

CATA Peer Tutor Agreement

The purpose of the Peer Tutor is to assist the teacher with instruction in the classroom. Peer tutors can work with individual students or groups of students, model problem solving, hand out materials, set up labs, and take a set of notes that will be uploaded to Canvas.

Peer tutors are not permitted to grade quizzes, homework, exams, essays, tests, projects, or any other student work. In addition, teacher assistants cannot enter grades into the teacher's gradebook.

Peer tutors are expected to show up to class on time and maintain good behavior and attendance. Tutors are expected to support instruction at the direction of the teacher. Under no circumstances should the tutor assist students with cheating or anything else that would give them an unfair advantage.

Peer Tutors must have successfully completed the course they want to peer tutor for.
