Our responsibility to you and your parents is to help you acquire the tools of knowledge necessary to successfully pursue your education. We also want to help you build confidence in yourself and develop compassion for your fellow human beings.

The middle school years (ages 11-14) are a transitional period between elementary and high school. Middle-level education is grounded in the diverse characteristics and needs of our young people. These middle school years should provide each student with an opportunity to experience many different interests and expand their skills. The overarching purpose of all schooling in our society, and therefore our goal, is to help students become good citizens, lifelong learners, and healthy, caring, and intellectually reflective individuals.

It is our intention to ensure each student has a positive and safe environment in which to learn and grow. We know that each of you has a special contribution to make and hope you become proactive in seeking out opportunities to participate.

The staff is committed to assuring that every learner progresses educationally. To achieve this objective, communication between the school and home is essential. We invite parents to become actively involved in their child's education and to volunteer to assist with activities at our school.

Best wishes for success and happiness during your years at Farmington Middle Schools. All staff members are ready and willing to help you in every possible way. Please feel free to go to any member of the staff for assistance.

ACADEMIC ACHIEVEMENT RECOGNITION

Boeckman Middle School is committed to student academic success. There will be many ways throughout the course of a school year in which students are recognized and celebrated as a result of their efforts at school.

ACADEMIC INTEGRITY

Academic integrity is an essential expectation for all students in Farmington Area Schools. Student work is used to measure learning, knowledge, and skills. To ensure an accurate reflection of learning, all work submitted must represent the student's own thinking and effort.

Students are expected to demonstrate honesty, responsibility, and ethical decision making in all learning activities. The use of resources, including technology, must be ethical, responsible, and consistent with teacher expectations and assignment requirements. Students should give proper credit when using the ideas, words, or work of others and accurately represent their own learning.

Academic dishonesty includes, but is not limited to:

• Plagiarism: Presenting another person's ideas, words, or work as your own without proper acknowledgment. This includes using information from any source without giving credit or submitting another individual's work.

• Cheating: Using unauthorized assistance on assignments, quizzes, tests, or any other learning activity in which a student is demonstrating knowledge or skills. This includes copying work, using unauthorized materials, or sharing answers.

• Multiple Submissions: Submitting the same work for credit in more than one class or assignment without the prior approval of the teacher(s).

• Falsification or Fabrication: Altering, inventing, or misrepresenting information, data, research, or sources.

Students who violate expectations for academic integrity may be required to complete an alternative assignment, and/or face disciplinary consequences in accordance with the school's Administrative Guidelines for Disciplinary Action. The purpose of these expectations is to promote honesty, accountability, and pride in each student's own learning.

ACADEMIC COACHING FOR EXCELLENCE (ACE) ROOM

Providing students with academic support as necessary is a high priority. The ACE room provides a quiet space that learners may use to complete academic work with support of a staff member.

The ACE room may be used as follows:

✓ Assessments read orally per a 504 or IEP accommodation
✓ Academic interventions to support individual learners in need of support, determined by office staff
✓ Breaks from the general education classroom
✓ Standardized Assessment make-ups
✓ In-School Suspension as assigned by administration

AFTER-SCHOOL CONDUCT

Student conduct at school and after-school practices or functions would be the same as that expected during the regular school day. Inappropriate behavior at after-school activities will result in the same school consequences as if that behavior occurred during the school day. Student conduct at school also includes behavior on the bus and before school starts. Students not participating in after-school activities are expected to leave school property within 10 minutes following final dismissal.

APPROPRIATE DRESS FOR SCHOOL ENVIRONMENT

Students should dress in a manner that supports a safe and respectful climate of learning for all members of the learning community. Clothing needs to be:

- Free of anything containing or conveying obscene, racist, discriminatory, or violent messages.
- Free from anything promoting or advertising alcohol, illicit drugs, tobacco, or any illegal substances.
- Consistent with what is typically worn in a casual, yet professional setting, including shirts, bottoms, and shoes.
- Earbuds and other technology devices are not allowed during the school day
- Supportive of your safety and the safety of others

Fashion changes often. Therefore, a general rule to follow is to wear clothing that would typically be worn in a casual, yet professional, setting. What is worn to the movies, mall, or pool, would not always be appropriate for school. School administrators and counselors welcome students to meet with them and discuss if they would like guidance and support in making appropriate clothing decisions.

Items not needed for the classroom need to be kept in the student's locker or backpack during the school day.

BMS administration may make the determination that a student's dress is not appropriate for the school environment. In this event, efforts will be made to allow the student to fix the issue and minimize time out of class.

ATHLETIC ACTIVITIES

Participation in some interscholastic and intramural programs at the middle school level are available through Farmington Community Education for middle school students.
Interscholastic (against other schools) programs include girls' volleyball, girls' tennis, girls' soccer, and boys' soccer in the fall, and track & field in the spring. Please note that 6th grade students are only eligible to participate in the following middle school interscholastic programs: girls' tennis, girls' soccer, boys' soccer, and track & field.
Intramural (in-house) programs are open to all 6th through 8th grade students. These include coed volleyball in the fall and co-ed basketball in the late fall and early winter.
For more information about middle school sports:
https://farmington.ce.eleyo.com/courses/category/224/youth-enrichment-and-sports/middle-school-sports
If you have questions, please email community education at: middleschoolsports@farmington.k12.mn.us
Athletics programs that are not offered at the Middle School level (like swimming, basketball, hockey, and lacrosse), but are offered at the Farmington High School, are technically open to student-athletes in grades 7-12. Middle school student-athletes that believe they could participate on a high school team (9th grade, B-squad, junior varsity, or varsity) are encouraged to tryout for those high school programs. Contact the high school athletic office at 651-252-2514 for more information about fees, tryouts, and sport-specific information, etc. for high school programs. Please note that 6th grade student-athletes are not eligible to participate on any high school team.

Refund Information:

The Community Education Athletic Coordinator will determine eligibility for refunds for participation in either middle school interscholastic or intramural programs. The high school athletic director will determine eligibility for refunds for participants on a high school team. Student-athletes that become ineligible during the season per MSHSL and/or District 192 policies will not be granted a refund.

ATHLETICS / ACTIVITIES ELIGIBILITY GUIDELINES

The privilege to participate in interscholastic and intramural activities is available to all members of the student body. Physical skill and ability are primary factors in determining who will represent a school, but each school must be represented by students that are good citizens, satisfactory scholars, and trained and conditioned athletes willing to abide by prescribed rules and standards. This privilege and honor carries with it responsibilities to the community, school, faculty, and student body which the participants represent.

So that the standards and ideals of Farmington Athletics & Activities will be upheld and enforced uniformly, the following minimum rules have been established and MUST be familiar to everyone.

1. Farmington High School teams are governed by the rules established by the Minnesota State High School league and the District #192 Board of Education. (see mshsl.org)

2. FOR HIGH SCHOOL TEAMS, the HIGH SCHOOL Activities Director will be responsible for declaring the student eligible or ineligible and to prepare the eligibility list to be sent to the Minnesota State High School League. A student will not be certified for competition:

- Until a CURRENT physical examination is on file in the activities office.
- Until the MSHSL and Farmington Schools eligibility forms are signed by the student and a parent and are on file in the Activities Director's office.
- Unless all regulations and training rules of the Farmington Activities Department and the Minnesota State High School League are adhered to.
- MSHSL penalties and violations will be accumulative from that time until the end of the senior year (graduation).

3. There shall be no general conduct in or out of the activity season such as to bring discredit to a participant, his or her parents, the community, school or team. Such conduct to includeS theft, vandalism, assault, and racial/religious/sexual harassment. Penalties for rule violations will be administered at the discretion of the Activities Department and/or the school BUILDING ADMINISTRATOR(S)authorities. An appeals committee consisting of school personnel may entertain any appeals of ineligibility. The decision of this committee is final!

4. All students must maintain a 2.0/quarter GPA without any failing grades ("F") and must meet grade level credit requirements in order to participate. If a student does not meet these academic requirements, they will be ineligible for a minimum of two (2) weeks at which time grades will be monitored by the activities director.
A. For programming that is restricted to participating at the middle school level, the Middle School Sports Coordinator will be responsible for determining eligibility of participants and teams.
B. Participants in middle school athletics &/or activities are held to the same expectations and consequences addressed in #3 above. Penalties, and any appeals, will be determined by the Middle School
Sports Coordinator and middle school administrators.
C. A current sports physical needs to be on file for those participating in interscholastic programs (volleyball, soccer, tennis, wrestling, and track & field).
D. A sports physical is desired but not required for those participating in the "IM" intramural programs (IM-volleyball, IM co-ed flag football/soccer, and IM co-ed basketball)

ATTENDANCE

For complete policy, see School Board Policy 1029.

Farmington School District 192 and Boeckman Middle school are obligated to follow the Minnesota Law on School Attendance until age 18. The Farmington Board of Education and administration believe that it is the student's right and responsibility to be present in school.

Boeckman Middle School encourages daily and regular student attendance. The school recognizes that school attendance is a shared responsibility by the student, parent, and school. Students who attend school are best prepared to perform successfully academically and socially. Research shows that academic performance and student engagement in school is directly related to college performance and later success in life.

BMS supports all components within the District Student Attendance Policies and Regulations.

Contacting the School

If a student will be absent, a parent/guardian must call Boeckman Middle School's **attendance line at 651-460-1405** prior to 9:45 AM each day of the absence. We ask that parents/guardians provide the reason for the absence at the time they call.

The school determines if the absence falls within the excused or unexcused parameters. If the school does not receive a call from the parent/guardian the day of the absence, the student's absence is automatically unexcused.

Preplanned Absences

In order to request any of the above stated absences be pre-excused, a parent/guardian must complete the *"Request to Waive Unexcused Status of Absence"* form. This can be obtained by visiting the BMS school website and clicking on "Attendance Information" or a copy can be provided in the school office. Please note that this form must be submitted at least 5 school days in advance of the absence.

Excused Absences

- ✓ Illness – student remains at home or sent home by school nurse (if a pattern of absences result due to an illness, a written medical excuse from the doctor or school nurse can be required by the school)
- ✓ Serious illness or death in student's immediate family
- ✓ Death of student's close friend or relative
- ✓ Medical or dental appointments or treatment
- ✓ Court appearances occasioned by family or personal action
- ✓ Religious instruction not to exceed three hours in any week
- ✓ Physical emergency conditions such as fire, storm, or flood
- ✓ Official school field trip or other school-sponsored outing
- ✓ Observation of religious holiday
- ✓ Removal of student prior to a suspension – suspensions are treated as excused absences and students are permitted to complete makeup work

Unexcused Absences

- ✓ Any absence in which the student failed to comply with any reporting requirements of the school district attendance policies and procedures
- ✓ Work at home
- ✓ Work at a business, except under a school-sponsored work release program
- ✓ Vacations – unless pre-approved form is prepared, signed and submitted to school office ahead of vacation
- ✓ Personal trips to colleges and universities – unless pre-approval form is prepared, signed and submitted to school office ahead of trip
- ✓ Transportation problems (students are expected to use district-wide provided busing), oversleeping, skipping classes, babysitting for siblings, friends or relatives are not excused absences

Excessive Tardiness and Truancy

It cannot be stressed enough the importance of students attending school. Excessive tardiness leads to absenteeism. Absenteeism can lead to excessive absenteeism and this leads to truancy. This is not a preferred position for the school or families. BMS cooperates with the Dakota County Truancy Prevention and Intervention. Upon accumulating seven (7) unexcused absences, the student is referred to the Dakota County Attorney's office, and in turn, the School Success Project. A student may require counseling in areas such as truancy laws, time management, student responsibility, drug and alcohol related issues, and criminal risks.

CELEBRATIONS

We ask that students not receive birthday balloons, flowers, cakes, pizzas, cupcakes, candies or other food items at BMS. These objects of celebration do interfere with bus safety/driver vision and have caused problems in the classroom and the cafeteria over lunch time. Any deliveries or items as previously listed brought to BMS will be kept in the office and given to the student at the end of the school day. Learners, families, and community members are not allowed to hand out food due to food allergies and safety reasons.

CAFETERIA AND LUNCHROOM OPERATIONS

- ✓ Students may have self-assigned seats. These seats may be reassigned based upon the need to maintain a positive atmosphere in the cafeteria.
- ✓ Lunch supervisors may assign students/tables as Table/Lunch Captains for a period of time. These captains will assure the table/lunchroom is cleaned and left in an orderly manner.
- ✓ Students are to use conversational tones in the cafeteria.
- ✓ There is to be no cutting in line.
- ✓ Food throwing, flicking of food or littering may result in an assigned seat, assigned "restitution" cleaning, detention, suspension and/or removal from the lunchroom.
- ✓ Students will bus their trays to the appropriate area and pick up debris on the table or under the table.
- ✓ It is a privilege to eat in the cafeteria. Students may be asked to eat elsewhere if their personal behavior warrants it.

CONFERENCES/Spring Celebration AND REPORT CARDS

Students are encouraged to attend conferences and the spring celebration with their families. On conference nights, parents also have an opportunity to visit with teachers during open times between conferences. Report cards are available through the Parent Portal of Infinite Campus. Families may request a paper copy by calling the main office.

DROP OFF / PICK UP PROCEDURES

Parents/guardians electing to drop their students off in the morning or pick up their students in the afternoon should do so at the doors at the North side of the building. Parents should enter the parking lot via the Northwest entrance by the marquee on Denmark Avenue and exit via the North exit on to Spruce Street. **Students are not to be dropped off or picked up on the South side of the building in the bus loading area**. Students that are dropped off after school begins should be dropped off at the Main Entrance (door #2) on the West side of the building. Students should not be dropped off at school before 8:30am and need to be picked up by 3:45pm. Students need staff permission to be in the school outside of these designated times.

EMERGENCY PROCEDURES

We are required to run a number of emergency exit drills and lockdowns. Directions will be posted in every room. Specific procedures will be applied by staff in each drill situation. Students are expected to follow the staff's lead. The teachers will carefully review these directions with students. Students are expected to participate respectfully and appropriately in these drills. Please see maps posted in the classrooms.

The safety of students and staff are the highest priority in the event of an emergency. The Superintendent's Office will coordinate decisions with the Farmington Police Department, the Dakota County Sheriff's Office, and other state and federal authorities responsible for public safety, transportation, and communications, as needed.

In the event of an emergency occurring during regular school hours, it is understandable that every family will wish to obtain information about the safety of students and staff. In order to provide the maximum possible attention to students and leave phone lines open for public safety personnel, the district requests that parents use the emergency numbers below to be provided with constantly updated messages. It is requested that you not call individual school offices or classrooms in order to allow staff to focus on student needs.

Please keep these numbers on your person for easy reference:

Farmington District Emergency Phone Numbers:

952-985-1100 651-463-9090 ext. 1900

STUDENT & STAFF SAFETY IS OUR #1 CONCERN
All decisions will be coordinated with local, state, and federal public safety authorities.

GUEST TEACHERS

Guest teachers are important to the success at Boeckman Middle School. They provide the school a tremendous service by taking the place of teachers who are absent due to illness and staff development. They deserve the same respect given to the regular classroom teacher. It is everyone's responsibility to welcome them to our school and to help them feel positive and respected while working in our school and district.

Any student misconduct toward guest teachers will result in appropriate consequences.

HOMEWORK

The amount of homework varies with the subject involved. Students may be required to complete some lessons at home. When student absence occurs, students should be sure to check with their teachers regarding work missed. Parents may also access assignments / grade information through Infinite Campus or Schoology.

IN-SCHOOL SUSPENSION AND DETENTION EXPECTATIONS

In-school suspension is a consequence assigned by school administration to students who are truant, tardy, or misbehave in school. Detention may be assigned by administration or teachers.

- ✓ Students must do school work (the monitor may assign work to detained students).
- ✓ No talking or socializing.
- ✓ No eating or drinking
- ✓ Detention times will be determined as the need arises.
- ✓ It is the responsibility of parents to arrange for transportation for students

IMMUNIZATIONS

All required immunizations (or the appropriate exemption form) must be up to date prior to the first day of school annually. Students will be excluded from school if immunizations are incomplete. Families/caregivers should submit immunization records indicating that their child has received a Tetanus Diphtheria Pertussis (Tdap) booster shot given after age 11. **One dose of Meningococcal vaccine is also required beginning at 7th grade**. Please see the Farmington Schools parent portal for the immunization record we have on file for your child. Specific immunization requirements can be found at https://www.farmington.k12.mn.us/departments-services/health-services/immunizations

Minnesota Law 121.5A requires students to be compliant with required immunizations or have a notarized exemption form on file to be enrolled in school. Legally, students can be excluded from school if their immunizations are not complete.

LEAD IN WATER NOTIFICATION

Farmington Area Public Schools is committed to providing a safe working and learning environment for employees and students. We have developed a Lead-in-Water Management Plan to reduce the potential for exposure to lead in drinking water and to comply with Minnesota Statute 121A.335, the Minnesota Department of Health (MDH), and the Minnesota Department of Education (MDE). This plan will also endeavor to comply with the recommendations of the Minnesota Department of Health's "Reducing Lead in Drinking Water: A Technical Guidance for Minnesota's School and Child Care

Facilities" recommendations and be inclusive of the United States Environmental Protection Agency's "Ensuring Drinking Water Quality in Schools During and After Extended Closures" fact sheet and the United States Environmental Protection Agency's "3Ts Toolkit for Reducing Lead in Drinking Water in Schools and Child Care Facilities" manual.

Minnesota Statute 121A.335 requires public school buildings serving pre-kindergarten through grade 12 to test for lead in potable water sources (water for consumption) every 5 years. We test all of our buildings every five years. The previous testing cycle occurred during the 2021-2022 school year. We will test again during the 2026-27 school year.

Anyone interested in discussing the district Lead in Drinking Water program or test results, please contact the Director of Operations, Dan Miller, at 651-463-5058 or dmiller@farmington.k12.mn.us. Information is also available on the district website Environmental Health and Safety - Farmington Area Public Schools

LOCKERS

All students will be assigned an individual locker. Students should only use the locker assigned to them to assure contents remain secured. In order to maintain secure lockers, combinations should never be shared among students. Valuables should never be left in your locker even though you have it locked. If you must bring money or valuables to school, carry them with you or check them in the office. The school is not responsible for personal property losses. Any loss, however, should be reported immediately to building administration.

Law permits the inspection of student lockers since the lockers are school property. Student privacy will be respected in the light of this understanding. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules.

LOST AND FOUND

All articles of value found in the building should be turned in at the office. Each locker room also has a lost and found area. If students' names are placed on sweaters, caps, and jackets, lost items turned into the office can be easily identified and returned. Two weeks following the end of the school year, all lost and found items will be donated to charity.

MEDIA CENTER

The Media Center is an integral part of the educational process for students at Boeckman Middle School. It provides various learning opportunities to students on an individual basis, as well as on a group and classroom basis.

Media resources are available for either research or educational use. These materials are listed in the electronic computer catalog. In addition to the above materials, a video-recording studio is located in the Media Center for student/classroom production.

While students are most times required, and always encouraged, to check out materials, it is the student who is responsible for them. All items are given a due date and are expected to be back on time. Parents, it may be helpful for your son/daughter to have a designated spot in the home where books or materials reside when not in use. Materials need to be returned, not only on time, but also in good condition. Lockers, book bags and desks can sometimes be hazardous to books and magazines.

Posted rules and regulations are expected to be followed. Please feel free to call (651) 460-1409 with any questions or concerns.

MUSIC DEPARTMENT PERFORMANCE REQUIREMENTS

Concerts are the celebration of our ensemble's hard work and the result of months of preparation and practice. It is impossible to replicate the experience of performing for a live audience. As part of the comprehensive course experience, attendance at your ensemble's concerts is an expectation for all members. We recognize conflicts with other student experiences may arise, yet we ask that students be at concert events performing with their fellow musicians. Please communicate with the director regarding concerns. An alternative assignment will be available for excused absences.

PHYSICAL EDUCATION

Students will not need to change for PE but we encourage them to have extra clothing in their PE locker for days they wear jeans, crocs and other non-athletic clothing. We are also encouraging having deodorant in their PE locker to help with personal hygiene. If there is a student that needs to change we will give them extra time to do so, but they will need to connect with the PE teacher. Learners should always have athletic shoes for any PE class. If illness or injury prevents a student from participating for a day, a note from a physician is required and must be given to the nurse.

All learners will be assigned a locker space for physical education purposes. It is imperative that all physical education clothing be marked or initialed for safekeeping. It is the responsibility of the learner to care for their personal belongings. Any losses should be reported to the physical education teacher.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

Positive Behavioral Interventions and Supports (PBIS) is a framework or approach for helping schools select and organize evidence-based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students.

At Boeckman our PBIS Framework can be found here. BMS learners are responsible, while demonstrating integrity and compassion. Our learners are intentionally taught these core values and expectations throughout the school year. Staff reward our expected behavior with Tiger Stripes to acknowledge and reinforce building expectations.

Additionally, behaviors are broken into major and minor categories. Minor behaviors are typically addressed by teaching staff through a Pause and Think ticket and parent/guardian communication. Major behaviors are investigated and resolved by administration. Please see the student management section for more information on major behaviors.

PROTECTION AND PRIVACY OF STUDENT RECORDS

For complete Policy see School Board Policy 515

The Farmington School District Student Record Data Privacy Policy, Policy 515, which incorporates state and federal requirements, requires annual notification to parents and students that certain information from student records will be released and made public without the written consent of the parents (or students 18 or older). In accordance with this policy, District 192 officials may release the following directory information without permission, unless the district has been notified that it should not be released:

- ✓ Student's name
- ✓ Student's parent address
- ✓ Student's parent telephone number
- ✓ Electronic mail address
- ✓ Date and place of birth
- ✓ Names of the student's parents
- ✓ Participation in officially recognized activities
- ✓ Grade levels complete
- ✓ Weight and height of members of athletic teams
- ✓ Dates of attendance

Parents or students who do not wish directory information to be released must notify the Superintendent's office in writing within two weeks of this notice.

PUBLISHING STUDENT WORK AND MEDIA RELEASE

For complete Policy see School Board Policy 1004

Farmington Area Public Schools value the use of technology tools in the classroom. Utilization of technology may increase student engagement, encourage student participation, boost creativity, facilitate communication with other learners and educators in other parts of the nation and world, and expand the classroom experience beyond physical barriers.

The use of technology tools may include, but is not limited to, blogs, videos, wikis, electronic pen pals, and others that make it possible to share content with classmates, students across the globe, and, where appropriate, the general public. Through the use of these educational tools, the school district may cause student work or video/audio images to be published by including materials in instructional materials, booklets, blogs, emails, websites, closed circuit television, messaging, video/audio connections on the Internet or intranet, brochures or flyers used in award ceremonies, sports, or fine arts presentations, and any other form that may be used to distribute or communicate the work.

Parents/guardians may deny consent for any or all publication of student work or video/audio recordings.

SCHOLASTIC DISHONESTY

First and foremost students must demonstrate the values of honesty. When faced with an opportunity to cheat or plagiarize, we want students to have the capacity to make the right choice. Scholastic dishonesty includes, but is not limited to, cheating on a school assignment, test, plagiarism or providing work or answers to others. Students are subject to disciplinary measures by the school district for any of these actions. Disciplinary actions are listed below:

✓ Redoing the assignment or exam with direct supervision
✓ Additional or alternative assignment
✓ MSHSL Code of Conduct Violation
✓ In School Suspension
✓ Detention
✓ Suspension

SCHOOL BUS BEHAVIOR AND SAFETY RULES

*****Bus Transportation is a Privilege, Not a Right!*****

In order to assure order and safety on the school buses, students are expected to follow specific rules. Violations of these rules will result in warnings, bus violation slips, or possible suspension of bus privileges. Written warnings will be issued at the time of a safety bus violation infraction. A "bus violation slip" will be issued when a suspension from riding privileges is issued:

✓ Follow directions of the bus driver at all times.
✓ Stay seated while bus is moving.

In case of an emergency and no contacts could be made from the emergency card, a call to a doctor and/or social service may be made as a last resort.

Requests to stay indoors following an accident or illness must be written by a parent/guardian.

✓ **Emergency School Closings** - Notices of school closing because of weather or other emergencies will be broadcast over WCCO (dial 830 AM).
