

Access Clever from Home

It is best for your child to login to either the Microsoft Edge or Google Chrome browser in order for Clever to work properly. This installs the Clever extension, which is required to access many of the apps in Clever. Without logging into the web browser, your child may receive account error messages for many apps listed.

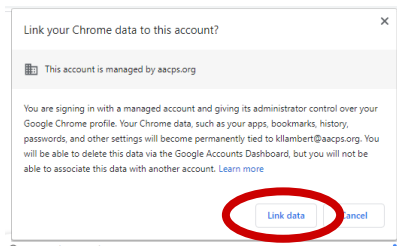

The directions outline how to login to Edge or Chrome, access Clever, and login to Clever. If you have any questions, please email edtech@carrollk12.org for assistance.

STUDENTS WILL ONLY HAVE ACCESS TO APPS ON THE TEACHER PAGE

Logging into the Google Chrome Browser

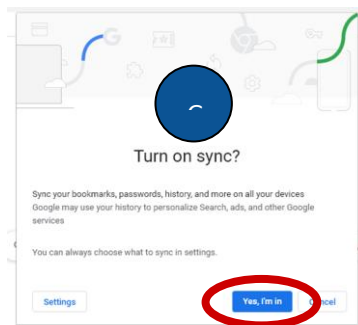

Logging into Chrome Browser	Accessing Clever	Logging into Clever
- Open Google Chrome - Select the person  icon in the top right corner. Enter your child's full CCPS email address. (login@star.carrollk12.org) - Click next, and you may have to enter it again. - Next, enter your child's CCPS password	Method 1: After logging into Google Chrome with a CCPS account, click the puzzle piece icon  in the top right corner of Chrome. A dropdown menu will appear. Locate and click the Clever icon .	Method 1: If prompted, search for your school in the box provided. 

- **Verify** the Google account by clicking **Continue**
- When prompted, choose the

option to **Link Data**
