PHILOSOPHY

Nicoma Park Middle School is founded on the philosophies of exploration, experimentation, and excellence. Students are encouraged to explore using abstract thought processes in order to expand their opportunities in an ever-changing complex world. They are encouraged to think and to expand the power of their minds so that they can adequately face change and challenge.

ATTENDANCE POLICY

Attendance in class is an integral part of a student's education. The following information pertains to the attendance policy:

- If a student is checked out before the final 15 minutes of class, that student will be counted absent for that class.
- Absences may be changed to tardies by the office if the student reports within 15 minutes of the class starting. If a student has been checked in late, the main office will make the appropriate marking of attendance for the student based upon the time the student checks into the office.
- A *verified absence* is failure to attend class due to an unavoidable reason, such as illness. A *documented absence* is an absence for which further confirmation has been received, for instance, a note from a doctor to confirm an illness.
- The parent is responsible for notifying the school that the student is absent for items 1-5 listed below. Items 6 and 7 below require notification to the school prior to the absence. Documentation is required for item 6 after the absence. If a parent does not call regarding the student's absence by the end of the school day, the school must contact the parent. If no contact is made, the parent must send a note or call the day the student returns to school before the absence can be verified.
- The student may promptly make up all work (two days for each absence in middle school) missed without penalty. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up. (Policy FDC-R1)
- Students will have an absence verified by the office if the following apply:
    1. Personal or family illness
    2. Medical appointments*
    3. Legal matters, including service on a grand, or petit jury*
    4. Extenuating circumstances deemed necessary by the principal*
    5. Observance of holidays required by student's religious affiliation*
    6. Documented speech therapy, occupational therapy, or any other service related to the child's Individualized Education Program (IEP).
    7. Documented participation in ten 4-H activities each school year

  --Items marked with * require documentation.
- If a secondary student receives an absence, work may be made up for 100% of the grade.
- If a student in middle school misses more than 8 days during the first or second semester, they will be considered *chronically absent.* The type of absence (verified, documented or unexcused) does not matter—absences are the total number of days missed, no matter the circumstance.
- More than eight absences (activity absences are exempted) will result in a No Credit for that class for the semester. This may be appealed to the Board of Education through the Deputy Superintendent for reinstatement of credit. Consideration will be given as to the reason for the absences as well as to the attempts by parents to minimize the absenteeism (Policy FDC-R1). *Unexcused absences* include:
    1. Vacations/Trips
    2. Other items deemed inexcusable by the site principal (missing the school bus repeatedly, oversleeping, etc.)
    3. No parent contact
- If a parent indicates that a student has a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma that requires more than the absences allowed, they may submit a request for a review to the building principal. The building principal will gather documentation and the attendance log of

the student and submit the request for a review by the medical exemption committee through the appropriate office of elementary or secondary education. If the committee determines that the medical exemption is justified, the medical exemption decision will be submitted to the Oklahoma State Board of Education by the Deputy Superintendent. The appropriate director will notify the parent if the exemption has been granted or denied. (See policy FDC-P).

MAKE-UP WORK: To ensure that make-up work does not become a burden to the student or the teacher, a parent may contact the main office to request assignments to be collected and sent home for students who are absent for three or more consecutive days.

ASSIGNMENTS KNOWN IN ADVANCE: Long-term assignments such as special projects or term papers are due upon the student's return. Any examination or test announced during the student's presence in class or which is regularly scheduled (e.g. nine weeks or semester) which is missed may be administered upon the student's return if the student has been present to receive instruction about which the test assesses.

SCHOOL-ACTIVITY ABSENCES: In the event there is foreknowledge of the absence, as in the case of scheduled school activities, the work must be turned in either on the last day of attendance or the day the student returns.

BADGES

Guidelines for Wearing Identification Badges:

- *Visible and Accessible:* Badges must be worn around the neck on the lanyard at all times during school hours, including while riding the school bus to and from school. Badges should be displayed above clothing. They should not be concealed or covered by jackets, backpacks, or other accessories.
- *Replacement Badges:* If a student loses their identification badge, a replacement can be obtained from the school office for a fee of $5. Please report lost badges promptly to avoid any inconvenience.
- *Respectful Use:* Identification badges should be treated with respect and not defaced or modified in any way.

Consequences for Missing Identification Badges:

- *1st Offense*: Students will be charged $1 to print a temporary badge for the day. They will call their grownup to let them know.
- *2nd Offense*: Students will be charged $1 to print a temporary badge for the day. They will call their grownup to let them know.
- *3rd Offense*: Students will be charged $5 to print a new permanent badge. They will call their grownup to let them know.

We believe that this policy will contribute to a safer and more efficient learning environment for all students. If your child has any issues with their badge, please do not hesitate to reach out to the school office for assistance.

BULLYING/HARASSMENT

This policy is developed pursuant to the School Bullying Prevention Act, Senate Bill 992. Threatening Behavior is defined as any activity, which portrays that another person, persons, or property may or will be harmed or killed. As used in the School Bullying Prevention Act, "harassment, intimidation, and bullying" means any gesture, written or verbal expression, or physical act that a reasonable person should know will harm another student, damage another student's property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to create a climate of hostility and/or disrupt or interfere with the school's educational mission or the education of any student. Harassment, intimidation, and bullying include, but are not physical acts. Such behavior is specifically prohibited by board policy.

Any student exhibiting threatening behavior toward another student or school personnel or others while under school supervision shall be subject to the following:

1. The student will be referred immediately to a site administrator or his/her designee for intervention.
2. Upon receipt of a report, the site administrator will investigate the incident and take appropriate action as provided in the District Student Discipline Policy. In determining appropriate action, the site administrator will consider the following:
    a. Severity of the threat or action
    b. Frequency of the behavior
    c. Overall discipline record
    d. Age of the student
    e. Reliability of the information
    f. Circumstances of the threat or action.
3. The site administrator will notify the parents of any student disciplined under this policy.

4. The site administrator will document the incident.
5. If the incident results in In-School-Intervention or Out-Of-School Suspension, the site principal will file a report and send a copy to the superintendent or the superintendent's designee

BUS RIDERS POLICY

CONDUCT OF STUDENTS: School transportation is a PRIVILEGE provided for the convenience and safety of the students. Undesirable conduct by the students can create a very dangerous situation. It may not only cause someone to be injured inside the bus, but it could lead to a collision with another vehicle. If the driver is distracted by student behavior, any of the above could result. The conduct of a student on a school bus should be the same as is expected in the classroom, except for quietly visiting with one sitting next to him. There is to be no loud talking or moving about while on the bus. No one is to put any part of his/her body out of a window or throw any object out of the school bus window. Hands and feet are to be kept out of the aisle and any object carried on the bus is to be held in the student's lap or placed where the driver requests. Students are to obey requests of the driver the same as they would a teacher.

REGISTRATION FORM: On or before the first Monday after school begins, all bus riders must fill in a School Bus Rider Registration form. The form may be obtained at the school site. There is also a code of conduct contract that is to be handed to the school bus driver. The student has registered to ride that bus route and is to ride no other route without a transfer. School bus drivers have the authority to assign seats, if so desired.

ENTERING THE BUS: All students are to stand back until the bus comes to a complete stop, then line up in order to enter the bus single file with no pushing and shoving. Once inside the bus, go directly to a seat and sit down. If the driver has assigned a student a seat, that is the seat he is required to sit in.

DEPARTING THE BUS: All students are required to remain seated until the bus comes to a complete stop. When the bus stops, students who get off at the stop are to depart single file as quickly as possible and get away from the bus. If a student must cross the street, he/she should quickly walk approximately ten steps in front of the bus and wait for the driver to signal when it is safe to cross. Never walk behind a bus!

SMOKING, EATING, AND SOFT DRINKS ARE PROHIBITED ON THE SCHOOL BUS.

BUS ZONE: Parents are to unload or pick up students in the first two lanes closest to the street before or after school. Buses will be unloading students at the door and we do not want any of our students getting hurt or late because of a traffic accident.

BUS PASSES: All students are to get off the bus at school or at their regular stop.

DEFACING A SCHOOL BUS: Any student caught writing on a bus, tearing or cutting a seat, tearing off padding or defacing a bus in any manner may be suspended immediately from riding a school bus. Parents of such students are legally liable for damages.

DISCIPLINE: For misconduct other than vandalism, the student's parent/guardian and the principal shall be notified of a first occurrence. The principal shall take whatever reasonable action they deem necessary. For a second offense, the student shall be placed on probation in addition to the above notification and bus privileges shall be withdrawn for five days. For a third and subsequent offense, a student's privileges shall be withdrawn for the equivalent of one semester.

CAFETERIA

The following are some suggestions to help you to have a clean, orderly place to come and eat your lunch:

1. Observe the rules of good etiquette in the lines and at your table, as though you were at home.
2. When you have finished eating, return your tray to the dishwashing counter, carefully placing silverware, trays, and drink containers in designated places. Place all the paper in wastebasket before leaving the cafeteria.
3. Finish your lunch including candy, ice creams, fruit, etc., before leaving the cafeteria. Food is not to be taken outside the cafeteria.
4. NO LUNCHES WILL BE CHARGED IN THE CAFETERIA.
5. Upon leaving the cafeteria, students should go directly to the commons until the lunch period is over.

CELL PHONES AND ELECTRONIC DEVICES

Students are not to use any type of cell phone, toy, game, radio, iPad, Tablet, Kindle, MP3, laser pointer, Air Pods, headphones, Apple Watch, etc., which interfere with normal educational processes at any time during the day. Students are required to turn off all electronic devices for the entire school day. We are a bell-to-bell no cell school. Teachers' first request will be for the student to turn the cell phone off and put the cell phone in their backpack. If a second request is needed, then an email or text will be sent to the school principals. The school principals will call the student in and give

consequences, which include but are not limited to detention, ISI, or suspension.

Discipline Procedures:

- 1st Time: a verbal warning will be issued.
- 2nd Time: text or email sent to the school admin and a consequence issued; parent contacted.
- 3rd Time: consequence issued; parent contacted.

Multiple violations will result in ISI assignments or possible suspension as determined appropriate by school administration.

CHECKOUT/ EARLY DISMISSAL

A parent or legal guardian must check the student out through the office before they will be allowed to leave campus. Phone calls or notes will not be accepted.

CHROMEBOOK USAGE

    l. Heavy objects should never be placed on the Chromebook. This includes books, musical instruments, sports equipment, etc.

    o. When not in use, the Chromebook should be turned to "off" or in "sleep" mode.
    p. Never put anything on the Chromebook's keyboard and close the lid. This includes earbuds.
    q. Students should leave the Chromebook identifying barcodes in place.

D. Students should be aware that Internet access and email, and other media that are accessed, created, or stored on their devices are the sole property of the Choctaw Nicoma Park School District. The district has the right to review these items for appropriateness and to limit or revoke a student's access to them at any time for any reason. No expectations of privacy in their use of the Chromebook, including email, stored files or Internet sites visited should be assumed by the student users. Inappropriate use of the Chromebook may result in the student losing their rights and privilege to use the device.
E. Students should keep their Chromebook information secure. Students should never share their password(s) with another student. Passwords should always be kept confidential. The student may not make any attempt to add, delete, access, or modify other user accounts on the Chromebook. Any inappropriate or careless use of the Chromebook should be reported to an administrator, teacher or staff member immediately.
F. Students will become familiar with charging procedures for each classroom. Each teacher will inform their students on the charging procedures for their school site.
G. Students leaving the Choctaw Nicoma Park School District for any reason are required to return their Chromebook in good condition prior to withdrawal or graduation.
H. Consequences of Inappropriate Use:
    a. Use of any district technology is a privilege and not a right. Students are expected to use their assigned

Chromebook in accordance with these Guidelines and Procedures, the District Acceptable Usage Policy and any applicable laws.

b. Failure to use the Chromebook in an appropriate manner may result in the cancellation of student use and/or disciplinary action as determined by the staff and administration of the Choctaw Nicoma Park Schools

I. Chromebook Protection Plan:
   a. The Choctaw Nicoma Park Schools is offering Parents/Guardians/Students a $25.00 non-refundable Chromebook Protection Plan renewable within 10 days of enrollment each school year.
   b. The usage fee will cover a single incident of accidental damage as well as stolen devices with an official police report.
   c. The usage fee does not cover malicious acts, intentional damage, or negligence. Negligence is defined as a failure to take proper care of the Chromebook including leaving the Chromebook unattended or unsecured.
   d. The Chromebook Protection Plan covers the cost of the following repairs throughout a single school year:
      i. One accidental damage claim (e.g. broken screen, liquid damage, missing keys)
      ii. One device replacement if stolen. This requires filing a police report with local law enforcement.
      iii. One lost charging cord replacement.
   e. While this fee is optional, the District strongly recommends that families purchase the plan. Chromebooks not covered by the Protection Plan will be subject but not limited to the following charges:
      i. Damage repair — cost to be determined by the amount of damage and cost of the parts.
      ii. Replacement AC adapter — $30 per replacement
      iii. Complete Chromebook replacement due to loss, theft or damage — current market price, approximately $300.
   f. Parents/guardians/students will be responsible for the entire cost of repairs that are the result of willful/negligent damage to the Chromebook or power supply/cord.
   g. If the Chromebook is lost or stolen, a parent/guardian/student should immediately report the loss or theft to the Principal's office.
   h. If the Chromebook is damaged or not working properly, return it immediately to your teacher, so it may be forwarded to the District Technology staff for repair or replacement.
   i. Parents/guardians are not authorized to attempt repairs themselves or contract with any other individual or business for repair of the Chromebook.

CIVIL RIGHTS COMPLIANCE

It is the policy of the Choctaw/Nicoma Park Public Schools to provide equal opportunities without regard to race, color, national origin, sex, age, qualified disability or veteran in educational programs and activities. This includes, but is not limited to, admissions, educational services, financial and employment. Inquiries concerning the application of this policy may be referred to the Assistant Superintendent for Personnel and Operations, Compliance Coordinator, Choctaw/Nicoma Park Public Schools, 12880 N.E. 10th Street, Choctaw, Oklahoma 73020. Area Code/Telephone: (405)769-9882.

CLOSED CAMPUS AT NPMS

The Choctaw/Nicoma Park Board of Education adopted a policy for a closed campus at Nicoma Park Middle School effective January 3, 1978. No student will be allowed to leave the campus except in emergency situations authorized by the principal.

CONDUCT CODE FOR C/NP SCHOOLS

Students in the Choctaw/Nicoma Park School District are expected to conduct themselves in a manner that will continue to bring honor to the school and community. This code is intended as a guideline for acceptable conduct so that students may be aware of the type of behavior that is necessary for C/NP schools to maintain the high reputation for which they are known.

We shall enforce good, common-sense discipline throughout the year. There is little need for rules and penalties if the student remembers that he/she is a citizen of the Choctaw/Nicoma Park community and everything that is done reflects on school, community, and home. All discipline problems will be dealt with accordingly in the office of the vice-principal or principal.

Pupils must remember that the teacher in charge of the class is the person with authority during that time. Individual teachers may post rules that pertain solely to their specific classroom settings. Teachers dedicate themselves to helping young people and anyone guilty of disturbing this effort is hurting the entire school. Disrespect toward any faculty member or service personnel, by act, word, or deed will NOT be tolerated. Anyone who misbehaves may be sent out of the class and must get a permit from the principal's office to return to class.

Disciplinary suspension may be imposed when a student has substantially disrupted or interfered with the educational process, endangered the health or safety of others, or caused damage to property.

The building principal, his or her administrative designee, or the superintendent of schools may suspend a student from school. Misconduct for which suspensions may be imposed includes, but is not limited to:

1. *Disruption of School:* A student shall not by use of violence, force or coercion, threat, or by any other means cause material disruption or obstruction of any part of school including extracurricular activities.
2. *Damage of School Property*: A student shall not cause or attempt to damage any part of school property. In addition to suspension, restitution may be required by the student and/or his/her guardian(s). In addition, should it be deemed necessary, charges may be filed with the local authorities.
3. *Assault/Assault & Battery:* No student shall commit an act or seriously threaten an act of physical violence whereby the perpetrator causes, or attempts to cause or seriously threatens to cause physical harm to another, especially to teachers, other school personnel or other students. 4. *Dangerous Weapons, Instruments, and Paraphernalia*: A student shall not possess, handle, transmit, or conceal any object that would be potentially dangerous or incite fear/ concern to anyone else or himself while on school property or at a school activity. Violation(s) could result in long-term suspension for up to one calendar year.
5. *Narcotics, Drugs, and Other Controlled Substances or Any Substances Presented as such*: A student shall not possess, use, transmit, conceal, or be under the influence of these harmful items while on school property, while under the jurisdiction of the school, or at a school activity. 6. *Alcoholic Beverages*: A student shall not possess, use, transmit, conceal, or be under the influence of these harmful items while on school property, while under the jurisdiction of the school, or at a school activity.
7. *Tobacco*: According to state law, a student shall not use, possess, conceal, or transmit tobacco in any form on school property or while at a school activity. Violation of this rule constitutes a serious offense and possible suspension from school. A student may not use, possess, conceal, or transmit an E-Cigarette, Vape, and/or a vapor product in any form on school property or while at a school function. E-Cigarettes, Vapes, and Vapor products carry the same discipline procedures as regular tobacco products.

The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with a gang, presents a clear and present danger to the school environment and educational objectives of the community and is forbidden and is subject to disciplinary action.

16. Any student caught in possession of or distributing drugs, alcohol, or prescription medication will result in an immediate 60-day suspension. Any student caught with paraphernalia or trying to pass any substance off as alcohol, drugs, or prescription medication will result in an immediate 60-day suspension. On the student's first offense, a 60-day suspension can be reduced to a 30 days suspension with completion of a First Offenders Course approved by the administration. Once proof of completion has been submitted to the administration will a reduced suspension be considered. After the first offense, disciplinary action is up to the discretion of the administrative team and completing a first offenders program will not be allowed to reduce a suspension.

DISCIPLINARY ACTIONS

Students who become involved in areas of problem behavior (violations of the serious misconduct code included) will be subjected to certain disciplinary actions. Depending upon the seriousness of the behavior problem, one or more of the following actions may be taken by school officials:

1. INFORMAL TALK: A school official will talk with the student and try to reach an agreement regarding how the student should behave.
2. CONFERENCE: A formal conference is held between the student and one or more school officials. During this conference, the student must agree to change his/her behavior.
3. PARENTAL INVOLVEMENT: A parent or legal guardian is notified by telephone, personal contact or letter. A conference may be requested or required and may be conducted between the student, his/her legal guardian, appropriate school officials, and other individuals involved. A student may be suspended from class pending such a meeting.
4. DETENTION: A student may be assigned time in detention during the lunch period in a designated area under the supervision of a faculty member.
5. WORK DETAIL: Under certain circumstances, a student may be assigned to or, with the agreement of a building administrator, be assigned by choice to serve on work detail during the lunch period or other times throughout the school day..
6. DISCIPLINARY WRITING ASSIGNMENT: A student may be assigned copy work from the student handbook, a selected text, or an appropriate writing project either as discipline for certain minor offenses or in conjunction with other discipline as deemed appropriate by the building administrator or his/her designee.
7. ATTENDANCE/BEHAVIOR CONTRACT: A student will be put on an attendance and/or behavior contract at the discretion of the site administrator.
8. (ISI) IN-SCHOOL INTERVENTION: In school intervention (ISI) provides an alternative to some suspensions that would normally require disassociation from school. The purpose of ISI is to alter the attitudes and habits which are detrimental to the educational process by providing an environment in which a student's behavior may be modified. Once a student is placed in ISI, he/she must complete the number of days that he/she was assigned to ISI and complete assigned work before being readmitted to the regular classroom. Days absent during the ISI assignment do not count as days in ISI. Any change to this procedure will be at the discretion of the site administrator. A student who is assigned to ISI cannot attend school activities until he/she has completed ISI.
9. SHORT-TERM SUSPENSION: Short-term suspension is a suspension of ten (10) or fewer days. The student who is suspended out of school is also suspended from all related activities for the period of suspension. The student is informed that he/she is subject to a short suspension and may discuss his/her side with the appropriate school official. Parents will be notified of the action taken. The student may be advised of district or community alternatives.
10. LONG-TERM SUSPENSION: Long-term suspension is a suspension of ten (10) or more days. The student is informed that he/she is immediately suspended from school and that a recommendation for long-term suspension may be made. A long-term suspension includes the removal of a student from school, from school activities, and all related school functions. The student and his/her legal guardian will be notified of his/her rights and be explained their due process rights. The student may be advised of district or community alternatives. A long-term suspension may be up to a calendar year.Any possession of or distribution of drugs, alcohol, or prescription medication will result in an immediate 60-day suspension. The 60-day suspension can be reduced to a 30-days suspension with completion of a First Offenders Course approved by the administration. After the first offense, disciplinary action is up to the discretion of the administrative team.
11. SUSPENSION PROCESS: Students will be suspended in accordance with the law, state and local guidelines. Unless an emergency situation exists relating to health or safety, the student shall receive prior notice of the suspension, specification of charges and an opportunity to present his/her view of the alleged misconduct. The suspending administrator may postpone these procedures if there is a risk that harm will occur if the suspension does not take place immediately. In all cases, an administrator will notify the legal guardian by letter, and when possible, by telephone. The Board of Education will have the right of final review of the suspension action.
12. Any student caught in possession of or distributing drugs, alcohol, or prescription medication will result in an

immediate 60-day suspension. Any student caught with paraphernalia or trying to pass any substance off as alcohol, drugs, or prescription medication will result in an immediate 60-day suspension. On the student's first offense a 60-day suspension can be reduced to a 30-days suspension with completion of a First Offenders Course approved by the administration. Once proof of completion has been submitted to the administration will a reduced suspension be considered. After the first offense, disciplinary action is up to the discretion of the administrative team and completing a first offenders program will not be allowed to reduce a suspension.

In the event of long term out-of-school suspension for a nonviolent offense, the student will be given the opportunity to have home-based school work assignments monitored by the parent or legal guardian. Students will earn credit for home-based assignments completed and submitted. Suspension days are unexcused.

In special cases, as determined to be necessary by the administrator ordering the suspension, a long-term suspension may be continued beyond ten calendar days pending the occurrence of some specific action (e.g., a physical or psychological examination, incarceration by court action, or action by the Board of Education regarding the suspension.)

General Discipline Statement: The principal has the right to alter any of the steps above, if unusual circumstances surround the offense.
