 - Use a sentence or phrase
 - Amarill0_by_m0rning (do not use this one)

Internet Safety Tips

Chromebooks are filtered with Lightspeed and our Firewall to ensure content accessed is educational and appropriate. Report any issues to Technology.

Internet Safety Tips

Protect Your Personal Information

- Never share your home address, phone number, passwords, or school schedule online.
- Be careful about what you post on social media, because information can spread quickly and be difficult to remove.

Internet Safety Tips

Think Before You Click

- Be cautious of links, emails, texts, or messages from unknown sources.
- Scammers often use fake websites and phishing messages to steal personal information or install malware.

Internet Safety Tips

Be Respectful and Responsible Online

- Treat others online the way you would in person.
- Avoid participating in cyberbullying, spreading rumors, or posting content that could harm someone's reputation.

Internet Safety Tips

Verify Information Before Sharing

- Not everything online is true.
- Check reliable sources and think critically about posts, videos, and articles before sharing them with others.

Internet Safety Tips

Verify Information Before Sharing

- Not everything online is true.
- Check reliable sources and think critically about posts, videos, and articles before sharing them with others.

AI Safety Tips

Don't Share Personal Information with AI

- Never enter passwords, addresses, phone numbers, or other private information into AI tools.
- Once information is shared online, you may lose control over where it goes or how it is used.

AI Safety Tips

Verify AI Answers

- AI can make mistakes or provide outdated information.
- Always fact-check important information using trusted sources, teachers, or reliable websites before using it for schoolwork or decision-making.

AI Safety Tips

Use AI Responsibly

- Use AI to help you learn, brainstorm, and improve your work, not to cheat or submit AI-generated work as your own.
- Follow your school's guidelines for acceptable AI use and always give credit when required.

9-12 BYOD

Check with Technology for more details.

Parents can fill out the request form at

www.fcisd.net/departments/technology

Personal Devices

DO'S

- Place it in Airplane Mode (7:48 AM to 3:40 PM)
- Store in your backpack
- Only use your phone during lunch
- Use the office phone if you need to contact a parent during school

DONT'S

- Don't use your phone during class
- Don't use your device during passing periods
- Don't use personal hotspots, VPNs, or other methods to bypass district internet filters

Hotspot Monitoring

There will be random checks for hotspots on campus. If a hotspot is detected all students in the classroom will need to produce their device to be checked that it is in Airplane Mode. Any devices that are not will be turned into the HS Principal and can be picked up at the end of the day.
