

Students

Student Health

The district will support student health through the following school-based services, consistent with state law and district policy:

1. The school nurse will receive “initial health records for each new student and maintain current health records;
2. The school nurse will develop guidance at each building to which they are assigned for the isolation and temporary care of students who become ill at school and for the administration of first aid;
3. If needed, a school nurse may consult with a licensed healthcare provider regarding student health services;
4. Vision (both distance and near) and hearing screening; and
5. The school nurse will review and maintain immunization records.
