To determine your salary, start by locating your pay grade in the first column or your position in the fourth column.

Years of Experience

Refer to the first row across the top of the page for years of experience. It is important to note that your salary will be contingent upon validated years of service. Ensure that your previous employers complete the experience verification form available in your onboarding checklist or request verification through [Verifent.com](https://www.verifent.com). Previous experience should be pertinent to your present role within the district.

Verification forms must be submitted to HR within 60 days of start date.

Hours Per Day & Days Per Year

Hours	Days
3	180
3	180
8	180
5	182
5	182
4	180
4	184
7.5	182
8	239
8	225
8	225

In the 2nd and 3rd columns, locate the standard daily hours and the annual workdays for each role, which are crucial for determining your salary.

*While overtime may be an option, it is not guaranteed and will not be factored into your annual salary.

FY 26 Salary Estimation Formula

To calculate prorated salaries, click on the link above to access the formula.

- Input your hourly rate from the classified pay scale.
- Input the number of hours worked per day for your position and tap enter to calculate your daily pay rate.
- Enter the remaining days scheduled to work, to determine your annual salary.
- Input the remaining pay periods to calculate the gross amount per pay period.
