OMAHA PUBLIC SCHOOLS

**Boyd
Elementary**

Multi-Tiered Systems of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, Omaha Public Schools continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

General Information

Nebraska statutes require each school district to keep a continuous census of pupils. Each parent or guardian is asked to complete and/or update the Student Information Packet which includes: (1) a family census section naming all children in the family, (2) Demographics and instruction page (3) Data Sharing and Media Release form (4) Health information forms (5) Parent contact information and sign and return the card stating you have received the most current Student Handbook.

Parents of new students are asked to provide (1) the child’s original birth certificate with a raised seal - a copy will be made by the school, (2) Proof of address, and (3) immunization records. They will also be asked to fill out a Release of Records form, so the records from the previous school may be obtained.

Attendance Information

When a student is going to be absent:

1. Telephone the school office as soon as possible – 531-299-1140

When a student is tardy:

1. The student is to report to the office before going to the classroom.

Students who report to class after class has started or leave school before the end of the school day will have the total time missed calculated by minutes. When the minutes compute to the length of the school day (405 minutes equates to a full day of school), it will be counted as a day’s absence.

A call home from school is made to students’ parent/guardian when an absence is unverified.

Student Dress

Students are to dress in a reasonable manner that does not distract others from learning. Basically, student apparel is the responsibility of the parent. However, parent cooperation is appreciated to ensure that student dress is safe, appropriate, and suitable for all school activities. Examples include: Shorts should be no shorter than the wrist length when arms are extended down the side of the body. “T” shirts with inappropriate wording, “net” shirts, sagging pants that expose under garments, excessively short skirts (higher than the finger tips when arms are extended down the side of the body), low rider waist pants coupled with excessive frontal exposure of the upper body area are inappropriate dress for school. Flip flop sandals are highly discouraged as they are unsafe during play on the playground. Students, both boys and girls, are not to wear hats or hoods during the school day unless the hat or hood is a school spirit hat or hood is worn on school spirit day.

To prevent loss, it is wise to mark tennis shoes, boots, hats, coats, and like articles of clothing with the child’s name. Unattended articles of clothing will be placed in the Boyd “Lost and Found”. Unclaimed articles will be donated. Furthermore, students should not bring unnecessary items to school.

The following clothing is not appropriate for school and will not be allowed

- Hat
- Hoods up inside
- Bandanas
- Bonnets
- Coats
- Jackets
- Durags

Once at school these items are to be left in lockers. You are encouraged to keep a light button up sweater or zip up sweatshirt in your locker.

Bicycles

Permission to ride a bicycle to school is dependent on the following conditions:

1. The student must have permission from the school prior to riding their bike to school.
2. The student wears a helmet. No student will be allowed to ride their bike home without a helmet.
3. The parent/guardian has requested permission in writing, addressed to the principal, for bicycle usage.
4. The principal has issued a bicycle permit to any student who rides a bicycle to school.
5. The bicycle is kept locked, and is in the assigned place when parked at school. It is used by the owner in the prescribed manner.
6. The school is not responsible in any way for theft or loss of a bicycle.
7. Double riding on bicycles is prohibited.
8. Bicycles must be walked on and off school grounds.
9. There will be NO motorized vehicles on school property.

Early Dismissal

Whenever possible, doctor, dentist and other appointments should be made outside of school hours. The parent or guardian must come to the office and sign out the student(s) for all early dismissals requested by parent/guardian. Students are not allowed to be signed out by siblings under the age of 18. It is the policy of Boyd School that **NO student will be dismissed as the result of a phone call**. Students will not be called down or sent to the office prior to the parent arriving to check the student out. A note in advance is very helpful. This is for the protection of your child and their learning time. We recommend requesting a note of excusal from your physician for the school.

Early Dismissal for School Closing or Remote Learning Day

If the weather is questionable the Omaha Public Schools will utilize the media to announce school closing. Announcements are made as early as the evening prior to a school cancellation or begin at 6:00 a.m. the same day. If school closes **during** the day, we will follow the instructions you gave on your child’s emergency card. It is very important to let us know if you need to change that information during the year.

Change of Plans at Dismissal for Students

If dismissal plans for a student are different than usual, these plans must be communicated via written note, Class Dojo, email, or phone call to the classroom teacher or office staff. We realize that sudden changes occasionally come up, and in that case, the parent/guardian **must** contact the office prior to 3:00 p.m. This ensures the message can be shared with staff in a timely manner. No student's after school dismissal plans will be altered based on student report alone. This helps our Boyd Beavers get home safely.

Special Events

Boyd hosts many all-school special events each year. These special events include, but are not limited to, music programs, field day, friendship day, and class picnics. Special events are planned by the Boyd Staff and aim to build fellowship and a sense of community.

Fire and Tornado Drills

The school has clear signals for both fire and severe weather drills. Students have regular drills to be certain that they recognize those signals and know how to react and where to seek safe shelter. Students will not be dismissed during a Tornado Warning or Lock Down. Due to staff safety, Boyd staff may not be able to answer the phone. Students will be dismissed when the Principal gives the All Clear signal.

Lockdown and Reverse Evacuation Drills

For student safety Boyd students practice Lockdown Drills, Evacuation Drills and Reverse Evacuation Drills. The school has clear signals for Lockdown, Evacuation and Reverse Evacuation Drills. The students have regular drills to be certain they recognize those signals and know how to react.

Evacuation Site

The Boyd Evacuation Site is 4530 North 85th Street, Omaha, NE 68134. Reunification will occur at the Teacher Administrative Center, 3215 Cuming Street.

Health Services

A Health Record Card is on file for each student. Please help to keep this card up to date by reporting to the nurse any booster shots, new glasses or any other pertinent health information.

Medication Policy

The policy of the Omaha Public Schools is not to administer any medication without a written order from a doctor or dentist. No unauthorized medication will be given by school personnel (this includes cough drops, and aspirin) without written orders from your doctor. We will be happy to cooperate with you when your child must take medication at school, but you must follow Omaha Public Schools guidelines as follows:

- a. The Health Office shall have, in writing, the permission of the parents or legal guardian and a written statement from the physician. The physician's statement must tell when the medication is to be taken and the amount. Again, this includes over-the-counter medication, as well.
- b. The medication must be brought to school by the parent or legal guardian or an adult authorized in writing by the parent or legal guardian.
- c. Only one weeks supply shall be brought at a time, unless otherwise indicated by the parent and attending physician.
- d. Pharmacies will provide a prescription medication bottle dedicated to school with each refill. The label on the medication shall include the student's name, physician's name, date and directions to be followed.
- e. The medication shall be stored in a locked container in the Health Office.

THIS POLICY IS FOR THE PROTECTION OF ALL STUDENTS.

Homework

Teachers may assign special projects or individual activities to engage the interest of a student or to supplement assigned classwork. Parents are encouraged to work with their children whenever needed and on any topic that interests them. There may be times when a student has work to do at home because an assignment has not been completed in school. Also, additional practice in reading and math will improve students' comprehension of the curriculum and is highly encouraged.

Library/Media Center

Students participate in weekly library sessions with the media specialist to cultivate an interest in reading and to learn how to utilize library resources and technology to enhance their learning. During these sessions, students may check out books, which are loaned for a one-week period. It is important to return books on time to ensure availability for all students. In cases where a book is lost or returned in a damaged condition, the student's parent or guardian will be responsible for the replacement cost.

Lost and Found

To maintain a focused learning environment, students should refrain from bringing unnecessary personal items to school. **The school is not responsible for lost or damaged personal belongings.** If an item is lost, students are encouraged to check the school's Lost & Found area or inquire at the main office. Found items are periodically displayed for identification and retrieval. At the end of the school year, unclaimed items will be donated to the school's clothing pantry for the next year.

Parent Visitations

Parents are encouraged to visit children's classrooms at any time. Visitors who wish to confer with a teacher are to arrange for an appointment at a time outside of regular class hours. Parents may email or Dojo their student's teacher. All visitors are required to report to the front office to sign in, receive a visitor's pass and wait to be escorted by the Principal or designated staff member to and from the classroom. This includes during arrival. This is also the process during morning arrival. Visits cannot interfere with classroom procedures, instruction or learning. A classroom visit of longer than 10 minutes must be scheduled with the classroom teacher prior to your arrival.

Parent Participation

Active parent participation is vital to the success of the Boyd School community. Parents are encouraged to engage in school and district-level committees and initiatives. This involvement not only keeps families informed about school programs but also fosters connections among parents and educators. We deeply value your contributions—your time and engagement are vital to our students' success.

Report Cards

Report cards are distributed four times annually, at the end of each quarter. Parents are encouraged to review these reports thoroughly and reach out to the school with any questions regarding the grading system or the report card's format. Parent-Teacher Conferences are scheduled in the fall and spring, offering valuable opportunities to discuss student's academic progress. Active participation in these conferences help families stay informed and engaged in their student's learning journey.

School Breakfast and Lunch

Grab and Go breakfast is available to all students at no charge. A variety of healthful choices are available, of which, each student must choose a minimum of three items. One of the three items must be fruit. Breakfast begins at 8:30 a.m. and runs through 9:00 a.m. If the student is not eating, he/she can proceed to class.

Students may bring their lunch to school or they may purchase a lunch in the school cafeteria. Information regarding the school lunch prices is sent home on the first day of school. If your child is eligible for a free or reduced-price lunch, you may complete the application at any time during the school year. We are a satellite school, which means that our lunch is prepared at Morton Middle School and delivered by truck to our

school. All lunches served by the cafeteria are served hot and are very nutritious. Milk is available for students bringing lunch to purchase.

There is a table in the cafeteria reserved for students with food allergies. In order to keep students with allergies safe and still have company, the student with the allergy may invite a friend with safe foods to join them.

In accordance with Federal law & U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Ave, S.W., Washington, DC. 20250-9410 or call toll free (866) 632-9992 (voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (Spanish). USDA is an equal opportunity provider & employer.

Supplies, Books and School Property

Students are expected to pay for lost or damaged books, supplies and equipment. Students will be held responsible to pay for damage to any school property which may include broken windows, defaced building or school furnishings, and destruction of school equipment as a result of willful or reckless behavior. This does include iPads as the insurance only covers them when lost or stolen. In addition, iPad usage is a privilege. If students are not using them appropriately, the iPad will be taken for a length of time determined by the school principal.

Cell Phone/Portable Device Guidelines for Students

The use of cell phones and PEDs should not interfere with teaching and learning during the school day or disrupt the daily procedures and routines of the school. **Cell phones must be given to the classroom teacher at the beginning of the day to be locked up and returned during dismissal.** Students do not have access to a locked storage place during the school day as the school lockers do not have a lock. Cell phones must be given to the classroom teacher at the beginning of the day and retrieved during classroom dismissal. The school assumes no liability for theft, loss or damage of cell phones and/or other PEDs during the confiscation period. See CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS in the Omaha Public Schools Code of Conduct which is included in this booklet. **Parents must communicate through the office secretary, not through calls made directly to their student.**

Boyd Elementary Colors and Mascot

At Boyd we say, "Go, Beavers!"

At Boyd Elementary, we take immense pride in our school community and the activities that foster a strong sense of belonging. School spirit is integral to our identity, promoting unity and a positive, productive learning environment.

Our school colors, blue and white, symbolize our collective commitment to excellence. The beaver, our school mascot, embodies perseverance and teamwork—qualities that reflect the dedication of our students, parents, and staff. Together, we strive to create the best educational opportunities, nurturing a community where every member is valued and inspired to succeed.

General School Expectations

Action by the state legislature requires that rules or standards which form the basis of discipline be distributed to all students and their parents. The information outlined below and throughout this handbook provides notification of policies and procedures in carrying out this state law.

Arrival and Dismissal Procedures

To align with district protocols and ensure a safe, secure, and efficient school environment. Boyd Elementary has established specific arrival and dismissal procedures. These guidelines are designed to protect instructional time, minimize disruptions, and foster student independence.

Arrival

At Boyd Elementary, staff members actively supervise and guide students throughout the school day, including during breakfast selection and the morning walk to classrooms. This routine, combined with staff oversight, fosters student independence, minimizes instructional delays, and upholds essential safety protocols.

Should a parent or guardian wish to accompany their student to the classroom or visit during the day, **they are required to sign in at the office's computer system, obtain a yellow visitor's sticker, and wait for a staff member to escort them.** To ensure availability and minimize disruptions, scheduling an appointment in advance is recommended.

Dismissal

To maintain a safe and efficient dismissal process, please make arrangements to check your student out before 3:30 p.m. If they need to leave early for an appointment. After 3:30 p.m., parents picking up students should wait outside the building.

For safety reasons, do not block sidewalks or pathways used by staff and students exiting the building. All parents must remain in their vehicles during pickup. A staff member will escort your child to your car. Please do not call your child to walk through the parking area to meet you, as this can create unsafe situations. **Please, under no circumstance, ask a child to walk through cars to meet you.**

For the protection of all students, staff must verify each student's dismissal plan. Therefore, parents are not permitted to wait in the office area or hallways during dismissal, nor to remove their children from lines as they proceed to buses. If a parent needs to pick up a student before dismissal, they must check in at the office and follow the established procedures.

Boyd Drop-Off & Pick-Up Traffic Guidelines

As we strive to ensure the safety of all students during drop-off and pick-up times, we want to remind everyone of the procedures and expectations at Boyd Elementary. These guidelines are essential for maintaining a safe and efficient flow of traffic while prioritizing the well-being of our students.

1. **No parking in Designated Drop-Off lane:**
The designated drop-off lane is strictly for quick drop-offs only. Please do not park or leave your vehicle unattended in this area as it disrupts the flow of traffic and poses a safety hazard. Have your student exit the vehicle on the passenger side, to the sidewalk, from the drop-off lane.
2. **Stay Alert and Mindful of Pedestrians and Bike Riders:** Pedestrian Safety is paramount. Please be vigilant of students and staff walking or riding bikes in the vicinity of the school driveway and parking lots. Reduce your speed and be prepared to stop if necessary.

3. **Follow Staff Directions:** Out staff members are stationed to assist with traffic flow and ensure safety. Please follow their directions promptly and courteously.
4. **Use Designated Crosswalks:** Encourage your children to use designed crosswalks when crossing the school driveway. This ensures visibility to drivers and reduces the risk of accidents.
5. **Be Patient and Courteous:** Drop-off and pick-up times can be busy, but patience and courtesy go a long way in ensuring everyone's safety. Please remain patient and considerate of others at all times.
6. **Model Safe and Respectful Behavior for Students:** Children learn by example. Please set a positive example for your children by following all safety rules and expectations in the school driveway.
7. **Be Safe on Boyd Street:** Crossing the double yellow line, driving in the wrong direction in opposite lane, and then entering the parking lot is not safe. Waiting in line helps maintain safety and order on the road, reducing the risk of accidents.
8. **Reserved Handicapped Spots:** Handicapped parking spaces are designated specifically for drivers with handicapped permits. It's important to respect these spaces to ensure that those who truly need them have access to them when necessary.
9. **Parking:** Wait in line when there are cars in front of you, even if you plan to park.
10. **One Way:** The Boyd Parking Lot traffic must follow the established traffic pattern. Traffic flows counterclockwise.

Guidelines for Success

Be Safe • Be Respectful • Be Responsible

At Boyd Elementary, we emphasize the “Three B’s” **Be Safe, Be Respectful, Be Responsible**. These core expectations guide student behavior across all school settings, including classrooms, hallways, assemblies, restrooms, the bus stop, and during recess.

By consistently practicing these principles, students contribute to a positive and supportive learning environment where everyone can thrive. This approach aligns with the Multi-Tiered System of Supports for Behavior (MTSS-B) framework, which promotes proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school climates.

By embracing the “Three B’s,” Boyd students play an active role in fostering a calm, caring, and conducive learning atmosphere for all.

Omaha Public Elementary Student School Expectations

Rules and Regulations Expectations

1. At Boyd Elementary, we are committed to fostering a positive and inclusive learning environment through clear behavioral expectations. Our “Three B’s”—**Be Safe, Be Respectful, Be Responsible**—serve as the foundation for guiding student behavior across all school setting, including classrooms, hallways, restrooms, buses, and playgrounds.

By teaching and reinforcing the three B’s, we aim to cultivate self-discipline, encourage positive decision-making, and ensure a safe and supportive atmosphere for all students. We believe that every student has the capacity to learn and grow. By adhering to these guidelines, students take pride in their actions and contribute to a school culture where everyone can thrive.

2. General guidelines are as follows:

Students are to behave in a safe, respectful, responsible manner that enhances their and others opportunity to learn. This includes, but is not limited to, the following:

- a. Students are to avoid using profanity or other inappropriate language.
- b. Students are to listen and follow the directions of all staff members.
- c. Students are to behave in the classroom, hallway, playground, restroom, and cafeteria in a manner

that allows a pleasant atmosphere for everyone.

- d. Students are not to throw objects at other students, hit other students, push other students, or act in any other manner that may cause harm to another individual intentionally or by accident.
- e. Students are to dress in a reasonable and appropriate manner that does not distract others from learning.
- f. Students are to keep all dangerous and illegal items and materials off school grounds. Students are to report knowledge of dangerous items and/or substances on the school bus, bus stop or campus to the first staff member they see immediately.
- g. Students are to attend school daily and on time. Students only learn when they are present.
- h. Students are to actively engage in their learning, which includes completing assignments on time and work to their full potential.
- i. Students are to read, understand and follow the Boyd Student Handbook.
- j. Students are to remain in their assigned area at all times. Excessive movement creates a substantial disruption to the learning environment and creates additional challenges for the staff member responsible for supervising students. This expectation includes, but is not limited to the following:
 - Designated area at recess
 - Line order while traveling with the class or checking in at lunch or arrival
 - Desk, seat or spot in the classroom or specials during whole group, small group and transitions
 - Seating chart at the lunch table
 - Walking independently to another location within the school

When students move from their assigned area without permission it negatively impacts the learning environment and disrupts the flow for the entire class and the teacher. When a student frequently leaves their assigned area without permission it becomes a major disruption that requires an intervention. When students leave their assigned areas without permission, it disrupts the learning environment and can hinder the educational experience for both the individual and their peers. Such behavior not only interrupts instructional time but also poses safety concerns and may indicate underlying issues that require attention.

- k. At Boyd Elementary, students are expected to participate in lessons as directed by their teachers. This includes responding at appropriate times and in specified ways, such as raising a hand, using response cards, or engaging in think-pair share activities. Following these guidelines ensures a respectful and productive learning environment for all.

When students call out answers without permission, it disrupts the classroom environment hindering the learning process for everyone involved. This behavior can interrupt the teacher's instruction and distract fellow students, making it challenging to maintain a focused and respectful atmosphere.

Philosophy Statements

The Discipline Philosophy of the Omaha Public Schools is:

Discipline is an ongoing, teaching process that fosters respect and dignity for all individuals. It is proactive, developmentally appropriate, and culturally and gender sensitive. It stresses growth, individual responsibility, and problem solving in a collaborative effort among students, parents, educators, and the community.

Roles and Responsibilities

Students

At Boyd Elementary, we recognize that students are the heart of our educational community. We know they want to learn, and we expect them to take pride in their efforts, respect others, and always do their best.

Bus/Van Safety and Behavior Expectations

Parent/Guardian support and cooperation are asked regarding bus/van rules and guidelines. The safety of all children is our primary concern. The bus/van ride is an extension of the classroom and thereby requires the same acceptable behavior as is required in the school and classroom. The provision for transportation is a privilege offered and may be withdrawn if a student's misconduct warrants such action. Every student on the bus must contribute to a safe and peaceful ride to and from school and follow the Three Be's (Be Safe, Be Respectful, Be Responsible) while riding a bus and while at their designated stop. The school Principal may withdraw student transportation as a result of **one** infraction if the Principal deems the behavior severe and when applicable, i.e. fighting, the Student Code of Conduct consequences may be applied in addition to the consequences listed below.

Students that ride the bus/van are proactively taught and retaught the expectations for their behavior and informed that their bus/van ride is a privilege.

If a student fails to follow the bus expectations a Bus Referral will be completed by the bus driver and submitted to the school. A Bus Referral will be written when behavior does not meet the school expectations while waiting for a school bus in the morning and after school. Please refer to information shared as part of the route information letter.

You have the privilege of riding the school bus.

At Boyd Elementary, safety is our top priority. To ensure all bus riders arrive to and from school safely, we have established the following bus and bus stop expectations. Students learned the expectations in an assembly, prior to signing this contract.

We know that families rely on bus transportation each day. Please be aware that if a student acquires a bus referral, the bus may no longer be available.

Thank you for partnering with us by reminding your child that you hold the same expectations. When the expectations are met all children have a safe and peaceful ride to and from school on the school bus

Boyd Bus Contract

- ☐ I will sit facing forward at all times.
- ☐ I will speak quietly.
- ☐ I will keep aisles clear.
- ☐ I will keep my hands and feet to myself.
- ☐ I will my hands, head and feet in the bus.
- ☐ I will wait until the bus comes to a complete stop before getting up.
- ☐ I will follow all directions of the bus supervisor at school
- ☐ I will not use my cell phone on the school bus.
- ☐ I will be safe, respectful, and responsible at all times

By signing this form, I agree to, and understand, the bus expectations, and the consequences for not meeting these expectations.

It becomes the responsibility of the parent/guardian to get the student to and from school if the student has been advised he/she is "off the bus." "Off the bus" does not mean the student is suspended from school unless otherwise notified. Students who miss class because they are off the bus are required to make up all class work.

Bus rules apply for all field trips and like experiences. Permission and Release of Liability Forms are sent home whenever students will go on a field trip. These must be signed and returned to school before the student may participate in a field trip experience. Permission Slips should be returned at least 24 hours prior to the field trip.

Before School Procedures

1. Except for Safety Patrol, students should not be on school grounds before 8:30 a.m.
2. Bus students should depart the bus in an orderly manner, walk on the sidewalk in a single file line and enter school through the West door for Grab and Go Breakfast or South main door and proceed to class.
3. **Students shall give cell phones to the teacher at the start of each school day.** The school assumes no liability for theft, loss or damage of cell phones and/or other PEDs. *See Cell Phones and Portable Device Guidelines for Students in the Omaha Public Schools Code of Conduct pages at the end of this booklet*

School Dismissal

1. Students are not to leave with any adult during school hours until that person checks them out at the office unless permission has been given to sign out in the classroom.
2. All students should leave with their classrooms upon dismissal.
3. Students are not allowed back in the building except for the Safety Patrol students and students waiting for Safety Patrol siblings.
4. Upon dismissal, walkers are to follow a teacher out of the building by walking in an orderly manner, and then leave the school grounds.
5. If a student has a bicycle pass, they will walk the bike off the school grounds. Bikes are stored in the office. Bike riders must wear a helmet.
6. Upon dismissal, bus students will follow a teacher by walking in an orderly manner and begin to follow the bus procedures already in place.
7. Students picked up during the school day will be called down from their classroom at the time their ride arrives at school.

Behavior Intervention and Referral Procedures

Boyd Elementary School works proactively with students to encourage positive behavior choices. Students are taught the school and classroom procedures and routines. Guidelines for Success have been established. The Guidelines for Success at Boyd are the Three Bes: Be safe, Be respectful, Be responsible. Students are taught how to Be safe, Be respectful, Be responsible throughout their educational experience. Students are rewarded and recognized building wide for making choices that are safe, respectful, responsible in the following ways:

Beaver Best slips and Beaver Best Points on Class Dojo

Students at Boyd pride themselves in doing their Beaver Best. At any time during the school day when a staff member observes a student making a choice that is safe, respectful, responsible, they can recognize the choice by writing a Beaver Best slip. The staff member will specifically state the reason for the Beaver Best slip. For example, if a staff member observes a student using their manners or offering to pick up paper towels from the floor that were not theirs, the staff member would tell the student, "I noticed you picked up paper towels that were not yours. That makes our school a better place. Taking care of your school is responsible and respectful. Way to go!" and write a Beaver Best slip for the student. Students earn school wide recognition and rewards for earning Beaver Best slips. We celebrate Beaver Best slips as a school on a daily basis.

All Class slips

All Class slips work much like the Beaver Best slips, but the class earns them together as a team. A class may earn an All Class by being safe, respectful, responsible, during their daily special, by walking quietly in their line or by being 100% engaged when a staff member glances in their classroom. When an All Class is written the students are provided feedback so that they understand the reason for the recognition. When a class accumulate 10 all class slips they earn an all class reward i.e. PJ day.

Positive Action Center

At Boyd Elementary, we have a Positive Action Center (PAC). The PAC room is designed to give students the opportunity to visit with the PAC facilitator to discuss what may be occurring in the classroom that is inhibiting their education or the education of others. It is an opportunity to discuss a particular social skill, practice the social skill, and then have a plan of action to maintain that skill when the student returns to the classroom.

We emphasize that the **P in PAC** stands for **Positive**. Students are encouraged to think of the Positive Action Center as an opportunity to problem solve, so they can get back to class and be successful. Severe, dangerous or illegal behaviors by any student in the building would result in an automatic referral to the principal.

Thank you for investing the time to become familiar with the Boyd Student Handbook!

Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the Omaha Public Schools educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

- | | |
|--------------|--------------------|
| 1 - Honesty | 4 - Respect |
| 2 - Trust | 5 - Responsibility |
| 3 - Fairness | |

The following activities show a lack of academic Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. These common grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same

courses in the Omaha Public Schools. These common grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best practices from grading based on

educational research. Most importantly, common grading practices provide clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in Omaha Public Schools.

Grading Scale

Omaha Public Schools Grading Scale – Elementary

Grades K-2	Grades 3-6	Grade Points
Advanced	A	4.0
Proficient	B	3.0
Basic	C	2.0
Below Basic	D	1.0
Failing	F	0

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student's instructional level.
- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive

feedback provides the student with the necessary information to improve their learning. Formative work is at the student's instructional level and/or grade level standards. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school. Formative assessments may be assigned to be completed at home or at school.

- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are graded for accuracy. Summative assignments assess the student's progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Report Cards

Student report cards are designed to inform parent(s)/guardian(s) of the student's level of proficiency in each

course at the end of each quarter. Grades at the end of the semester will appear on the student's transcript.

Guardian shall mean a legal Guardian who has been appointed by a court or who has accepted a testamentary appointment, as provided in Nebraska Revised Statute Section 30-2605.

Communication is also shared with Parents, Guardians and/or Educational Decisionmaker regarding open house, parent-teacher conferences, award and recognition ceremonies, assemblies and other special events.

Parents, Guardians and/or Educational Decisionmaker are also encouraged to visit or monitor their children's classrooms and daily learning environments. Parent, Guardian and/or Educational Decisionmaker visits to the school and/or classroom during instruction must be arranged in advance with the building administration and coordinated with the classroom teacher. Coordinated classroom visits will be limited to thirty minutes. Under ordinary circumstances, the teacher being visited by a Parent, Guardian and/or Educational Decisionmaker should continue with the regular classroom work. Any

individual conference with a teacher should be held before or after school in order that the normal instructional activities not be disrupted. Parents, Guardians, and/or Educational Decisionmakers are not permitted to take photographs, video and/or audio recording of students and teachers. Visits during District and state testing are prohibited.

During the school day, all visitors are expected to report to the school's main entrance to notify staff they are in the building or on school grounds and must provide identification. Contacts with school personnel during school hours with non-school individuals and agencies for materials, service, or programs may be made only with the approval of the principal. At all times, visitors to the school buildings and on school grounds must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. Visitors are not permitted to take photographs, video and/or audio recording of students and teachers during visits. The principal or the principal's designee is authorized to deny entry, ban or bar future access, remove or request the removal of any visitor in the building or on school grounds whose behavior is disruptive to the educational/working environment of the school.

Employees in school buildings shall report to the principal immediately any person loitering on or near the school grounds. If necessary, the principal will notify the appropriate law enforcement agency to investigate the situation.

Any visitor to the school buildings and grounds who has been denied access or who has been asked to leave, may contact the Office of Family and Community Relations in Student and Community Services to report concerns.

Campus Parent Portal

The District offers parent(s)/guardian(s) the opportunity to complete the Annual Update, view their student's grades, coursework, and attendance via Campus Parent.

The Campus Parent app and the website (**campus.ops.org**) provide anytime access. Contact the school's main office to gain an activation key.

Accident Insurance

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parents or guardians may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic participation except football. Football insurance

coverage will need to be purchased in addition to the above coverage if the student needs insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information, please contact Workers' Compensation and Insurance Management at (531) 299-0308.

Accreditation

Accreditation reflects Omaha Public Schools' enduring commitment to excellence, disciplined reflection, and continuous improvement. Omaha Public Schools is system accredited through

Cognia, in partnership with the Nebraska Department of Education, for the current five-year accreditation term. Appeals and Concerns

The Omaha Public School District has a variety of procedures and policies that ensure that students and other stakeholders may request a review, file a formal complaint, and/or appeal decisions made by school administration. Stakeholders are encouraged to initially

contact the School Principal or Program Director with concerns. In situations where there has not been resolution, or the stakeholder would like additional advocacy, they may contact the Office of Family and Community Relations for additional support.

Access to Student Records

A student or the student's parent/guardian may review the educational records of the student. Any request to review student records must be honored as soon as possible but at least within ten days of receipt of the request.

The District will not provide full access to or disclosure

of educational records to the student or the student's parent(s) or guardian(s) if educational records contain information regarding more than one student. In such cases, access will be provided only to information regarding the student who is or whose parent(s) or guardian(s) is requesting such access or disclosure.

Academic Appeals

Students and parent(s) or guardian(s) have the right to appeal academic and grading decisions. Students, parent(s) or guardian(s) should begin the appeal with the classroom teacher. If further discussion is necessary, the

Instructional Facilitator or Curriculum Specialist at the school should be included in the process. If the concern continues, the Assistant Principal or Principal should be contacted.

Athletic Appeals

Students and parent(s) or guardian(s) have the right to appeal athletic and extracurricular decisions. Students, parent(s) or guardian(s) should begin the appeal with the teacher, coach or activity supervisor. If further discussion

is necessary, the Assistant Principal or Athletic Director at the school should be included in the process. If the concern continues, the Principal should be contacted.

Behavior/Discipline Appeals

Any discipline intervention that removes a student from the learning environment is subject to an appeal at the request of the student or the student's parent(s) or guardian(s). It is recommended that a family begin the appeal process for all behavior resolutions with the school administration.

Discipline Appeals to the School Principal or Program Director:

The School Principal or Program Director has the decision-making authority for both in-school and short-term (up to 5 school days) out-of-school suspension resolutions. Questions about these resolutions should be discussed with the school administrator or program director.

Student Success Center (SSC) is an in-school suspension option, provided to students as an effort to keep students in school and to minimize absences. In

the SSC, the students work in a supervised classroom environment which minimizes distractions while allowing them to focus on their needs both academically and socially. The SSC resolution encourages students to accept responsibility for their actions. SSC may also be used as a preventative measure to help students make positive choices related to behaviors.

Discipline Appeals to the District Student Hearing Office:

A student discipline hearing may only be requested when the discipline recommendation is for a long-term suspension (lasting more than 5 school days), mandatory reassignment, emergency exclusion (lasting more than 5 school days), or expulsion.

For additional questions, contact the Omaha Public Schools Student Hearing Office (531) 299-0466.

A formal complaint may

be in addition to or in lieu of any other report(s) of the same alleged conduct. For more information regarding Title IX Complaint procedures, please see Board of Education Policy No. 1210, on the OPS website in the “Board Policies” section or contact the District’s Title IX Coordinator at (531) 299-0307.

Attendance Best Practices

Attendance is a priority in the Omaha Public Schools. Daily attendance is critical to academic success as well as social and emotional well-being. Students are expected to attend regularly, arrive on time, remain in

attendance for the entire day and miss less than 9 days throughout the school year. Every minute counts. All Omaha Public Schools will follow the Attendance Policy found in the **Student Code of Conduct**.

Student Absence

Communicate with school including the reason for student’s absence:

- Call Attendance Office
- Leave voice message
- Respond to Attendance Calls
- Respond to Text Messages

Please contact school in advance or prior to start time:

- Secondary before 7:40 a.m.

Arriving Late

Communicate with school:

- Call Attendance Office
- Provide a reason upon arrival

Students not present at the start of the school day are recorded as absent. Students must check in with

the attendance office before reporting to class. Minutes late to school will accumulate and will be added to the total number of days missed. District procedures will be followed regarding late arrivals to school.

Leaving Early

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to leave during the school day, parent(s)/guardian(s) are asked to communicate with the office.

- Provide a medical note to include date(s) and reason

This is for the safety of all students. If you plan to remove your child from school during the day, we ask that you pick your child up in the office. No student will be dismissed as a result of a phone call. All students must be checked out at the office by a parent/guardian/emergency contact, and identification must be verified.

School Closing and Early Dismissal

The Omaha Public Schools recognizes the right and responsibility of parents/guardians to make a choice in the matter of school attendance in bad weather. If the weather is questionable, please listen to the radio, watch your local weather channel, or check Omaha Public Schools social media for communication of school

closing. The district will also communicate with families via voice and text messages and information will be posted on the district website and social media sites. If school closes during the day, the school will follow the instructions on your student’s emergency card. If this information changes, please notify the office immediately.

Child Abuse and Neglect

Omaha Public Schools Child Abuse Reporting Policy (OPS Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter.

Any employee who has reasonable cause to believe that a child has been subjected to child abuse or neglect, or observes such child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect, shall report that abuse or neglect to Child Protective Services by calling 1.800.652.1999 or the appropriate law enforcement agency. The report shall be made immediately or as soon as practicable, but in no event shall such report be made later than 24 hours after becoming aware of such possible abuse. In addition to calling CPS, or law enforcement, the employee shall inform the building principal or immediate supervisor as

soon as CPS, or law enforcement, has been notified. The building principal or immediate supervisor shall contact Talent Services if the abuse or neglect involves a staff member. Any OPS employee who fails to make any report of child abuse or neglect required by law will be subject to discipline up to and including discharge.

Schools are obligated by law to allow CPS and/or Law enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to students without prior parental/guardian consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law enforcement to contact the parent/guardian and discuss the contact had with the student. School staff are instructed not to notify parents by these officials.

Child Find

All children with disabilities residing in the district, including children with disabilities who are homeless children or wards of the State and children with disabilities attending nonpublic schools, regardless of the severity of their disabilities, and who are in need of special education and related services, shall be identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services. 92 NAC 51-006.01

Schools are obligated to actively seek out any and all children who need an evaluation and special education services. Schools should use the following activities to consider whether a referral for an evaluation is needed:

- Attendance team meetings
- Review of health records
- Academic indicator dashboard
- Grade reports
- Behavior dashboard
- SAT team meetings
- A pattern of suspensions

At-risk students are not required to be evaluated but are required to be found and determined whether or not they should be evaluated.

For more information, please contact: Special Education Division, 3215 Cuming St., Omaha, NE 68131-2024, (531) 299-0244

Children's Online Privacy Protection Act (COPPA)

These applications or websites are offered for the benefit of the students and for the school system.

Dating Violence Prevention – OPS Policy 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the Omaha Public Schools and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy "dating violence" means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse, to control his or her dating partner. "Dating partner" means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Incidents of dating violence will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District's authority.

Training on dating violence shall be provided to staff deemed appropriate by the administration. The length of such training shall be a reasonable amount but in no case less than one hour annually. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District's dating violence policy.

Dating violence education for students shall be age-appropriate and conducted by trained staff members or a professional. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the District's student-parent handbook or an equivalent such publication. Parent/guardian shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested,

parents or legal guardians shall be provided a copy of the dating violence policy and relevant information and given the opportunity to meet with the Principal or other person designated by the Principal to discuss any questions they may have.

Our goal

is to foster open communication and achieve resolutions that are in the best interest of each student.

Stakeholders are encouraged to contact the school administration first. If additional support is needed, please contact Family and Community Relations at (531) 299-0314.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) permits designated Directory Information to be disclosed without written consent from a parent/guardian unless the parent/guardian provides written request that it NOT be allowed.

2. Grade level
3. Date and place of birth
4. Dates of enrollment
5. The current and the most recent educational agency or institution attended

The District annually requests consent to release addresses, phone numbers, and parent(s)/guardian(s) names for these types of limited purposes via the annual update process on Campus Parent or may notify in writing the Student Information Services office sis_updates@ops.org.

Annual Health Screenings

Students enrolled in Omaha Public Schools are provided a free non-diagnostic health screening in accordance with Nebraska State Statute #173 NAC 7. Students in early childhood, kindergarten, first, second, third, fourth, seventh, and tenth grades are screened for hearing, vision, dental, height, and weight per the rules and regulations set forth by the state of Nebraska. The purpose of screening is to identify any possible health concerns needing further evaluation. Parents/guardians are notified of the screening result if the student is found

to need further evaluation, as determined by the qualified screener. The cost of the health care provider evaluation is the responsibility of the parent/ guardian of the student.

Per Nebraska State Regulations, a parent/guardian may supersede the mandated school health screening by submitting a statement signed by an authorized health care provider attesting that the required screening has been completed in the previous six months. An updated healthcare provider statement must be submitted each school year.

Emergency Procedures

In the event of cardiac arrest, an Automated External Defibrillator (AED) will be used by staff trained in the use of CPR/AED. If a student experiences a life-threatening breathing emergency or severe systemic allergic reaction (anaphylaxis), epinephrine and nebulized albuterol will be administered by trained staff in accordance with

the Nebraska Department of Education (NDE) Rule 59 regulation. Narcan nasal spray will be administered by trained staff when an opioid overdose is suspected. Emergency Medical Services will be activated in life-threatening emergencies.

Health Conditions

If your child requires management of their condition by the health office, it is the responsibility of the parent/guardian to ensure the school nurse has the necessary supplies/medications, and authorization forms signed by the parent/guardian and health care provider.

Asthma, anaphylaxis, seizures and diabetes are examples of conditions which can result in potentially life-threatening episodes. The school needs an updated action plan for these conditions, signed by the health

care provider and the parent/guardian annually. This plan authorizes the required rescue medication to be administered. It is the responsibility of the parent/guardian to provide updated action plans and/or medication orders annually and as changes occur. Work with your healthcare provider and school nurse in developing a specific plan to keep your child safe, healthy, and ready to learn.

Nebraska School Immunization Law

The Omaha Public Schools follows the immunization requirements outlined by the Nebraska Department of Health and Human Services. A copy of each student's immunization record must be presented to the school's health office prior to attending school. Students who do

Physical Examination Requirements

A physical examination completed by a health care provider is required by Nebraska state law for all students entering school for the first time (early childhood or kindergarten), transitioning into seventh grade, or transferring into Omaha Public Schools from out-of-state/country. Required school physical exams must be

completed on or after March 1 of the current year to be valid for the upcoming school year. It is the responsibility of the parent/guardian to provide a copy of the physical examination to your child's school. Parents/guardians may opt out of this requirement through a written waiver obtained at the school.

Visual Evaluation Requirement

A vision evaluation by a health care provider or an optometrist is required by Nebraska state law for all students entering school for the first time (early childhood or kindergarten) or transferring from out-of-state/country. Required school vision exams must be completed on or after March 1 of the current year to be valid for the

upcoming school year. The evaluation will assess for amblyopia, strabismus, internal and external eye health, and visual acuity. Parents/guardians may opt out of this requirement through a written waiver obtained at the school.

Procedures for Medications

The Medication Procedures of the Omaha Public Schools prohibit administration of any medication by school staff or self-administration by a student without a written order from a licensed prescriber. No unauthorized medication (including Tylenol, cough drops, Advil, antacids, homeopathic medications, etc.) shall be administered by the school nurse or other trained school personnel without a written order from a licensed prescriber. It is the responsibility of the parent/guardian to provide updated medication orders annually and as changes occur. Medication orders must be completed by a health care provider and signed by the parent/guardian. When a student must take medication, these procedures will be adhered to:

- The school has a written, signed order from a licensed prescriber which includes the student's

name, the name of the medication, dosage, route, frequency/time of administration, and the date of the order.

- The parent/guardian shall provide a written statement that authorizes school personnel to administer the medication as ordered by the health care provider.
- **Medication must be brought to school by the parent/guardian or designated adult and given directly to school personnel. Students are not allowed to bring or carry any controlled medication (methylphenidate, Adderall, etc.).**
- The medication must be provided by the parent/guardian in the original pharmacy or manufacturer's labeled container.
- Expired medication will not be accepted or administered to students at any time.

- Medication left at school or that has expired will be turned in to Omaha Public Schools Environmental Services for disposal.
- Medication shall only be administered by a registered

nurse or competency trained school personnel.

- If needed, the school nurse may contact the prescribing provider for clarification on medication administration.

School Based Health Centers

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with One World Community Health Center and Charles Drew Health Center to provide quality health care at nine School Based Health Centers (SBHC) in buildings throughout the district.

The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants to provide the following services:

- Administer immunizations
- Complete school and sport physicals
- Diagnose and treat common illnesses and conditions
- Prescribe medications
- Create action plans for conditions
- Provide mental health services
- Provide preventative care and screenings

With parent/guardian consent, any Omaha Public Schools student and their minor siblings may use the services provided in the SBHC. The relationship with a student's medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, or commercial insurance. For uninsured

students, the SBHC will provide a low-cost sliding fee schedule based on family income and size, and may assist in obtaining insurance coverage.

Prior to the appointment, the "School Based Health Center Enrollment and Consent Form" must be completed by a parent/guardian and returned to school or the SBHC. For enrollment forms and more complete information about hours, services and cost, please visit <https://www.ops.org/Page/553> or call your school nurse for assistance.

Multi-Tiered Systems of Support for Behavior (MTSS-B) & Social Emotional Learning (SEL)

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Additionally, Social Emotional Learning (SEL) engages students of all ages in identifying and regulating emotions to support problem solving and academic success. Through these frameworks, Omaha Public Schools has committed to providing staff with tools and resources to positively engage students and families through implementation of schoolwide social, emotional and behavioral interventions. These practices are designed to support safe and encouraging learning environments.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students' social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of

students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

Each school and program in Omaha Public Schools has an MTSS-B Team to ensure effective practices are in place. MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. Studies have shown children who are not hungry perform better in school. The district participates in the National School Lunch Program (NSLP), which provides nutritionally balanced, low-cost or no-cost meals to children. Breakfast is free to all students. Children can qualify for free or reduced-price lunch meals either via participation in certain federal assistance programs or based on household income and family size. School staff can assist families in

determining eligibility status and completing a free and reduced-price meal application. Select district schools participate in the Community Eligibility Provision, which provides free breakfast and lunch to all students. It is the parent/guardian's responsibility to pay for their student's ala-carte purchases such as additional entrees, chips, cookies, or other extras. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Account Balances

Parents and/or guardians are encouraged to monitor their child's account balance online and keep an adequate amount of funds in the child's account to pay for their a la carte purchases. Prepayment is encouraged and may be made online, or at the school with cash or check. For information on accessing your child's online account visit: **www.schoolcafe.com** (you will need your student's ID).

Money remaining in a student's account at the end of the school year will be carried forward to the next school year unless contacted by the parent/guardian for a refund

or the child leaves the district. If a student changes buildings within Omaha Public Schools their account balance will follow them. If the student is graduating or leaving the district the money in the account may be transferred to other accounts upon request or the money will be refunded at the end of the school year. Please contact your school's cafeteria manager or the Nutrition Services Office, (531) 299-0230, for details.

Adults must have money in their accounts or pay cash to make a purchase. They will not be allowed to charge meals or a la carte items.

Smart Snacks

All food sold to students during the school day (from 12:00 a.m. through 30 minutes after the school day) must meet the Smart Snack guidelines; and the nutrition standards. The regulation applies to foods sold a la carte during breakfast and lunch, in the school store, vending machines, school offices, and fundraisers which sell

foods that can be eaten by students during the school day.

Additionally, Nebraska's Competitive Food Rule states no food items can be sold in competition with the school meals program from thirty minutes before until thirty minutes after meal service (breakfast and lunch).

Student ID Numbers

Student ID numbers are confidential and must not be shared with anyone. Unauthorized use of an ID number will result in your account being charged for the food.

As soon as you become aware someone is using your ID number, please notify Nutrition Services at (531) 299-0230 immediately.

Student Meals

The United States Department of Agriculture (USDA) requires school districts to serve meals which meet federal nutrition requirements. Offer Versus Serve (OVS) applies to menu planning and the meal service. Students may decline some of the items offered at breakfast or lunch. The goals of OVS are to reduce food waste and to permit students to choose the foods they want to eat.

- **Breakfast**

Breakfast is available at no charge to all students during the 2026-27 school year. A variety of healthful items are available, of which, each student must choose a minimum of three items. Students must

select a fruit as part of the meal.

- **Lunch:**

Lunch is available to all students at a cost of \$2.50 for elementary and \$2.85 for secondary for the 2026-27 school year. A variety of menu items are available at lunch. A student, who participates in the lunch program, must choose a minimum of three components to a maximum of five. All students must take a fruit or vegetable as part of the meal. Additional items are available at a la carte prices.

Personal Contact Changes

Address Change

If you are moving, whether it is still in the school's attendance area or not, please report to the school's main office to inform the school and to provide proof of address such as lease agreement or utility bill. If moving from the district, advance notice should be given to the school so necessary paperwork can be completed for the transfer. Several days' notice is needed to ensure a smooth transition to another school district.

Email/Telephone Change

If there is a change of email and/or telephone contact information for parent(s)/guardian(s) or emergency contact, please notify the main office or submit the information through the Campus Parent app. This information is used to communicate with families about pertinent information.

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parent(s)/guardian(s), regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Omaha Public Schools will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. School Counseling & School Social Work

The Omaha Public Schools School Counseling department provides a comprehensive, strengths-based program aligned with the American School Counselor Association National Model and the Nebraska Department of Education School Counseling Model. The role of the school counselor is to address students' academic, career, and social/emotional development by delivering a comprehensive program including classroom lessons, individual student planning, and responsive services to all students from kindergarten through 12th grade. School counselors prepare students to excel in college, career, and life by instilling hope, increasing

school connectedness, and empowering students to achieve academic success.

The mission of the Omaha Public Schools School Social Work department is to be a link between the student, home, school, and community; providing direct and indirect services to students, families, and school staff to promote and support students' academic, social, and emotional success. These services include assisting students and families to build upon their strengths, access community resources, address mental health concerns, assist with conflict resolution, develop social/coping skills, and build healthy relationships.

Behavioral and Mental Health Supports and Partnerships

School social workers and school counselors provide information about accessing behavioral and mental health through community providers. Omaha Public Schools partners with Methodist Community Counseling Program, Connections at Project Harmony, and school-based health centers for low- to no-cost mental health therapy.

The **Safe2HelpNE** reporting system is available to students, families, staff, and community members to anonymously report concerning behavior that could

impact the safety of students or schools across Nebraska. The **Safe2HelpNE** system can be used to report any safety concern including, but not limited to school threats, bullying, suicide concerns, crime, domestic violence, abuse, or a friend's physical or mental health. To make a report, visit the website Safe2HelpNE.org.

or, download the app on Apple or Android, or call (833) 980-7233. Crisis counselors are available to respond any time of the day or night, any day of the year.

Standard Response Protocol

Procedures are established in the event of an emergency during school hours or sponsored activities. The staff is trained in specific methods to handle emergency situations.

Hold

A Hold occurs for an incident that requires students and staff to remain in their classrooms, and out of the hallways until the occurrence is resolved. Students and staff will remain in their classrooms, or other needed locations, until and “all-clear” announcement is made.

Secure

Secure takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

Lockdown

A lockdown takes place if an internal or external threat is identified at the school. All school doors are locked and students are confined to classrooms or secured location. No entry into or exit from the school will be allowed until an “all-clear” announcement is made.

Evacuate

In the need that a building is to be evacuated for an emergency, students will be relocated to an evacuation assembly area until the “all-clear” announcement is made.

Shelter

When specific protective actions are needed based on a threat or hazard, Shelter will be implemented. This response may be for an incident such as a tornado. Students should follow the directive of their teacher and report to the designated shelter area. Students will not be released to families until the “all-clear” announcement is made.

Fire Drills

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold monthly fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have been issued. The classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it

Severe Weather

The Omaha Public School Policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. Whenever possible, our district will announce changes to a daily routine the night before. We also know weather conditions and other emergencies can develop rapidly and a morning decision may be necessary. When that happens, we will communicate as early as possible.

Student Fees

The Board of Education of Omaha Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fees Authorization Act.

The District’s general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District’s policy is to provide free instruction for courses which are required by state law

or regulation and to provide the staff, facility, equipment and materials necessary for such instruction without charge or fee to the students.

The District does provide activities, programs and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District’s efforts to provide such activities, programs and services. The District’s general policy is to continue to

encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the education program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the

PART ONE: Permissible Fees

No fees shall be charged to students, nor shall materials be required from students, for their participation in any school-related course or activity, whether curricular, co-curricular or extra-curricular, except as expressly permitted below.

A. Extracurricular activities:

The District shall annually set a single fee for high schools and a single fee for middle schools which may be required for participation in any extra-curricular activity, and which shall also be the fee for purchase of an activity card.

1. Extra-curricular activities are those activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District.
2. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouthpieces and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be accepted from time to time. Parents, guardians and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

3. Any student who participates in an extra-curricular activity will receive an activity card. All extra-curricular participation fees shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.
4. The extra-curricular participation fee shall be waived for students who qualify for a fee waiver pursuant to PART THREE of this policy.
5. Students who do not participate in extra-curricular activities but wish to purchase an activity card to obtain admission as a spectator to those extra-curricular activities open to spectators may do so on a voluntary basis.
6. The fee for the purchase of an activity card shall be waived for students who qualify for a fee waiver pursuant to PART THREE of this policy. Fees collected from the purchase of activity cards shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.
7. Fieldtrip fees may only be charged if participation by the student is voluntary, if the fieldtrip is not part of the curriculum or an extension of the curriculum, and if the fieldtrip occurs after school hours and/or does not count toward school attendance. All extra-curricular fieldtrip fees shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.
8. Students may be required to furnish minor personal or minor consumable items necessary for participation in extracurricular activities.
9. Schools may continue to seek and accept donations, and participate in fundraisers according to District policy in order to fund school day and/or curriculum-related fieldtrips.
10. Clubs, teams and organizations for which there may be a fee required for participation may also, as a club, team, or organization, decide to make purchases, and may fundraise and/or seek donations according to District policy to assist in the funding of their organizations and such purchases, which may include, but are not limited to, apparel and trips. Fundraising by an organization for the activities of that organization is not a fee charged by the District.

11. Money raised through fundraising and donations is not deposited in the Student Fee Fund.

B. Spectator events:

Spectators may be charged admission fees and transportation charges, if transportation is provided, to attend extra-curricular activities, as defined by this policy.

C. Minor personal or minor consumable items for classes or courses:

The District may request students to furnish minor personal consumable items, including but not limited to, pencils, paper, pens, erasers and notebooks, for courses or activities which count for graduation or advancement between grades, or in which participation is otherwise required by the District. The request for such items shall be made in such a way that it is clear the furnishing of same is voluntary. If a student is unable to provide the minor personal consumable item required, the school will supply the item to the student.

D. Clothing:

In addition to school guidelines about general appropriateness of attire, schools may require students to furnish and wear non-specialized clothing meeting general written guidelines for specified courses and activities, if the written guidelines are reasonably related to the course or activity.

E. Musical instruments:

Students who take elective (optional) music courses such as band and orchestra shall be permitted to supply their own instrument, and music stand, or shall be provided without charge by the District an instrument and stand, if a stand is necessary. The District shall not be required to provide for the use of a particular type of musical instrument for any student. The District shall supply the music for such courses.

1. Personal supplies related to musical instruments including but not limited to items such as reeds, cork lubricant, pipe cleaners, cleaning cloths and other cleaning supplies are considered minor personal consumable items, and shall be the responsibility of the student. If a student is unable to provide the minor personal consumable item required, the school may, as appropriate, supply the item to the student.
2. For music courses that are extracurricular activities, schools may require fees or require students to provide specialized equipment, such as musical instruments, or specialized attire consistent with the Public Elementary and Secondary Student Fee Authorization Act.

F. Lost or damaged school district property:

Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian may be held responsible for damages to school property where such damage is caused or aided by the student and may

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook shall be subject to the following restrictions until such time as the financial obligations are met:

1. The student and his/her parents or legal guardians shall not receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parents or

legal guardians may review the student's permanent record by following the established practices and procedures.

2. The student's name may not appear on the school's honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity (apart from graduation) or on any team that represents the school.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Organizations

Approval from the Principal or Program Director shall be required by any student organization or activity that uses the school/program building. The principals and program directors shall, provide adequate supervision, including but not limited to designating a staff employee as sponsor and supervisor, for approved student organizations and activities and shall provide administration of any fees or proceeds of approved student finances for student

organizations and activities. As a vital part of the total education program, student organizations should reflect the following objectives:

- Extend and reinforce the instructional program.
- Give students practice in democratic self-government.
- Develop student morale and support for the school.
- Honor outstanding student achievement.

- Provide wholesome social and recreational activities.

Adult Sponsors: Adult Sponsors must be in attendance at all school sponsored activities.

Any student organization, to include clubs and/or activities, seeking to use school facilities must receive approval from the Principal or Program Director. Requests to establish a new student organization must include:

- Demonstrated student interest
- A staff sponsor or monitor

- Application and submission of a club charter to the Activities Director
- Approval of the Principal
- Curriculum-related or student interest approved by Activities Director

Student Records

The privacy of student records is protected by the Family Educational Rights and Privacy Act (FERPA). Under FERPA, parent(s) and guardian(s) of students have the right to review records, request amendment of those records and consent to the release of records. FERPA does allow for some exceptions to the consent for release. For instance, records may be released to other educational institutions without prior parental or student consent.

FERPA affords parent(s)/guardian(s) and students 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024) or at sis@ops.org, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing

regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if they need to review an education record to fulfill their professional responsibility. Upon request, the District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5920.

Students Responsibilities and Rights

A student's basic responsibility in school is to act in a manner that enhances his/her and others opportunity to learn. A student does not have a right to engage in

conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

Technology Use and Responsibility

The Omaha Public Schools may provide students with a 1 to 1 take home device for use during the school year.

1. **Ownership:** The technology device remains the sole property of Omaha Public Schools and will not be transferred to the parent or student at any time.
2. **Use:** The device is only intended for District-approved instructional activities and for student use.
3. **Return of the device:** Upon termination of the student's enrollment, the parent or guardian must return the technology device within two days to the school in the same condition it was received.
4. **Liability:** Failure to return the device may result in the parent or guardian being liable to Omaha Public Schools for the full value of the device and accessories, as well as any administrative and attorney fees related to recovering the device.
5. **Reporting damage or loss:** The parent or guardian must notify the school of any damage or loss to the device within two days of the occurrence and will be solely liable for the full value of the loss or damage.
6. **Policy compliance:** All usage of the technology device must be in accordance with Omaha Public Schools policies and rules regarding network and internet use. The district reserves the right to terminate possession if the parent, guardian, or student is believed to have violated any part of this **Technology Agreement**, the **School Handbook**,

or the **Student Code of Conduct**.

- a. Per District Policy #6800 Online and Digital Access and Education. The school district shall monitor online activities of students and staff when using district or online applications while using District network resources and or devices.
- b. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. It is the primary responsibility of the parent or guardian to establish and convey the standards that their student should follow.
- c. **Voluntary Device Protection Program:** The district offers a voluntary device protection program. The protection is offered annually for a cost of \$20 per device. This program covers loss or damage beyond the warranty for the entire school year, including summer school. The program can be purchased through the parent portal or at the student's school.
7. **Day Use only devices:** If your student has violated any of the agreements listed above, or lost multiple devices, the school may issue a "day use" device. The day use devices are not part of the 1 to 1 program and may not provide the same level of individual customizations as a 1 to 1 device. The school may also choose to provide **other forms** of instructional resources for student learning.

Textbooks

Textbooks are supplied by the Omaha Public Schools. Textbooks not returned or that have been damaged are subject to fines. It is the responsibility of the student and/

or parent(s)/guardian(s) to work with the school to pay textbook fines.

Title IX/Sexual Harassment

No individual may be discriminated against on the basis of sex in any education program or activity. Sexual harassment of students is a form of prohibited sex discrimination under the circumstances described in the Guidance. Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. The following conduct is sexual harassment:

- **Severe, Pervasive, and Objectively Offensive Unwelcome Conduct:** Unwelcome conduct determined by a reasonable person to be so

severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity. Unwelcomeness and objectively offensive are evaluated based on the totality of the circumstances from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced.

- **Sexual Assault:** An offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. For more information regarding offenses that are classified as a forcible or non-forcible sex offense, please see Board of Education Policy No. 1210 on the Omaha Public Schools website in the "Board Policies" section or contact the District's Title IX Coordinator at (531) 299-0307.

Volunteers

If there is interest in assisting school personnel in the operations of the school, i.e., library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school to discuss a volunteer opportunity. All interested persons must complete an online application. Talent Services will respond and notify the applicant when the volunteer opportunity has been approved. ***Volunteer activity must not begin until after the approval email is received from Talent Services.***

The volunteer application process is utilized at all schools for any individual (parent, relative or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students. The school principal will determine what volunteer opportunities are available at each school.

Multi-Tiered Systems of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, Omaha Public Schools continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

Omaha Public Schools **STUDENT CODE OF CONDUCT**

The Board of Education believes school is an appropriate setting for all children and youth. We believe that students learn best when we provide safe, positive, predictable, and equitable spaces for learning. We believe that it is important that students and their families feel valued and connected to the school community. School culture and climate play a tremendous role in creating and maintaining positive conditions for learning.

The **Student Code of Conduct** is designed to support this concept by providing guidance in responding to student behavior. The goal of school discipline is never to punish, but to teach students self-management and responsible decision-making, among other self-advocacy skills while promoting a safe school environment. In all cases, school staff will prioritize the needs of each individual student as well as the safety and well-being of the school community at large. When determining discipline resolutions, school staff will consider the age, developmental level, and intent of the student, as well as other relevant factors.

The **Student Code of Conduct** applies to all students attending the Omaha Public Schools. While effective school discipline is the responsibility of all school adults, the **Student Code of Conduct** includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The **Code** applies to conduct on school grounds, in remote learning environments, on OPS owned computers and digital devices, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or designee or at a schoolsponsored activity or athletic event.

Early Childhood Education Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need, e.g., hunger, sleep, feelings of safety and security. Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child's practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors. According to Nebraska state statute, suspension from school is not an appropriate behavior intervention for early childhood students. Please contact the Early Childhood Coordinator for additional resources.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student's family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected (e.g., "please walk" rather than "don't run").
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies (e.g., fidget toys, alternative seating, options for quiet areas in the classroom, etc.).
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

Behavior Violations and Response Levels

The **Student Code of Conduct** is organized around descriptions of “levels” of behavior violations and “levels” of interventions and response. **Violations** are organized by categories ranging from classroom managed behaviors to more serious incidents that may require an administrative response. Applying a **Leveled Intervention and Response** to behavior violations supports a teaching and learning approach to managing behavior in our schools. School Administration considers the least restrictive resolutions to managing behavior violations.

When determining a resolution for a behavior violation of the **Student Code of Conduct**, school administration will consider:

- the age and experience of the student;
- the developmental level of the student;
- the student’s intent;
- the severity of the circumstances;
- the impact of disruption to the school environment (including behavior after the initial incident);
- the repeated nature of the situation (if applicable); and
- other mitigating factors

Interventions that may be applied to address behavior are indicated in a chart on the page after the violation descriptions on the following pages. Interventions indicated are **response guidelines**, and school administration may apply a more or less severe resolution depending on the situation. Please note those violations that may result in an expulsion from school.

Level 1 interventions aim to teach alternate behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.	Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.
Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for suspension, a plan of support (e.g. Early Intervention Plan, Student Assistance Team, MTSS-B Tier II or III Intervention, Community Resources) should be implemented.	Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the mandatory reassignment or expulsion of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.

Behavior Response Guidelines for Grades PK-2

Except in situations where the student brings a deadly weapon to school elementary school staff shall not suspend the student in pre-kindergarten through 2nd grade.

Young children need to be taught and then practice self-regulation to develop memory, attention, and self-control skills necessary for the learning environment. If a pre-K through second grade student must be removed from the classroom, they will work in the school with staff and resources to practice and develop skills to support a return to the classroom environment.

Behavior Response Guidelines for Grades 3-6

If a student in grades 3-6 must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

- 3rd and 4th Grade: 3-day maximum
- 5th and 6th Grade: 4-day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Principal. For students in grades PK-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

The **Student Code of Conduct** is a resource for teaching expectations and rules, rationales, and possible consequences for violations. It is designed with four levels of violations and four levels of administrative responses.

LEVEL 1

LEVEL 2

Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 2 interventions often involve the family, support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student's skills, positive view of schooling, and positive experiences at school so that misbehavior is less likely to continue or escalate.

Short-term suspension may be applied due to the severity or chronic nature of an individual behavior. In cases of multiple infractions, an assistance plan such as a Behavior Intervention Plan (BIP) may be developed.

Interventions for Level 2 Violations may include, but are not limited to:

- Level 1 Interventions
- Parent/guardian collaboration (a parent/guardian meeting is a mandatory element of response to chronic Level 2 misbehavior)
- School or Community Counselor support
- Change in schedule or class
- House Call
- Consultation with School Psychologist

In the case of repeated need for suspension, a plan of support (e.g. Early Intervention Plan, Student Assistance Team, MTSS-B Tier II or III Intervention, Community Resources) should be implemented.	Level 4 violations have the potential to significantly impact the safety of the school environment. LEVEL 4

Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student's presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate. Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support (e.g. an early intervention or safety plan) for the student's ongoing success at school.

Violence against school staff is an egregious act, which not only jeopardizes the safety and well-being of individuals but also undermines the foundations of our ongoing efforts to maintain a safe and secure environment that is conducive to teaching and learning. Because intentional and knowing violence against a staff member is extremely disruptive to the learning environment it may result in consequences including mandatory reassignment or expulsion in grades where these consequences are available, even in cases of first offense. As in every disciplinary situation, student age, developmental level, the severity of the circumstances, and other mitigating factors will be considered.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
 - For student in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.
- Referral to IEP team (students with disabilities) for manifestation determination
- Alternative educational placement
 - High School (grades 9-12)
 - Middle School (grades 6-8)
- Communication with law enforcement (as needed)

Repeated Violations

Concerning a violation at any level, it may be relevant that the student has committed the same, or similar, violation multiple times during the same school year. In such a case, Repeated Violations may be added as a secondary violation. Repeated Violations will not be used as a primary violation or alone. There may be instances of repeated violations that warrant a higher level of response than indicated in this **Student Code of Conduct**.

Misuse of Computers, Digital Devices, or Network

The use of computers or digital devices, whether stand-alone or as a part of a local area network, or as part of a wide area network such as the Internet, is a privilege, not a right, and must be consistent with and driven by the educational objectives of the Omaha Public Schools. Any use that is inconsistent with these objectives is prohibited. Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as "computing facilities") are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for any use of computing facilities made by or through their account, regardless of whether at school or at home. Students are responsible for content contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students' access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately,

the student will be subject to the disciplinary actions previously stated.

Inappropriate use of computing facilities shall be defined as:

- The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others or otherwise in violation of the Omaha Public Schools Internet Safety Policy.

This includes any **attempt to alter or destroy data of another or to endanger the integrity of a computer** or computer network or the data stored thereon (including the introduction of any virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism.

Please be aware that vaping substances other than tobacco may result in additional violations being applied that may merit a higher level of response.

Vapor devices have been shown to trigger building fire alarm systems. Please be aware that using vaping devices on campus may result in additional violations being applied. See **False Alarm**, page 18

Bullying Prevention – OPS Policy 5415

One of the guiding principles of the Omaha Public Schools is safe, healthy, and engaged students.

The administration and staff are to implement strategies and practices to reinforce and support a positive school culture. This will encourage students to engage in positive behaviors including: empathy, cooperation, teamwork, problem solving and self-control.

The administration and staff are to implement strategies and practices to identify and prevent inappropriate behaviors by all students, including bullying prevention education for all students. Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school sponsored activities or school-sponsored athletic events. The school district shall review the bullying prevention policy annually.

Forms of Bullying

- Physical Bullying – Hitting, kicking, hair pulling, pushing, or any physical aggression.
- Verbal Bullying- Teasing, name calling, put-downs, or other behavior that would deliberately hurt others' feelings.
- Sexual Bullying – Any bullying behavior, whether physical or non-physical, that on the basis of sex, including gender identity and sexual orientation (Please consult with Title IX Coordinator for the formal complain process).
- Emotional or Exclusion Bullying – Starting rumors, telling others not to be friends with someone, eye rolling, or other actions that would cause someone to be without friends or intentionally left out.
- Cyber-bullying – Using electronic devices such as computers, cell phones, and pagers to bully others through methods such as posting comments, statements, or pictures on blogs or websites, text messaging, instant messaging, and email.

Rationale

The Nebraska State Legislature finds and declares that:

- (a.) Bullying disrupts a school's ability to educate students; and
- (b.) Bullying threatens public safety by creating an atmosphere in which such behavior can escalate into violence.

On or before July 1, 2009, each school district shall develop and adopt a policy concerning bullying prevention and education for all students. The school district shall review this policy annually.

Damage to School, Staff, or Student Property

any way to any property, real or personal, is subject to disciplinary action. The parent(s)/guardian(s) shall also be liable to the School District for all property belonging to the School District, loaned to the student, which is returned to the District in damaged condition. Restitution may be required. Restitution is the act of offering repayment for goods or damage to property which could include, but is not limited to, monetary replacement, the offering of a similar item of value, or agreed upon alternative contribution to the individual or institution impacted.

Drugs, Possession or Under the Influence

Drugs, alcoholic beverages, controlled or imitation controlled substances, or other mood-altering chemicals. Possession includes any knowing and voluntary having, taking, receiving or handling of drugs, alcoholic beverages or controlled/imitation controlled substances.

A student is considered to be under the influence when there is evidence the student has consumed an alcoholic beverage or a controlled/imitation controlled substance and there is an impairment of the student's ability to think and act correctly and efficiently.

Evidence of consumption may include the odor of alcohol on the student's breath, the odor of marijuana on the student's breath or person, other physical signs of consumption or the testimony of reliable witnesses that the student did consume alcohol or a controlled/imitation controlled substance prior to coming on to school grounds or on to a vehicle owned, leased or contracted by a school or the district being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or by a designee or attending a school sponsored activity or athletic event.

Evidence of impairment of a student's ability to think and act correctly and efficiently may include rapid mood swings, vomiting, slurring of words, lack of motor control and balance, glassy eyes and difficulty in orienting to time and place.

The use of drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school, on school grounds or at school activities is forbidden.

- Parent(s)/guardian(s) will be contacted and provided with school and community resources to support substance abuse.

Immediate Surrender of an Unknown Weapon

Students may not be in possession of weapons of any type. If at any time a student discovers that they are in possession of a weapon the student must immediately turn the weapon in to the nearest teacher, counselor, administrator or other school staff person. If the student immediately turns in a weapon, the student will not face the consequence for weapon possession. If, however, the student continues to possess the weapon, to go on to further classes, to display the weapon to other students, or otherwise does not take the immediate action of reporting, the student will be subject to consequences as defined in the **Student Code of Conduct**. Duties performed for the benefit of the school or community. Examples include but are not limited to cleaning, outside work, or assisting students or staff.

Emergency Exclusion

The recommendation to exclude a student from school for a period of time as long as the student's presence in the school presents a danger to self or others.

Expulsion

Expulsion shall mean a student may not attend any school in the district for the period of the expulsion. This includes any school function including graduation ceremonies or being on any OPS school property during the duration of the expulsion. However, an expelled student may participate in a district specified alternative school, class, or educational program during the term of expulsion. If misconduct punishable by a one semester expulsion occurs during the last 10 days of a semester, the expulsion will be for the remainder of the semester and the next semester or the remainder of the semester, summer school and the first semester of the next school year. No student may return to the school from which the student was expelled. Any student expelled more than once during his/her high school enrollment years will be readmitted to an alternative program after completing coursework at the Expelled Student Program in areas specific to the student need(s).

MTSS-B Tiered Support

MTSS-B is an evidence-based, tiered framework for supporting students' behavioral, academic, social, emotional, and mental health.

Tier 1 Support – Tier 1 systems and practices support all students by defining schoolwide expectations, explicitly teaching expectations and skills to set students up for success, encouraging and acknowledging expected behavior, responding to unwanted behavior in a respectful, instructional manner, and fostering school-family partnerships.

Tier 2 Intervention – A Tier 2 Intervention is a targeted, small group, and research-based support system within Multi-Tiered Systems of Support for Behavior. These interventions are for students who demonstrate a need for additional behavior support beyond the universal systems.

Tier 3 Plan – A Tier 3 Behavior Intervention Plan is a highly individualized behavior plan for students with significant and persistent behavioral needs.

Reassignment

Mandatory transfer to another school or program; no student may return to the school from which the student was reassigned.

Restorative Practices

Behavioral interventions are a part of the teaching and learning process, to hold students accountable for their actions, by providing meaningful opportunities to

build social and emotional skills. They are intended to focus on problem-solving, repairing harm, and restoring relationships. All participants in the process have a voice and are valued in the resolution so that relationships are built and strengthened in the school community.

Saturday School

Saturday School requires that the student spend a block of time at school on a Saturday morning(s). Exact time(s) will be determined by the building principal. Transportation will not be provided to or from Saturday School.

Student Success Center (SSC)/ Positive Action Center (PAC)

In the SSC/PAC room, the students work in a closed classroom environment, which minimizes distractions while allowing them to focus on their needs both academically and socially. Components of the SSC/PAC include individual guidance and/or instruction on writing skills, study skills, social skills, and conflict resolution. The SSC/PAC encourages students to accept responsibility for their actions. The use of the SSC/PAC rooms may also be used as a preventative measure to help students make positive choices as it relates to behaviors.

Late School

Late School requires that the student spend a block of time after school as determined by the building principal. Transportation will be provided for eligible students.

Safety Plan

A student-specific safety plan is created by a team that includes the parent or guardian. The safety plan assists school staff in supporting a particular student while maintaining a safe learning environment. The safety plan will outline strategies to help the student be successful, possibly including providing support during less-structured times of day or identifying preferred adults. The plan may also include measures such as reviewing and adjusting schedules and identifying safe spaces or check-in supports. In some cases, it may address safety procedures such as student searches when appropriate and consistent with OPS Policy 5406 Search and Seizures.

Suspension, Long-Term

Exclusion from school for a period of time exceeding five (5) school days but less than twenty (20) school days

Suspension, Short-Term

Exclusion from school for a period of time up to five (5) school days

Threat Assessment

A threat assessment is a systematic process designed to identify individuals whose behavior may pose a risk of violence. The Threat Assessment Team gathers relevant information in a lawful and ethical manner, assesses the threat in context based on the totality of the information available, and creates a plan to support the student and mitigate potential violence. A threat assessment must be held anytime the following violations occur:

Threats or Intimidation, Weapon (Other than a Firearm), Firearm, or Arson. In each school and program, the threat assessment team includes an administrator, a counselor,

a school psychologist and/or social worker, the school resource officer and/or school security officer, a school safety specialist, and other staff on a case-by-case basis.

Additional Information

BEHAVIOR RULES FOR CONDUCT OCCURRING OFF SCHOOL GROUNDS – OPS POLICY 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unacceptable or unlawful behaviors. This policy applies to conduct which occurs in places that are not otherwise covered by the **Student Code of Conduct**.

Disciplinary Action

Any student engaging in 1) behaviors off school grounds that would otherwise violate the **Student Code of Conduct**; or 2) student speech off school ground that causes substantial disruption to the school environment, may be subject to:

1. Emergency exclusion if the student's conduct presents a clear threat to the physical safety of

self, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;

2. Short-term suspension by the principal for up to five (5) school days as provided in OPS Policy 5101;
3. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District or school administration; and/or
4. Suspension or exclusion from extracurricular and/or co-curricular activities in accordance with the provisions of OPS Policy 5104.

Appeal Process

Nebraska statutory provisions regarding short term suspension and emergency exclusion shall apply to each of the disciplinary measures respectively as set forth in OPS Policy 5101.

BEHAVIOR RULES FOR PARTICIPANTS IN EXTRACURRICULAR ACTIVITIES – OPS POLICY 5104

Students who participate in extracurricular activities, including but not limited to NSAA activities as set forth in OPS Policy 5102, are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. Extracurricular activities means student activities or organizations which are supervised or administered by the District or a District staff member which do not count towards graduation or grade advancement and in which participation is not otherwise required by the school. It is therefore critical for those students to always be mindful of their behavior and how it reflects on their schools and the District.

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of OPS Policy 5103, any student participating in any extracurricular activity at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described in the following:

First Offense: 15 Calendar Days

Second Offense: 90 Calendar Days

Third Offense: 180 Calendar Days

The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor of the extracurricular activity may impose other sanctions as permitted and described pursuant to the "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an extracurricular activity, may impose participation restrictions or eligibility restrictions for participation in extracurricular activities on students for behavior other than those set forth in the **Student Code of Conduct** or in OPS Policy 5103 provided:

1. Before the student participates in an extracurricular activity, that student and the student's parent(s)/guardian(s) have been advised of the participation and eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Participation and/or ineligibility restrictions are imposed only after the coach, activity sponsor or responsible staff has:
 - a. Investigated the alleged misbehavior;
 - b. Given the student written or oral notice of the charges against the student;
 - c. Explained the evidence against the student; and
 - d. Given the student a chance to tell the student's version of what happened.
3. The student has the right to appeal the individual coach's, activity sponsor's or responsible staff's decision, as specified above, to the school principal. The determination of the principal under such circumstances shall be final.

BEHAVIOR EXPECTATIONS FOR STUDENTS IN REMOTE LEARNING ENVIRONMENTS

In addition to in-person classroom lessons, students enrolled in the Omaha Public Schools may also receive instruction at home through remote teaching and learning experiences. Guidelines and expectations of the **Student Code of Conduct** remain in effect for students in remote learning environments.

Additionally, students receiving digital curriculum and instruction online should be aware of appropriate use of computers, digital devices, and the network. Any activity, which violates local, state, or federal laws, is considered a violation of the **Student Code of Conduct**, will result in disciplinary action, and may be referred to law enforcement.

It is expected that students adhere to the following **Behavior Guidelines for Remote Learning**:

- Appropriate clothing for the learning environment
- Student emails should only be sent for class/course purposes
- Do not cut, copy, or plagiarize internet content or the work of others
- Use care with food and drinks while using a district device
- Use appropriate language for the learning environment
- Never post or repost sensitive information or inappropriate images

- Students should never create or knowingly send computer viruses
- Handle district devices with care

Individual schools may have additional expectations for their school learning environment. See the information pages in your school's *Student and Family Handbook*.

It is required that students adhere to **Online Safety Practices for Remote Learning**:

- Passwords are private information and should only be shared with parent(s)/guardian(s)
- Students should never use others' passwords
- Students should never post personal information (address, email, phone number, etc.)
- Should a password become compromised, report it to a school staff member immediately

- Students should not share pictures of themselves for any reason other than a learning assignment
- Seek support from school staff if having trouble with a district device, network, or online program

BEHAVIOR EXPECTATIONS FOR STUDENTS RECEIVING DISTRICT-PROVIDED TRANSPORTATION

The school bus is considered an extension of the school. Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention and Response in the same manner as if the violation had been committed at the student's assigned school. This will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff, or aide. **The Student Code of Conduct** will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following **Safety Guidelines for Transportation**:

- The driver is in full charge of the bus and students. Please show respect and follow directions of the driver and/or staff.
- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.
- Board the bus in an orderly manner.
- Sit facing forward, keeping the aisle clear.
- If students are required to wear safety restraints, the bus will not move until the restraints are properly fastened.

If required, students who refuse to wear safety restraints, may be subject to Intervention and Response, including removal from the bus.

- Remain seated until the driver directs you to unload.
- Do not extend your arms or head outside the bus window.

- Do not throw any items out of the bus window.
- Keep your voices at a quiet level, so to not distract the bus driver.
- Eating, drinking, and smoking are not permitted on school buses.
- The school district is not responsible for items left on the bus.
- Be on time to your bus.

Violation of **Safety Guidelines for Transportation** may result in any of the following resolutions:

- Structured entry on the bus
- Bus safety training review
- Assigned seating while on the bus
- Student conference with administration
- Parent(s)/guardian(s) conference with student and administration
- Temporary removal from the bus (1-5 days)*
- For continued bus misconduct, a student may be suspended from the bus for 6-19 days*

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of **Safety Guidelines for Transportation** may result in the loss of the bus transportation privilege.

BOOK BAGS AND PERSONAL ITEMS

Students may carry book bags, backpacks, and similar items to transport books, supplies, and other belongings. Bags are subject to inspection, and the student is responsible for all contents. Objects that have no school-related purpose or that create a disruption to the learning environment may be confiscated until the end of the school day, and/or a parent/guardian may be required to

pick up the object. Repeated violations may be viewed as insubordination, resulting in additional application of the **Student Code of Conduct**.

All lockers and their contents are subject to random searches by school staff without prior notification to students. Please see OPS Policy 5406 regarding student searches for additional information.

DRESS AND PERSONAL APPEARANCE

Personal appearance is basically a concern of the student and their parent(s)/guardian(s). However, a student's appearance should promote positive opportunities for learning. The following guidelines shall apply to all regular school activities:

1. Students must be fully clothed, with a covered torso and shoes.
2. Words or images that promote alcohol, drug use, weapons, that insult or demean others, or that

disrupt the school environment are not acceptable at school.

3. Any exception to these guidelines, such as for Spirit Days, special events and/or extracurricular activities, must be approved by the school administration.

Please see OPS Policy 5301 Dress and Grooming for more information.

MAKE-UP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of make-up work is equal to the time the student has been suspended from school

but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work. See OPS Policy 5207 for more information on make-up work.

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the **Student Code of Conduct** occurs between semesters or between school years, the penalties provided for in the **Student**

Code of Conduct shall be enforced during the next semester.

NO TRESPASSING/BAN AND BAR WARNING AND RESTRICTION

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban and bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school as outlined below:

1. Presents a risk to the safety of others resulting in the likelihood of violence (e.g. specific threats, posturing, or actions)
2. Presents a disruption to the learning environment adversely affecting students/staff (e.g. yelling or destroying property)

3. Repeated failures to follow school policy/procedures (e.g. refuses direction from school administrators or check-in process)
4. Does not have legitimate purpose to be on school grounds or activities (e.g. loitering or wandering inside building)

An individual in receipt of a "No Trespass or Ban/Bar Restriction" may not come onto the grounds of an issuing school. All restrictions are applicable from date of issuance through the subsequent summer and are made void, unless otherwise specified, each August. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to Student and Community Services.

CELL PHONE/PERSONAL ELECTRONIC DEVICE GUIDELINES FOR STUDENTS

Current research provides compelling evidence that constant access to social media and cell phones is detrimental to young people's mental health and their ability to focus on academics. For this reason, the District has determined that the use of cell phones and PEDs (Personal Electronic Devices) is prohibited during instructional time unless specifically authorized by a teacher or District staff member. The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other PEDs.

DEFINITIONS

1. "Cell phone" includes, and is not limited to, cellular telephones or tablets, "smart" phones or tablets, Internet enabled phones or tablets and other PEDs that are capable of placing and/or receiving telephone calls or messages, taking photographs, creating and distributing videos, photos, or posting on the internet, and the like.
2. "Personal Electronic Device" is an electronic device other than a cell phone that emits an audible signal,

visual signal, vibration, displays a message, or otherwise summons the possessor, including but not limited to tablets, smartwatches, portable video game players, portable media players, cameras, and any device that provides a connection to the Internet, whether via wireless, cellular or other method of connectivity. This includes personal listening devices such as earphones, ear buds, etc. and/or any device that connects to a cell phone or other aforementioned device via Bluetooth or other method. PED does not include a District-issued tablet.

3. "School Day" means the regular school day with a designated starting time and ending time as defined by the local school building.
4. "School property" includes parking lots, school buses, and outside or inside all areas of the school building.
5. "Turned off" or "powered off" means the device is not activated. Devices in quiet, vibrate or other modes, except off, are not considered turned off or powered off.
6. "Use" includes carrying or possessing a cell phone or PED that is either visible or can be heard, with or without a personal listening device such as earphones, ear buds, "Bluetooth", etc. A cell phone set on "vibrate" or "silent" shall be considered to be in use. A cell phone or PED that emits an audible signal, vibrates, displays a message or otherwise summons the possessor shall be deemed "in use." A cell phone or PED, even if placed in an "off" position but visible to others, may be deemed "in use." A cell phone or PED in an "off" position and stored out-of-sight in a back-pack, book bag, purse, vehicle, locker, etc. shall be not be deemed "in use."

PROCEDURES

Students are permitted to use cell phones and PEDs on school property only during the following times:

- Before the school day;
- After the school day;
- Lunch period (high school students only);
- Passing periods (high school students only);
- At evening or weekend activities on school property;
- When necessary to monitor or manage a student's healthcare; or
- An emergency situation with the permission of a school staff member.

Building administration will have the discretion to

determine the use of cell phones and PEDs for students participating in after school and/or extracurricular activities while on school property or while attending school sponsored or school related activities on or off school property.

Prohibited Use of Cell Phones and PEDs:

- The use of cell phones and PEDs at any time other than those specified.
- The sharing or electronic posting of images taken or stored on cell phones or PEDs during school hours and/or on school property.
- Student use of cell phone camera/video recording without consent from school administration is prohibited and considered a violation of the **Student Code of Conduct** (see additional information under **Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device**, page 16)

Noncompliance with Cell Phone and PEDs Guidelines

In the event a student is found to be in violation of these guidelines, District staff will provide students with the opportunity to correct the behavior. Should the student refuse to correct the behavior, the student will be expected to surrender their device to the teacher for the remainder of the period. At the end of the period, the student will receive the device back and no further action is needed. Students who refuse to comply with a request to turn over their cell phone and/or PED shall be subject to discipline for Non-compliance with Cell Phone/Personal Electronic Device Expectations and such other disciplinary action consistent with the **Student Code of Conduct**. The teacher or other District staff member is expected to call the student's parent or guardian (unless there is a different established method for communication already in effect) to communicate the concern and the expectation for future behavior.

Students committing repeated violations of this Procedure may be subject to additional disciplinary action consistent with the **Student Code of Conduct**.

No Liability

The school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by students on school property or held by school officials during the confiscation period.

SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. Except in situations where the

student brings a deadly weapon to school, elementary school staff shall not suspend a student in pre-K through 2nd grade. It is the principal's responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand

information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

In cases of recommendations for long-term suspension, reassignment, exclusion, or expulsion, the student may, upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go into effect. See OPS Policy 5101 for more information on student discipline and exclusion of students from school.

Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the **Student Code of Conduct** resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, a Manifestation Determination (Due Process) IEP meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability and will also determine if the conduct in question was a direct result of the school district's failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the **Student Code of Conduct**.

STUDENT SEARCHES – OPS POLICY 5406 SEARCH AND SEIZURE

Searches of School Lockers, Student Automobiles, and Students' Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal's designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code of Conduct**. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

Drug Searches by Police/ Sheriff Canine Units

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities' Canine Units

in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's schools and programs.

1. The Superintendent or designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.
2. A principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement officers.
3. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.
4. The student's parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.

5. This policy shall be included in the student handbooks. This policy shall not be implemented

until parent(s)/guardian(s) and students are provided written notice of this policy.

SECRET ORGANIZATIONS

Under state law, it is “unlawful for the pupils of any public secondary school to participate in or be members of any secret organization.” The Board of Education is

empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

STUDENT ATTENDANCE

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn impacts a student’s academic success and their connectedness to school starting in kindergarten and continuing through high school. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who attend school regularly are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

In addition to in-person learning, students enrolled in the Omaha Public Schools may also receive instruction at home through remote learning. Guidelines and expectations of the Omaha Public Schools Attendance Policy 5008 remain in effect for students in remote learning environments or programs.

Student Responsibilities

- Establish bedtime and morning routines
- Arrive on time and attend the entire day
- Miss fewer than 9 days of school throughout the year
- Communicate with teachers

Parent/Guardian Responsibilities

- Establish bedtime and morning routines
- Ensure your child(ren) arrive to school on time and

attend the entire day

- Encourage and monitor attendance
- Schedule any medical or other appointments after school or on non-school days
- Communication is key – talk with teachers and school staff to report absences

Teacher Responsibilities

- Create a positive classroom culture of why attendance matters
- Encourage attendance
- Set and monitor attendance goals with students and parents(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate students who are meeting attendance goals

Administrative and Support Staff Responsibilities

- Create a positive school culture of why attendance matters
- Encourage and communicate the importance of attendance
- Set and monitor attendance goals with staff, students and parent(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate and recognize attendance

Please see OPS Policy 5008 Student Attendance for more information.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES

The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the **Student Code of Conduct** and other school rules, was received. In every school, staff will explicitly teach school expectations, including the **Code of Conduct**. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In elementary grades

3-6, the student will also sign. In secondary schools, the student signs the Receipt of Student Handbook form or may sign electronically via Student Portal. Refusal to sign does not exempt a student from the responsibility to follow the rules nor does it exclude a student from consequences as outlined in the **Student Code of Conduct**.

NEXT LEVEL LEARNING (SUMMER SCHOOL) AND DUE PROCESS

Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the **Student Code of Conduct**. However, disciplinary consequences may be limited to short-term suspension, long-term suspension

and Expulsion from Next Level Learning instructional programs. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. Students have no expectation of privacy in places where surveillance cameras are installed. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras is not generally a student record. The video may become a student record if it is directly related to a student rather than just incidentally

related, which is determined on a case-by-case basis. Videos that are student records may be reviewed by the parent(s)/guardian(s) of the student in the presence of school officials. Videos that are student records may be used as evidence in student hearings and may become public if the parent(s)/guardian(s) request an open hearing. See OPS Policy 3231 for more information on video surveillance.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco, drugs, vapor devices, alcohol, controlled substance, imitation-controlled substance, or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students

are suspected of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES

A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic

event shall be punished in the same manner as if the offense had been committed at the student's assigned school.
