FACT SHEET

PRODUCT: LA TORRE BRAND 6/#10 JALAPENOS NACHO SLICES

These are the same quality marinated jalapenos as our 80-90 pack. Stems are removed, the jalapenos are slice 5/16" wide and are therefore often called cartwheels.

A very popular and fast moving item. Used to make "nachos" (a dish of chips, Cheese Sauce, Jalapeno slices and sometimes beef, chicken and/or beans). This item, due to its popularity and easy preparation is very common at baseball and football parks, as well as most special events. Nacho slices are also used as toppings for sandwiches, pizzas, meat dishes and burritos. Also used as an ingredient for salsa or as a full bodied jalapeno appetizer. Most restaurants and food service processors prefer our nacho slices rather than slice their own because of the savings.
