the same person as the investigator or the decisionmaker in the school district's grievance procedures. Any person designated by the school district to facilitate an informal resolution process must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Any person facilitating informal resolution must receive training as provided under this policy.
- Potential terms that may be included in an informal resolution agreement include but are not limited to:
 - Restrictions on contact; and
 - Restrictions on the respondent's participation in one or more of the school district's programs or activities or attendance at specific events, including restrictions the school district could have imposed as remedies or disciplinary sanctions had the school district determined at the conclusion of the school district's grievance procedures that sex discrimination occurred.

IX. DISMISSAL OF A COMPLAINT

- The school district may dismiss a complaint of sex discrimination made through its grievance procedures under this policy for any of the following reasons:
 - The school district is unable to identify the respondent after taking reasonable steps to do so;
 - The respondent is not participating in a school district education program or activity and is not employed by the school district;
 - The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the school district determines that, without the complainant's withdrawn allegations, the conduct that

remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or,

- The school district determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the school district will make reasonable efforts to clarify the allegations with the complainant.
- Upon dismissal, the school district will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district will also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.
- The school district must notify the complainant that a dismissal may be appealed and will provide the complainant with an opportunity to appeal the dismissal of a complaint on the bases set out in 34 Code of Federal Regulations, section 106.46(i)(1). If the dismissal occurs after the respondent has been notified of the allegations, then the school district will also notify the respondent that the dismissal may be appealed on the bases set out in 34 Code of Federal Regulations, section 106.46(i)(1). If the dismissal is appealed, the school district must:
 - Notify the parties of any appeal, including notice of the allegations consistent with paragraph (c) of this section if notice was not previously provided to the respondent;
 - Implement appeal procedures equally for the parties;
 - Ensure that the decisionmaker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
 - Ensure that the decisionmaker for the appeal has been trained as set out in this policy;
 - Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
 - Notify the parties of the result of the appeal and the rationale for the result.
- When the school district dismisses a complaint, it must, at a minimum:
 - Offer supportive measures to the complainant as appropriate;
 - For dismissals under Paragraph A. 3 and 4 above in which the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate under 34 Code of Federal Regulations, section 106.44(g); and
 - Require its Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity.
- Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.
- School districts are obligated under Minnesota Statutes, section 122A.20, subdivision 2, to make a mandatory report to the Minnesota Professional Educator Licensing and Standards Board concerning any teacher who resigns during the course of an investigation of misconduct.

XI. APPEAL OF DETERMINATION

- The school district offers the following process for appeals from a determination whether sex discrimination occurred. This appeal process will be, at a minimum, the same as the school district offers in all other comparable proceedings, including proceedings relating to other discrimination complaints.
- If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the appellate decisionmaker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

- After reviewing the parties' written statements, the appellate decisionmaker must issue a written decision describing the result of the appeal and the rationale for the result.
- The written decision describing the result of the appeal must be provided simultaneously to the parties.
- The decision of the appellate decisionmaker is final. No further review beyond the appeal is permitted.

XII. SANCTIONS AND REMEDIES

Following a determination that sex-based harassment occurred, the school district may impose disciplinary sanctions. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.

The school district may also provide remedies. If the decisionmaker determines a respondent is responsible for violating this policy, the decisionmaker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

XIII. RETALIATION

The school district must prohibit retaliation, including peer retaliation, in its education program or activity. When the school district has information about conduct that reasonably may constitute retaliation under Title IX or its regulations, the school district is obliged to comply with 34 Code of Federal Regulations, section 106.44. Upon receiving a complaint alleging retaliation, the school district must initiate its grievance procedures or, as appropriate, an informal resolution process.
