Section V – NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities "everywhere, all the time" (National Technology Plan)?

Instructional technology will support the district's efforts to improve student performance and academic standards by expanding access to high-quality digital learning tools, resources, and learning experiences that align with the district's instructional goals. Through the intentional use of instructional software, digital curriculum, and data-informed instructional practices, educators will be better equipped to differentiate instruction, monitor and evaluate student progress, and respond to individual learning needs. The district continues to prioritize technologies that enhance teaching, personalize learning, and strengthen student engagement in meaningful ways.

To ensure equitable learning opportunities "everywhere, all the time," the district will prioritize reliable access to devices, connectivity, and digital learning environments that extend beyond the classroom. Instructional technology will support flexible learning models, enable access to instructional materials and communication tools, and ensure that all students, regardless of background or circumstances, can participate fully in the learning process. By integrating technology into daily instruction and providing ongoing professional learning for educators, the district will create a sustainable framework that supports continuous improvement in teaching, learning, and student outcomes.
