

How to Connect to the New Wi-Fi

Important Note for All Users: The general connection process remains the same as previous methods, but please ensure you are using the specific login information outlined below. **Do not use your Google credentials.**

1. Staff Connection 205Staff

If you are a staff member, select the **205Staff** network from your device's Wi-Fi menu and enter the following:

- **Identity (Username):** Your standard login (Lastname.Firstname)
- **Password:** The same password you use to log into your desk computer.

2. Student Connection 205Student

If you are a student, select the **205Student** network from your device's Wi-Fi menu and enter the following exact formats:

- **Identity (Username):** The first 4 letters of your last name + the first letter of your first name + the last 4 digits of your ID number.
Example: If your name is John Smith and your ID is 1234567, your username is smitj4567.
- **Password:** Your initials + your full ID number.
Example: js1234567

💡 **Troubleshooting Tip for Students:** If your password doesn't work (this mainly affects New students, Sophomores, & Freshmen), make sure the **first letter** of your password is capitalized! (*Example: Js1234567*)

3. Chromebook Devices: Required Settings

If you or your students are using a Chromebook, please ensure the network settings match the exact criteria below when connecting to either **205Staff** or **205Student** for the first time.

(Note: Once these settings are selected, scroll down slightly in that same window to enter the login info from Step 1 or Step 2).

- **Security:** EAP
- **EAP method:** PEAP
- **EAP Phase 2 authentication:** MSCHAPv2
- **Server CA certificate:** Do not check

4. For building guests, we have a new connection named 205Guest but users will need to open a browser and agree to our Acceptable Use Policy before connecting to the internet.

Welcome to 205Guest

Welcome to the District 205 Guest Wi-Fi Network To access the internet, please review and accept our Guest Wi-Fi Acceptable Use Policy below. By clicking "Accept" and connecting to the 205Guest network, you agree to the following terms and conditions: 1.) Appropriate Use: This complimentary wireless service provides an isolated, internet-only connection for the convenience of our guests. You agree to use this network in a lawful, responsible, and ethical manner. 2.) Prohibited Conduct: You may not use this network to transmit malicious software, bypass network security, pirate digital content, or access illegal, harassing, or highly offensive material. High-bandwidth activities are strictly prohibited. 3.) No Expectation of Privacy: This network is the property of the school district. To ensure compliance with CIPA (Children's Internet Protection Act) and district policy, all internet traffic is filtered, logged, and subject to monitoring by the IT Department. 4.) Security & Liability: For your protection and the district's, your device is digitally isolated from the school's internal network and other connected guest devices. However, wireless communications over an open network can still be intercepted. The district is not responsible for the security of your device, compromised personal data, or any loss of information. Use of this network is strictly at your own risk. 5.) Right to Revoke Access: The IT Department reserves the right to throttle bandwidth, block devices, or terminate connections at any time without notice if these terms are violated.. fees resulting from access to the Internet. This network is for guest use only; please do not access sensitive information. To connect, simply click 'Accept' below.
