

VISION DRIVEN MATH

OC MATH LEADS

Thank You, VDM Community

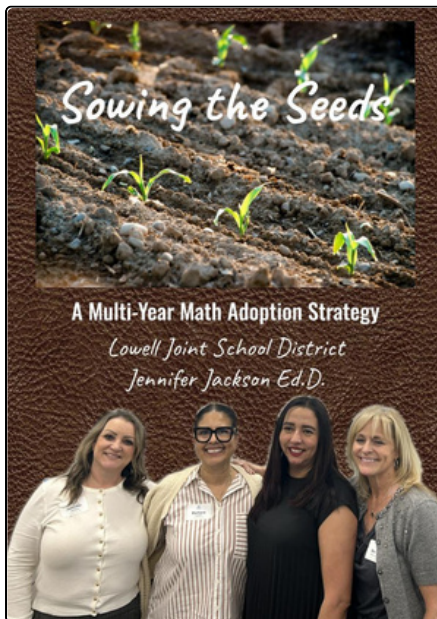

As we gather for our final VDM meeting of the 2025–2026 year, we want to take a moment to express our sincere gratitude to each of you.

Thank you for your commitment, collaboration, and willingness to learn and grow together throughout this year. Your participation, insights, and support have made our VDM gatherings meaningful and impactful. Whether you attended every session or joined when you could, your presence contributed to the strength of our community.

Thank you for making this year a success and we look forward to continuing this journey together in the next year.

With gratitude,
The VDM Team

Lowell Joint: a small district with a big plan

On May 14, the VDM team had the honor of hosting a team from the Lowell Joint School District. A huge thank you to Dr. Jennifer Jackson for sharing their district's math curriculum adoption journey, specifically how the Lowell Joint team is building a strong foundation in preparation for the adoption of high-quality math instructional materials while simultaneously positioning their district for successful implementation following the adoption decision. We also deeply appreciate Dr. Jackson's honesty, transparency, and sense of humor throughout her presentation, which made the conversation both personal and engaging.

CONGRATULATIONS!

The VDM team wants to extend a huge congratulations to Susan Rotkosky on her retirement from the Placentia-Yorba Linda Unified School District! Thank you for your years of dedication and service to students, teachers, and the educational community. We have truly appreciate your voice, leadership, and contributions in the VDM space. You will be greatly missed, and we wish you all the best in this exciting new chapter.

Please join us, next **Thursday, June 4, 2026**, for our last VDM gathering of the year. 🙌 We will engage in a PLC discussion focused on exploring what next year could look like. Attendees will also have the opportunity to choose their own adventure by either reporting on their work or engaging in planning for the future. We look forward to learning, sharing, and planning with you.
