Welcome to Fourth Grade!

Dear Fourth Grader,

Welcome to 4th grade! We're so excited to have you join us for an exciting new school year! This coming school year will be an exciting and a busy one. Together, we will explore and learn about many new things. You will learn about the history and geography of our state, conduct interesting science experiments in the science lab, participate in book clubs, and so much more! In math, you will use all of the skills you learned in third grade to dig deeper into place value, multiplication and division strategies, geometry, fractions, and more!

Fourth grade is a time to grow as a learner and as a friend. You'll become more independent, take on new responsibilities, and work as a team with your classmates. There are also so many new opportunities including chorus, Student Council, working in the hallway, and having Fun Friday! Don't worry — we'll be here to help you every step of the way!

We hope you're enjoying your summer and getting plenty of rest, sunshine, and fun. Get ready for a fantastic year of discovery, creativity, and new friendships. We can't wait to meet you on **September 3rd between 10 am and 11** to drop off your supplies and to see the room. See you soon!

Sincerely, the Fourth Grade Teachers,

Mrs. Cantwell, Miss Ralph, and Miss Malecki
