Statewide shortages exist for credentialed teachers, specifically in Math, Science, Special Education, and bilingual education which are areas that the District has also experienced

B. Ethnic Studies Curriculum Crosswalk Update - Informational Item

AB 101 added Ethnic Studies to the state's high school graduation requirements. School districts serving grades 9-12 must offer Ethnic Studies courses or integrated curriculum, making the graduating class of 2029-2030 the first required to complete this coursework.

The law does allow flexibility in meeting this requirement. Rather than implementing a standalone course, MUSD has adopted an embedded approach, weaving Ethnic Studies concepts into our existing, Board-approved History-Social Science (HSS) curriculum.

Additional details are provided on the attached staff report. This item is provided for informational purposes only. No Board action is required at this time.
