

CVUSD Elementary Parent Outreach

Vision and Mission - Visión y Misión

Our primary mission is to provide comprehensive assistance to students and families by connecting them with essential services and valuable community resources.

Promoting active participation from both parents and children in school activities, ensuring that all community information is thoroughly disseminated and easily understood.

Additionally, we actively help schedule, organize, and prepare impactful educational programs and workshops tailored for parents, students, and the broader community.

Nuestra misión principal es brindar asistencia integral a estudiantes y familias, conectándolos con servicios esenciales y valiosos recursos comunitarios.

Promover la participación activa tanto de los padres como de sus hijos en las actividades escolares, asegurando que toda la información de la comunidad se difunda de manera exhaustiva y sea fácilmente comprensible.

Además, ayudamos activamente a programar, organizar y preparar programas educativos y talleres de gran impacto, diseñados a medida para padres, estudiantes y la comunidad en general.
