

Norman Rockwell Elementary

Construction Update #18

August 11, 2026

Rebuild & Enlarge Construction Timeline: April 2025-December 2026

Big changes at Norman Rockwell! As you may have seen, demolition of the existing school is complete and the new school is now visible from the street. With faculty move-in coming up, furniture delivery has begun and the building is in its final touch ups. The basketball hoops are up and line striping in the gym will soon begin. The interior of the building is really coming together.

Sitework has begun! Paving around the school is complete, and with final grade on the field done, turf has started to roll in and is currently being laid out. Soon the outside area will come alive with landscaping, sidewalks, parking, and more. See you August 31st!
