

Student Parking Agreement

2026-2027

Please read the following agreement and then click the link below to electronically sign it. The form will also request the information needed to obtain a student parking permit for the school year. A separate form must be completed for each vehicle being registered for a student. (For example, if a student will drive two different vehicles on different days, the form must be completed twice.) The cost of a parking permit is \$25.00 for the 2026-2027 school year.

I hereby give my son/daughter permission to drive to Grove City High School. I understand that transportation is normally provided by the Board of Education. I release the school district from school district liability related to the operation of this vehicle. I also understand that school authorities reserve the right to suspend or revoke driving privileges if they are abused. Students are required to register all vehicles driven to school and display any required identification.

I understand that this permit does not authorize the use of a vehicle during the school day or transportation to the career center. A separate form is required for driving to the career center. This form is available on the high school website or in the high school main office.

Student parking is permitted in the lot located on Highland Avenue directly across from the YMCA Early Education Center and in the lot located behind the YMCA Early Education Center. Parking spaces are not assigned and are available on a first-come, first-served basis. Upon parking, students must lock their vehicles. Students are expected to use good judgement and not abuse the privilege of driving to school and parking on school grounds. Students must obey all school-zone speed limits, drive carefully, and use caution in the parking lots. Any vehicle parked in an unauthorized area may be towed at the owner's expense.

I have read the above information and understand that any violation of these rules may result in the loss of driving privileges, as determined by the school principal or assistant principal. Please refer to the Student/Parent Handbook for additional information regarding student parking.

Click the link below to complete the registration form and obtain a student parking permit.
