Driscoll ISD 2026-2027

Syllabus

Campus: Driscoll Intermediate

Course and/or Grade Level: Grade 5 Math

Course Description: This course is designed to build a strong foundation in problem-solving, critical thinking, and mathematical reasoning. Students will deepen their understanding of place value with whole numbers and decimals, develop fluency with multi-digit operations, and explore fractions through addition, subtraction multiplication, and division. Students will apply math to real world situations while working with measurement, geometry, data analysis, and financial literacy.

Semester 1: July 22 - December 18, 2026

1st Quarter Topics	2nd Quarter Topics
• Place Value and Decimals • Multi-Digit Whole Number and Decimal Operations	• Multi-Digit Whole Number and Decimal Operations • Addition and Subtraction of Fractions • Multiplication and Division of Fractions

Semester 2: January 6 - May 21, 2027

3rd Quarter Topics	4th Quarter Topics
• Multiplication and Division of Fractions • Addition and Multiplication with Volume and Area	• Problem Solving with the Coordinate Plane and Data • STAAR Review

*Minor adjustment to the schedule may be made based on campus schedules and student needs.
