

Superintendent's Staff Advisory Council

Mission

The DeKalb County School District's (DCSD) Superintendent's Staff Advisory Council represents and advocates for the collective body of staff within the district and interacts directly with the Superintendent. The council serves as a liaison between the staff and DCSD leadership, providing an avenue for a significant contribution of staff expertise. The Staff Advisory Council aims to use these perspectives to provide recommendations to the Superintendent, as well as to inform leadership members within the district regarding staff matters.

Vision

To promote a positive, collaborative, and professional working environment within DCSD. The DCSD Superintendent's Staff Advisory Council aims to serve as a comprehensive and informative team with members representing all divisions within the district who engage with their constituents, contribute to the betterment of DCSD, promotes opportunities, and advocates for staff members.

The Staff Advisory Council meets face-to-face four times throughout the school year. This is for current classified and certified DCSD staff.
