What is the School–Parent Compact?

A school-parent compact is a way to create a partnership between the school and home that conveys shared goals, expectations, responsibilities, visions, and best practices. By establishing an agreement between the school and home, the compact fosters a collaborative environment to work harmoniously towards the betterment of each child.

Jointly Developed

The school-parent compact was developed through collaborative efforts among parents/guardians, students, and staff. Valuable feedback from parents/guardians regarding their needs in supporting their students was provided. Additionally, students contributed their ideas through our leadership program.

To ensure its effectiveness, annual meetings are conducted to assess and modify the compact based on the school's academic achievement goals and the evolving needs of the students. Parents/guardians are encouraged to offer feedback on the compact throughout the school year.
