We are a Title One Campus

- We need all parents to know how they can get involved with school activities and assist our students with being successful High School & College students.

1) Attend Parent/Student Information Nights

2) Attend Teacher/Parent/Student meetings when called for or when you have questions about your son/daughters learning.

3) Make sure students arrive to school on time each day.

4) If students are on Academic Probation, make sure they attend after-school Tutoring when they are scheduled.

5) If your son/daughter needs to ride the “Late-Bus home”, we need to know as soon as possible so we can create a **Bus-Rider Pass** that they’ll need to show to the driver each day.

6) We will hold '**Parent-Teacher-Student**' conferences during the month of October & February at different times throughout the school day and after school by appointment with each teacher if and as requested.

7) You are always encouraged to communicate with your child about their progress in **HS** via **FOCUS** and parent portal. You are also encouraged to have them share their **BLACKBOARD** progress for their **Odessa College** classes. Anything in **Red** or **Orange** has not be completed. Be sure to scroll through the entire list. 😊

8) We are using Read 180 & **Summit K-12** to help students and parents grow in their understanding of the English Language in order to help prepare them for taking State Assessments. Our math department is using iXL for CP Math and Algebra 1 to help students prep for TSI and State Assessments.

NEW TEXAS LAW PROHIBITS STUDENT USE OF PERSONAL DEVICES

One of the most impactful bills passed by the Texas Legislature during the spring and signed into law by Governor Greg Abbott, is House Bill 1481 which is intended to create a more focused, engaging, and safe learning environment for students by banning the use of personal electronic communication devices on school property during the school day.

This law takes effect with the start of the 2025 – 26 school year.

Under this new law, ECISD students will not be permitted to use any personal devices that can send or receive data while on campus during the school day, including passing periods, lunch, and recess. It is also important for students and parents to know, the school district will not provide a place to secure personal devices during the day, meaning students who bring devices into the school will be responsible for storing them securely, out of use, throughout the instructional day.

Devices included in this new law include but are not limited to:

- Cell Phones
- Smart Watches/Smart Glasses
- Fitness Trackers with messaging capabilities
- Bluetooth Earbuds or Headphones
- **Tablets & Personal Computers.**

- Gaming Devices
- Two-way Radios
- Pagers
- Any other devices capable of telecommunication or digital communication

District and school Leaders ask parents to discuss this significant change with their children as they prepare for the school year. Failure to follow the law will result in disciplinary consequences. More information will be available from me during student orientations and beginning of year grade level parent meetings as the school year begins. Working together, we can make this change smoothly and ensure both parents, students, and teachers maintain the communication necessary for safety and positive academic achievement.

Note – ALL OCTECHS STUDENTS will still receive a student Chromebook at the beginning of school to complete their high school and college coursework in Blackboard and Schoology. This has not changed from the past years as OCTECHS is a 1:1 campus concerning school issued student laptops.

Thank You,

Mr. Miller, Principal

STANDARD RESPONSE PROTOCOL

INFORMATION FOR PARENTS AND GUARDIANS

Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

COMMON LANGUAGE

The Standard Response Protocol (SRP) is based on an all-hazards approach as opposed to individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol.

The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

HOLD

"In Your Classroom or Area"

- Students** are trained to:
- Clear the hallways and remain in their area or room until the "All Clear" is announced
 - Do business as usual
- Adults and staff** are trained to:
- Close and lock the door
 - Account for students and adults
 - Do business as usual

SECURE

"Get Inside. Lock outside doors"

- Students** are trained to:
- Return to inside of building
 - Do business as usual
- Adults and staff** are trained to:
- Bring everyone indoors
 - Lock the outside doors
 - Increase situational awareness
 - Account for students and adults
 - Do business as usual

LOCKDOWN

"Locks, Lights, Out of Sight"

- Students** are trained to:
- Move away from sight
 - Maintain silence
 - Do not open the door
- Adults and staff** are trained to:
- Recover students from hallway if possible
 - Lock the classroom door
 - Turn out the lights
 - Move away from sight
 - Maintain silence
 - Do not open the door
 - Prepare to evade or defend

EVACUATE

"To a Location"

- Students** are trained to:
- Leave stuff behind if required to
 - If possible, bring their phone
 - Follow instructions
- Adults and staff** are trained to:
- Bring roll sheet and Go Bag (unless instructed not to bring anything with them, dependent on reason for evacuation.)
 - Lead students to Evacuation location
 - Account for students and adults
 - Report injuries or problems using Red Card/Green Card method.

SHELTER

"State Hazard and Safety Strategy"

- Hazards** might include:
- Tornado
 - Hazmat
 - Earthquake
 - Tsunami
- Safety Strategies** might include:
- Evacuate to shelter area
 - Seal the room
 - Drop, cover and hold
 - Get to high ground
- Students** are trained in:
- Appropriate Hazards and Safety Strategies
- Adults and staff** are trained in:
- Appropriate Hazards and Safety Strategies
 - Accounting for students and adults
 - Report injuries or problems using Red Card/Green Card method.

STANDARD RESPONSE PROTOCOL

PARENT GUIDANCE

In the event of a live incident, parents may have questions about their role.

SECURE

"Get Inside. Lock outside doors"

Secure is called when there is something dangerous outside of the building. Students and staff are brought into the building and the outside doors will be locked. The school might display the Building is Secured poster on entry doors or nearby windows. Inside, it will be business as usual.

SHOULD PARENTS COME TO THE SCHOOL DURING A SECURE EVENT?

Probably not. Every effort is made to conduct classes as normal during a secure event. Additionally, parents may be asked to stay outside during a Secure event.

WHAT IF PARENTS NEED TO PICK UP THEIR STUDENT?

Depending on the situation, it may not be safe to release the student. As the situation evolves, Secure might change to a Monitored Entry and/or Controlled Release.

WILL PARENTS BE NOTIFIED WHEN A SCHOOL GOES INTO SECURE?

When a secure event is brief or the hazard is non-violent, like a wild animal on the playground, there may not be a need to notify parents while the Secure is in place.

With longer or more dangerous events, the school should notify parents that the school has increased their security.

LOCKDOWN

"Locks, Lights, Out of Sight"

A Lockdown is called when there is something dangerous inside of the building. Students and staff are trained to enter or remain in a room that can be locked, and maintain silence.

A Lockdown is only initiated when there is an active threat inside or very close to the building.

SHOULD PARENTS COME TO THE SCHOOL DURING A LOCKDOWN?

The natural inclination for parents is to go to the school during a Lockdown. Understandable, but perhaps problematic. If there is a threat inside the building, law enforcement will be responding. It is unlikely that parents will be granted access to the building or even the campus. If parents are already in the school, they will be instructed to Lockdown as well.

SHOULD PARENTS TEXT THEIR STUDENTS?

The school recognizes the importance of communication between parents and students during a Lockdown event. Parents should be aware though, during the initial period of a Lockdown, it may not be safe for students to text their parents. As the situation resolves, students may be asked to update their parents on a regular basis.

In some cases, students may be evacuated and transported off-site for a student-parent reunification.

WHAT ABOUT UNANNOUNCED DRILLS?

The school may conduct unscheduled drills, however it is highly discouraged to conduct one without announcing that it as a drill. That's called an unannounced drill and can cause undue concern and stress.

Parents should recognize that the school will always inform students that it is a drill during the initial announcement.

It's important to differentiate between a **drill** and an exercise. A drill is used to create the "Muscle Memory" associated with a practiced action. There is no simulation of an event; this is simply performing the action. An exercise simulates an actual event to test the capacity of personnel and equipment.

CAN PARENTS OBSERVE OR PARTICIPATE IN THE DRILLS?

The school welcomes parents who wish to observe or participate in drills.

DRILL IN PROGRESS NO ONE IN OR OUT

SIMULACRO EN CURSO NO SE PERMITE LA ENTRADA O SALIDA DE NADIE

INFORMACIÓN PARA PADRES/ MADRES DE FAMILIA Y Tutores/AS LEGALES

Nuestra escuela ha adoptado el Protocolo de Respuesta Estándar (SRP por su sigla en inglés) desarrollado por "I Love U Guys" Foundation. Los/las estudiantes y el personal serán capacitados, practicarán y harán simulacros sobre el protocolo.

LENGUAJE COMÚN

El Protocolo de Respuesta Estándar (SRP por su sigla en inglés) se basa en un método para todo tipo de riesgos en vez de para situaciones particulares. Al igual que el Sistema de Comando de Incidentes (ICS por su sigla en inglés), el protocolo SRP utiliza un lenguaje común claro al mismo tiempo que posibilita la flexibilidad en el protocolo.

La premisa es simple: durante un suceso se pueden activar cinco acciones específicas. Cuando se comunique, la acción usará un "término específico" que irá seguido de una "orden". Los participantes activos, incluidos estudiantes, empleados, docentes y personal de respuesta inmediata llevan a cabo la acción. El protocolo SRP se basa en las siguientes acciones: Hold (esperen), Secure (protejan), Lockdown (acceso bloqueado), Evacuate (evacuen) y Shelter (busquen resguardo).

STANDARD RESPONSE PROTOCOL

INDICACIONES PARA LOS PADRES/ MADRES DE FAMILIA

En caso de que se produzca un suceso real, es posible que los padres/madres de familia se pregunten qué papel pueden tener.

SECURE (PROTEJAN)

**"Vayan adentro. Echen llave a las puertas
exteriores"**

La orden de proteger se acciona cuando pasa algo peligroso fuera del edificio. Los/las estudiantes y el personal irán adentro del edificio y se echará la llave a las puertas exteriores. Es posible que la escuela muestre un cartel que indique que el edificio está bajo protección (Building is Secured) en las puertas de entrada o en las ventanas cercanas a la misma. Dentro, se continuará con la actividad rutinaria.

**¿Deberían los padres/madres ir a la escuela cuando
ocurra una situación de protección?**

Probablemente no. Durante una situación de protección se hará todo lo posible para seguir con las clases de forma normal. Además, es posible que se pida a los padres/madres que se queden fuera durante una situación de protección.

**¿Qué pasa si los padres/madres tienen que ir a
buscar a sus hijos/as?**

Según la situación, es posible que dejar salir a los estudiantes suponga un riesgo. Si las circunstancias evolucionan, podría cambiarse la orden de protección a entrada vigilada o salida controlada.

**¿Se notificará a los padres/madres cuando se active
una situación de protección?**

Cuando la situación de protección sea breve o el riesgo de carácter no violento, como por ejemplo un animal silvestre en el patio de recreo, es posible que no sea necesario notificar a los padres/madres mientras la situación de protección se mantenga activada.

En caso de situaciones de mayor duración o peligro, es posible que la escuela haga saber a los padres/madres de familia que se han incrementado las medidas de seguridad.

LOCKDOWN (CIERRE DE EMERGENCIA)

**"Echen llave, apaguen las luces,
escóndanse"**

La orden de poner en marcha un cierre de emergencia se acciona cuando pasa algo peligroso dentro del edificio.

Los estudiantes y el personal han sido instruidos para que accedan o se queden en un salón al que se le pueda echar la llave y permanezcan en silencio.

El cierre de emergencia solo se inicia cuando hay un peligro activo dentro o muy cerca del edificio.

**¿Deberían los padres/madres ir a la escuela cuando
ocurra un cierre de emergencia?**

Durante un cierre de emergencia la inclinación natural de los padres/madres es dirigirse a la escuela. Aunque se entiende perfectamente, puede ser un problema. Si existe un peligro dentro del edificio, las autoridades policiales responderán a la situación. No es probable que se permita a los padres/madres acceder al edificio o ni siquiera al campus escolar. Si un padre o madre de familia ya se encuentra en la escuela, se le pedirá que participe en el cierre de emergencia.

**¿Deberían los padres/madres enviar mensajes de
texto a sus hijos/as?**

La escuela reconoce lo importante que es la comunicación entre los padres/madres y sus hijos/as durante una situación de cierre de emergencia. No obstante, los padres/madres de familia deben saber que durante el periodo inicial de un cierre de emergencia es posible que enviar textos a sus padres/madres sea demasiado arriesgado para los/las estudiantes. Una vez que la situación se resuelva, se le pedirá a los/las estudiantes que comuniquen a sus padres/madres información actualizada de forma regular.

En algunos casos, es posible que se evacue a los/las estudiantes y se les lleve a un lugar fuera de la escuela para que se reúnan con los padres y madres.

¿Se harán simulacros no anunciados?

Es posible que la escuela realice simulacros no programados, no obstante es sumamente desaconsejable realizar simulacros sin aviso previo. Estos se conocen como simulacros no anunciados y pueden causar preocupación y estrés innecesarios.

Los padres/madres de familia deben saber que la escuela informará siempre de que se trata de un simulacro durante el aviso inicial.

Es importante explicar la diferencia entre un simulacro y un ejercicio. Un simulacro se usa para crear "memoria muscular" asociada con una acción practicada. No se hacen simulaciones de situaciones, solo se realizan las acciones. Un ejercicio simula una situación actual para probar la

capacidad del personal y el equipo.

**¿Pueden los padres/madres observar o participar en
los simulacros?**

La escuela no tiene ningún inconveniente en permitir a los padres/madres que lo deseen observar o participar en los simulacros.

STANDARD™ REUNIFICATION METHOD

STUDENT/PARENT REUNIFICATION

Circumstances may occur at the school that require parents to pick up their students in a formalized, controlled release. This process is called a Reunification and may be necessary due to weather, a power outage, hazmat or if a crisis occurs at the school. The Standard Reunification Method is a protocol that makes this process more predictable and less chaotic for all involved.

Because a reunification is not a typical end of school day event, a reunification may occur at a different location than the school a student attends. If this location is another school, then those students may be subject to a controlled release as well.

NOTIFICATION

Parents may be notified in a number of ways. The school or district may use its broadcast phone or text message system. In some cases, students may be asked to send a text message to their parents. A reunification text message from a student may look something like this: *"The school has closed, please pick me up at 3:25 at the main entrance. Bring your ID."*

PARENT/GUARDIAN EXPECTATIONS

If a parent or guardian is notified that a reunification is needed, there are some expectations that parents or guardians should be aware of. First, bring identification. That will streamline things during reunification. Second, be patient. Reunification is a process that protects both the safety of the student and provides for an accountable change of custody from the school to a recognized custodial parent or guardian.

WHAT IF A PARENT CAN'T PICK-UP THEIR STUDENT?

When a parent can't immediately go to the reunification site, students will only be released to individuals previously identified as a student's emergency contact. Otherwise, the school will hold students until parents can pick up their student.

WHAT IF THE STUDENT DROVE TO SCHOOL?

There may be instances where a student may not be allowed to remove a vehicle from the parking lot. In this case, parents are advised to recover the student. In some circumstances, high school students may be released on their own.

Have photo identification out and ready to show school district personnel.

HOW IT WORKS

For students, the school asks that students be orderly and quiet while waiting. Students may be asked to text a message to their parents or guardians. Students are also asked not to send other text messages either in or out of the school or reunification area. Keeping the cellular network usage at a minimum may be important during a reunification.

REUNIFICATION CARDS

For parents, there are a couple of steps. If a parent is driving to the school, greater awareness of traffic and emergency vehicles is advised. Parents should park where indicated and not abandon vehicles. Parents are asked to go to the Reunification "Check In" area and form lines based on the first letter of their student's last name. While in line, parents are asked to fill out a reunification card. This card is perforated and will be separated during the process. Some of the same information is repeated on both the top and separated bottom of the card. Parents are asked to complete all parts of the card.

In the case of multiple students being reunified, a separate card for each student needs to be completed.

BRING ID TO CHECK IN

During check in, identification and custody rights are confirmed. The card is separated and the bottom half given back to the parent.

From the "Check In" area parents are directed to the "Reunification" area. There, a runner will take the bottom half of the card and take it to the Student Assembly Area to recover the student or students.

Parents should be aware that in some cases, they may be invited into the building for further information.

INTERVIEWS AND COUNSELING

In some cases, parents may be advised that a law enforcement investigation is underway and may be advised that interviews are necessary. In extreme cases, parents may be pulled aside for emergency or medical information.

STANDARD™ REUNIFICATION METHOD

MÉTODO DE REUNIFICACIÓN ESTÁNDAR

REUNIFICACIÓN DE ESTUDIANTES Y PADRES/MADRES DE FAMILIA

Es posible que se den situaciones en la escuela que requieran que los padres/madres de familia recojan a sus hijos durante una salida formalizada y controlada. El proceso de salida controlada se denomina reunificación y a veces es necesario debido al mal tiempo, a un corte en el suministro de electricidad, a la presencia de materiales peligrosos o si se produce una situación de crisis en la escuela. El Método de Reunificación Estándar es un protocolo que hace que dicho proceso sea más predecible y menos caótico para todos aquellos involucrados.

Debido a que la salida controlada no es como la salida habitual al final de cualquier día lectivo, es posible que la reunificación se produzca en un lugar diferente a la escuela a la que asisten los estudiantes. Si la ubicación es otra escuela, es posible que esos estudiantes también tengan una salida controlada.

NOTIFICACIÓN

Es posible que la notificación a los padres/madres de familia se haga de una de las siguientes formas. La escuela o el distrito puede usar un sistema de difusión de mensajes telefónicos o de texto. En algunos casos, es posible que se pida a los estudiantes que envíen un mensaje de texto a sus padres/madres. Un mensaje de texto de reunificación de un/a estudiante podría decir esto o algo parecido a esto: *"La escuela ha cerrado; ven a recogerme a las 3:25 a la entrada principal. Trae tu tarjeta de identificación"*.

EXPECTATIVAS QUE DEBERÁN TENER LOS PADRES/MADRES DE FAMILIA O Tutores/AS LEGALES

Si se notifica al padre/madre de familia o tutor/a legal de que va a haber una salida controlada y de que es necesario que se reunifique con su hijo/a, habrá ciertas expectativas con las que los padres/madres de familia o tutores/as legales deberán estar familiarizados. La primera es que deberán presentar una tarjeta de identificación. Esto optimizará el proceso durante la reunificación. La segunda es que tengan paciencia. La reunificación es un proceso que al mismo tiempo protege la seguridad de los estudiantes y hace posible que el traspaso de custodia de los menores de la escuela a su padre, madre o tutor/a legal legítimo y reconocido se haga de forma responsable.

¿QUÉ OCURRE SI EL PADRE/MADRE DE FAMILIA NO PUEDE RECOGER A UN/A ESTUDIANTE?

Cuando el padre/madre de familia no puede presentarse inmediatamente al lugar de reunificación, se entregará al/a la estudiante solo a los individuos previamente identificados como una de las personas de contacto en caso de emergencia para ese/a estudiante. En caso contrario, la escuela mantendrá al/a la estudiante bajo su custodia hasta que el padre o la madre pueda recogerlo.

¿QUÉ OCURRE SI EL/LA ESTUDIANTE MANEJÓ SU PROPIO VEHÍCULO A LA ESCUELA?

Habrán casos en que no se permita al/a la estudiante llevarse su vehículo del área de estacionamiento de la escuela. En esos casos, se recomienda a los padres/madres de familia que recojan a su hijo/a. En ciertas circunstancias, se permitirá a los estudiantes de escuela preparatoria que salgan solos.

CÓMO FUNCIONA

A los estudiantes, la escuela les pide que mantengan el orden y estén en silencio mientras esperan. Es posible que se les pida a los estudiantes que envíen un mensaje de texto a sus padres/madres o tutores/as legales. También se les pide a los estudiantes que no envíen otros mensajes a la o fuera de la escuela o del área de reunificación. Es posible que sea importante minimizar el uso de las redes de comunicaciones celulares durante la reunificación.

Información de Reunificación

Traga identificación cuando llegues al personal en el área de entrada.

Grado de Estudiante: _____

Nombre de la persona que recoge al estudiante: _____

Fecha: _____

Relación con el estudiante: _____

¿La identificación coincide con el nombre de la persona que recoge al estudiante? Y o N: _____

Fecha de la reunificación: _____

TARJETAS DE REUNIFICACIÓN

Los padres/madres de familia tienen que completar un par de pasos. Si el padre/madre de familia maneja a la escuela, se aconseja prestar aún más atención al tránsito general y de vehículos

de emergencia. Los padres/madres de familia deberán estacionar donde se les indique y no dejar sus vehículos abandonados. Se pide a los padres/madres de familia que se dirijan al "área de verificación de llegada" para la reunificación y formen filas conforme a la primera letra del apellido de sus hijos. Mientras esperan en la fila, los padres/madres de familia deberán rellenar una tarjeta de reunificación. La tarjeta tiene una línea perforada de puntos y las dos partes se separarán durante el proceso. Cierta información se repite en la parte superior e inferior de la tarjeta. Se pide a los padres/madres de familia que rellenen todas las partes de la tarjeta.

Los padres/madres de familia que vayan a reunificarse con varios estudiantes tendrán que rellenar una tarjeta diferente por cada estudiante.

LLEVEN SU TARJETA DE IDENTIFICACIÓN A LA VERIFICACIÓN DE LLEGADA

Durante la verificación de llegada para la reunificación, se tendrá que identificar oficialmente y se confirmará el derecho de custodia. La tarjeta que se relleno se separará y se le entregará al padre/madre la parte inferior.

En el "área de verificación de llegada" se indicará a los padres/madres de familia el "área de reunificación". Desde allí, un encargado llevará la parte inferior de la tarjeta al "área de espera de los estudiantes" para preparar la salida del/de la/de los estudiante/s. Los padres/madres de familia deben tener en cuenta que, en algunos casos, es posible que se les invite a entrar en el edificio para que se les proporcione información adicional.

ENTREVISTAS Y ASESORAMIENTO

En algunos casos, es posible que se informe a los padres/madres de familia de que las autoridades policiales están investigando algún suceso, y por lo tanto es necesario que les entrevisten. En casos extremos, es posible que se lleve a los padres/madres de familia a un lugar privado para proporcionales información de emergencia o médica.

INTRODUCING - STUCO & WHO WE ARE

“Not just planning events”

While yes, student council does play a crucial part in planning events, that's NOT at all what STUCO is about.

STUCO as an organization is built upon the idea that student leadership, representation of the student body, school pride, and the development of our leadership skills are all crucial parts of not just the high school experience, but the school journey as a whole.

We thrive on the idea that students should have the ability to make changes in their community and their school.

“The Past”

In the past, Student Council has seen many accomplishments, but some of the more notable ones have been the following:

- Making an effort to volunteer at local community events such as the local Shrimpfest, Paint the park, Parade of lights, etc.
- Hosting local events such as our “Trunk or treat” our dances, our many assemblies, and our yearly talent show, uniting both OCA and OCTECHS.
- We show school spirit and raise awareness for many problems in the world during our school spirit weeks and our Red Ribbon weeks alike.
- Making appearances at state events such as Mo Ranch, Texas Leadership ASU, etc

"The Future"

If current plans come to fruition, we expect to start the new year even bigger, better, and bolder than before. The way it's seen is simple: If we're going to come back to Student council things have to improve with every passing year.

The plan to be ten times more involved in our community, build our school spirit, and strengthen our core values. This will in turn, build Student council towards a new and more inclusive era for itself. One that will remain long after the current year.

Note* Any Student Council member that fails to meet the months requirements will be given a warning. If a student continuously fails to meet expectations, they will be terminated.
