

We Partner TO MAKE AN IMPACT

Practical. Collaborative. Impactful.

We partner with districts and schools to deliver **customized support** designed around each system's unique goals, strengths, and priorities.

Working side-by-side with school leaders and literacy coaches, we move beyond concept training to **onsite coaching and implementation.**

Sample professional learning topics aligned to the Georgia Literacy Coach Competency Framework include:

Domain 1 Creating and Fostering a Culture of Collaborative Literacy Leadership

Co-establishing and facilitating regular coaching routines

Co-developing stakeholder-specific communication systems

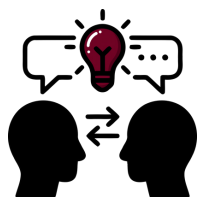

Building trust and collaborative partnerships with educators, school leaders, families, and community members.

Translating literacy research into actionable teaching practices

Domain 3 Knowledge and Application of Literacy Development and Instruction

Strengthening coaches' content knowledge and instructional expertise to effectively support teachers and accelerate student literacy growth

Domain 2 Knowledge and Application of Assessment to Inform Literacy Instruction

Partnering with coaches to support teachers to analyze literacy screener data for student needs and next steps

Partnering with coaches to engage teachers in the selection and use of diagnostic assessment tools for instructional decisions

Partnering with coaches to guide teachers in using assessment results to select interventions and differentiate instruction

Partnering with coaches to design and implement data meetings that effectively monitor student progress and guide next steps

Domain 4 Development and Implementation of Literacy-Focused Professional Learning

Applying adult learning principles to maximize engagement and impact

Designing engaging professional learning experiences

Using intentional coaching designs and cycles to systematically roll out professional learning

Enhancing strategies for facilitation, coaching conversations, coaching moves, etc.
