Schoolwide Assurances

The school assures:

- The plan referenced in the Schoolwide Plan template was developed with the involvement of parents and other community stakeholders.
- The plan was initially developed during a one-year period, unless the LEA, in consultation with the school, determined that less time was needed to develop and implement a Schoolwide plan.
- The plan will remain in effect for the duration of the school’s participation in Title I, except that the school will regularly monitor and revise the plan as necessary to ensure that all students are provided opportunities to meet Louisiana’s challenging academic standards.
- The plan is available to the LEA, parents, and the public, is in an understandable and uniform format and, to the extent practicable, is provided in a language that parents/guardians can understand.
- Where appropriate, the plan was developed in coordination with other federal, state, and local services, resources, and programs, and where applicable, consistent with Comprehensive Intervention Required (CIR) or Urgent Intervention Required (UIR) activities.
