PERMISSION TO WATCH PG MOVIES
2026-2027

Dear Fifth Grade Parents:

During classroom parties and at other times throughout the school year, teachers allow their students to watch a movie.
Per school policy, only "G" rated movies are allowed to be shown to students. However, many of the movies of interest for the fifth grade level are rated "PG".

Therefore, by signing this permission slip, you permit your student/child to watch movies that are rated "PG". If the permission slip is not returned, your student/child will not be able to view any movies that are rated anything other than "G".

Please return the permission slip on the first day of school

Thank you in advance for your cooperation.

I, _____, give my child_____,

permission to view movies that are rated "PG".
