Dear Parent/Guardian:

Please be advised that the New Jersey Department of Health requires all children attending licensed childcare centers and preschool programs to receive an annual influenza (flu) vaccination.

According to State immunization requirements, your child must provide:

- Documentation verifying receipt of the annual influenza vaccine

Please submit proof of your child's required immunization as soon as possible, but no later than November 30, 2026.

Students who do not have the required immunization documentation on file by November 30, 2026, will be excluded from school beginning December 1, 2026, in accordance with New Jersey immunization regulations.

If your family does not currently have medical insurance, you may qualify for services through free immunization clinics available throughout the city.

If you have any questions, please contact your school nurse.

Thank you,

Marie Verdon RN BS CSN-NJ
