IPM statement

It is the goal of the Encinitas Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown to be ineffective.

Our pest management objectives are to provide long term pest prevention in an effort to create a safe and functioning learning environment. We aim to use the safest methods possible for students and staff to achieve these goals.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Title	Role in IPM program
EUSD maintenance, grounds, and custodian staff members.	Apply pesticides, monitor for pests.

Pest management contracting

Pest management services are contracted to the following licensed pest control business:

- Available Termite & Pest Control
- Aguilar Plant Care

Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

- Pest Identification is done by: Eric Smith, Roque Ramos, Ezra Medico, Rudy Ramirez

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by:

- District maintenance and operations staff and results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

- Monitoring traps and visual inspections to monitor for pests as needed or requested.

Pests and non-chemical management practices

EUSD has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Roaches	X	X	X	X		X	X	
Ants	X	X	X	X		X	X	
Rodents	X	X	X		X	X	X	

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

EUSD expects the following pesticides (pesticide products and active ingredients) to be applied during the year.

Name of Pesticide	Active Ingredient(s) EPA Reg. #
Amdro Ant Killing Bait	Hydramethylon 1163-33-73342
Terro Ant Killer Liquid Ant Baits	Sucrose,Sodium borate 149-8
Hot Shot Ultra Liquid Roach Bait	Dinotefuran 9688-239-8845
Hot Shot Ultra Clear Roach & Ant Gel Bait	Dinotefuran 9688-271-8845
Nature-cide	Cottonwood and Cinnamon Oils HNOC
Vikane	Sulfuryl Flouride
PT 515 wasp freeze	Phenothrin 499-362
CONTRAC Blox	Bromadiolone

- This list includes pesticides that will be applied by school district staff or licensed pest control businesses

Healthy Schools Act

EUSD complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training

Every year EUSD employees who make pesticide applications receive the following training prior to use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of pesticide use reports

Reports of all pesticides applied by EUSD staff during the calendar year, except pesticides exempt from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification

EUSD has made this IPM plan publicly available by the following methods:

- This IPM plan can be found online at: WWW. EUSD.net
- A copy of this plan can be obtained at the EUSD District Office at:
 - o 101 S. Rancho Santa Fe Rd., Encinitas Ca 92024

Review

This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

- Date of next review: 8/2/2027

I acknowledge that I have reviewed this school district's [PM Plan and it is true and correct.
