• INVER GROVE HEIGHTS SCHOOLS | BACK TO SCHOOL 2026-27 •

ISD 199's Board Approves Question for November Ballot

Residents of the Inver Grove Heights School District (ISD 199) will be asked to vote on a levy renewal question on the ballot this Election Day, November 3, 2026. They will also vote on three school board seats that are up for election.

The Capital Projects Levy renewal is intended to continue providing and maintaining up-to-date learning tools for students and would have **no additional tax impacts**.

"Since 2017, the Capital Projects Levy has helped the district ensure that students are prepared for the careers of tomorrow," ISD 199 School Board Chair Carrie Lounsberry said. "The levy allows us to stabilize our finances enough to plan for required curriculum purchases and learning tool maintenance without dipping into our limited general fund and risking an increase to class sizes."

TOOLS FOR THE FUTURE

"Whether I'm in a classroom, at a band concert, or in the community, I can see the positive impact of our students having access to updated learning tools," Board Chair Lounsberry said. "Students are finding careers that fit them, and having access to hands-on career tools, updated curriculum, and engaging classroom technology makes all the difference."

In addition to purchasing and maintaining curriculum and learning materials, levy funds will continue to help the district maintain classroom furniture and large musical instruments so every child has an opportunity to engage and develop their core life skills.

NO NEW TAXES TODAY

Renewing the Capital Projects Levy would **not** result in a tax increase. ISD 199 will be able to afford the purchase and maintenance of crucial learning tools without needing to increase class sizes or taxes.

"Inver Grove Heights Schools has been intentional about its financial stewardship," Superintendent Dave Bernhardson said. "Over the past 10 years, the district has strategically refinanced building debt to save taxpayers more than $5 million in property taxes. We do whatever we can to lighten the financial burden on our community, and we do not take their support for granted."

ISD 199's goal is always to remain efficient while supporting its students. The district's "per student" amount is currently the lowest of its surrounding school districts, and it would remain the lowest even if voters approve this November's Capital Projects Levy renewal question.

(*Continued on the next page*)

•• Minnesota Permanent School Fund Amendment

The Minnesota Legislature has approved a question to be placed on the ballot in November that would amend the State Constitution. The proposed amendment would modernize the distribution formula of Minnesota's Permanent School Fund (PSF), which was established in 1858. The updated formula would increase the funding schools receive without costing Minnesotans more money and while maintaining the fund for future generations.

If the amendment is approved by voters, ISD 199 would receive new funding equivalent to one teacher. In a time when inflation has far outpaced state funding for schools, any new funding makes a big impact. Voters must completely mark their amendment vote on their ballot. If left blank, it will count as a "No" vote. Learn more at *www.isd199.org/psf*.

FORUMS

Residents are invited to attend school board listening sessions. These sessions are an informal meeting where members of the ISD 199 School Board hear questions, comments, and concerns from residents. Sign up at *isd199.org/board*.

Inver Grove Heights Schools does not discriminate in employment or in any of its programs and activities, including vocational opportunities, on the basis of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, familial status, membership or activity in a commission, disability, sexual orientation, or age. Inver Grove Heights Schools provides equal access to designated youth groups. Student-related inquiries about non-discrimination policies should be sent to Abel Riodique at 2990 80th Street East in Inver Grove Heights, RiodiqueA@isd199.org, or 651-306-7828. More information is available at www.isd199.org/nondiscrimination.

Board Approves Question (Continued)

IMPACT TO STUDENTS
The question would **not** increase the Capital Projects Levy portion of local property taxes. Funds would allow the district to purchase and maintain learning tools like curriculum, career and technical tools, classroom technology and furniture, and large musical instruments that prepare students for the future. Without raising taxes, it would also allow the district to avoid negative impacts, like increased class sizes, just to fund those crucial, and often required, learning tools and materials.

COST TO TAXPAYERS
The proposed renewal would result in no additional property taxes. The district has deliberately kept its levies low by operating as efficiently as possible.

More information about the levy renewal is posted at *www.isd199.org/renewal*. The district will mount an intensive information campaign so voters can learn more about the renewal and make an informed decision.

Contact 651-306-7199 or *elections@isd199.org* with questions about the renewal.

Survey Shows High Support for Levy Renewal

A recent community survey of Inver Grove Heights School District (ISD 199) voters showed very high support (80%) for renewing the district's Capital Projects Levy this November. The Morris Leatherman Company, a national survey research firm, conducted a phone survey of 400 residents that reflected the community's voter demographics. Questions included perceptions of the school district and reactions to a Capital Projects Levy renewal with no additional tax impact. School board members used the survey results to inform their decision to put a Capital Projects Levy renewal question on this year's November 3 ballot.

The survey, conducted May 20-30, showed high support for the school district, its financial management, and renewal of its Capital Projects Levy.

Morris Leatherman consultant Don Lifto presented highlights of the survey results to the school board during their June 22 board meeting. Highlights included:

- 80% informed support for renewing the Capital Projects Levy, which would have no additional tax impacts.
- When asked to grade ISD 199 on quality, 76% of respondents gave the district an A or B. This result is far above the national average of 46% A's and B's.
- 79% of respondents supported renewing the Capital Projects Levy to keep classroom devices and technology up-to-date and well maintained
- 76% supported renewing the Capital Projects Levy because, if the levy is not renewed, funds for required curriculum resources and technology will need to be taken out of other budgets and could negatively affect class sizes.
- 73% supported renewing the Capital Projects Levy to strengthen teacher training around the most effective, up-to-date ways to use technology to supplement classroom learning.

Thank you to everyone who was called and agreed to take the survey! For more information about the renewal and to view the full community survey results, visit *www.isd199.org/renewal*.

ISD 199 Earns Financial Excellence Award for 21st Time

For the 21st year in a row, Inver Grove heights Schools (ISD 199) has been awarded the Certificate of Excellence in Financial Reporting for the fiscal year ended 2025. The certificate from the Association of School Business Officials International (ASBO) recognizes school districts that have met the program's high standards for financial reporting and transparency.

To qualify for the certificate, ISD 199 had to submit its Annual Comprehensive Financial Report to ASBO. A team of professional auditors conducted a thorough review of the report and provided feedback. ISD 199 earned the Certificate of Excellence (COE) Award by showing that it has used ASBO's feedback from the previous year to further increase transparency and the quality of its reporting.

"For over half a century, ASBO International's Certificate of Excellence in Financial Reporting has been the gold standard for promoting and recognizing excellence in financial transparency," said Jim Rowan, CAE, SFO, Executive Director of ASBO International. "Clear and accurate financial reporting is crucial for engaging school communities and building their trust. Districts that earn the COE have demonstrated an extraordinary commitment to these principles."

ISD 199's streak of earning the COE Award in Financial Reporting demonstrates the district's continuous work to support student achievement with the most effective resource management and to preserve the community's trust by seeking out ways to further improve its accountability.

Four Candidates to Run for ISD 199 School Board This November

On November 3, residents of Inver Grove Heights Schools (ISD 199) will vote on three ISD 199 School Board seats. The seats are currently held by Shana Dukes, Carrie Lounsberry, and Sarah Larsen. Board Chair Carrie Lounsberry will not seek re-election.

The following candidates filed affidavits of candidacy:

- Shana Dukes (*incumbent*)
- Sarah Larsen (*incumbent*)
- Amy Reynertson
- Michael Wakefield

Elected candidates will serve on the ISD 199 School Board for the 2027-2030 term. ISD 199 has sent a School Board Candidate Questionnaire to all candidates and will publish their responses to inform voters. Visit *www.isd199.org/elections* for more details.

• • Securly Home App Gives Parents Control of School-issued Device

Schools in Inver Grove Heights Schools (ISD 199) provide free access to the Securly Home app once students begin taking their school-issued devices home in middle school. The app gives parents direct access to monitor and manage their child's school-issued device at home.

Our district has various protections integrated into our school networks, and our Instructional Technology team works hard to stay ahead of potential cybersecurity issues. The Securly Home app allows parents to take similar precautions at home and structure their child's technology use.

Through the Securly Home app, parents can:

- receive daily highlights of their child's online activity
- view their child's online activity in real time
- get notifications of any flagged activities pointing to self-harm or bullying
- pause the device's internet access
- set rules to block specific categories, such as social media or gaming, on the device
- create offline schedules for meal times, bedtime, and more

ISD 199 is committed to the purposeful educational use of technology in our classrooms. We appreciate the partnership of our families as we work together to balance technology use for our students, in and out of school.

IGH Middle School AVID Students Present Their Research at a College Fair

Inver Grove Heights Middle School 7th and 8th graders in AVID and AVID Excel held a college fair to present their research on a college or technical school of their choice. After building up their research skills while exploring a plan for the future, students worked on public speaking as they shared what they had learned with IGH Middle School and Simley High School students, staff, and community visitors who attended the fair.

AVID classes provide support for college-bound students by teaching critical academic skills, such as reading, writing, and advanced study techniques. AVID students also learn personal and professional skills, such as organization, time management, and collaboration. The school's recent addition, AVID Excel, offers multilingual students an opportunity to accelerate their language acquisition, further develop literacy, and get on a path to high school AVID and college-level coursework.

Before the fair, each student picked a college or technical school that they might be interested in attending after high school. They researched everything from admissions and academic pathways to extracurricular opportunities and costs. Students learned research techniques and what resources are available to help them to get full, accurate information in their college search.

AVID students gave everyone who visited their table a formal presentation and then answered any questions they had. Students attending the fair could be seen taking notes and asking questions related to their own college search. The fair gave both AVID students and those attending the fair an opportunity to think about their goals for the future and whether each college would be a good fit for them. Great job, students!

ISD 199 Welcomes Next Director of Community Education

Inver Grove Heights Schools (ISD 199) is excited to welcome Samantha Garber as its next Director of Community Education. Currently the Community Education Director in Janesville-Waldorf-Pemberton Schools, Ms. Garber brings a wealth of experience in adult enrichment, youth recreation, preschool, early childhood, school-age care, and family education programming. In her position, she has proven her abilities to build strong programming, engage the community, and write effective grants to help support kids, staff, families, and neighbors.

Born and raised in Burnsville, Ms. Garber attended Minnesota State University, Mankato for her Masters in Educational Leadership and Director of Community Education License. Before becoming the Janesville-Waldorf-Pemberton Schools Community Education Director, she served as an Adults With Disabilities Program Facilitator and a teacher. She taught at the elementary and high school levels for nearly 10 years. Today, she uses her teaching experience to inform her approach in community education and weave together the K-12 experience with opportunities for residents of all ages.

"I am thrilled to join the ISD 199 community and look forward to building meaningful relationships with our students, families, staff, and community partners," Ms. Garber said. "I'm passionate about helping communities flourish through accessible, high-quality lifelong learning opportunities, and I'm excited to listen, learn, and work collaboratively to build on the great work already happening in the district."

Welcome, Samantha Garber!

Class of 2026 Says Thank You & Farewell During Year-end Walkthrough

The Simley High School Class of 2026 put on their caps and gowns ahead of graduation to walk the hallways for a final farewell. Seniors walked through both Inver Grove Heights Middle School and their former elementary school in the years-long Inver Grove Heights Schools (ISD 199) tradition.

During their walk, they received applause, high fives, and hugs from the teachers, staff, and younger students who had helped them reach their next milestone. Click here to see highlights from the walkthrough. Congratulations, graduates!

ISD 199 Welcomes New SRO, Officer April Harrington

Inver Grove Heights Schools (ISD 199) is pleased to introduce its newest districtwide School Resource Officer (SRO), April Harrington. Officer Harrington will be based at Inver Grove Heights Middle School and will work alongside ISD 199 SRO, Officer Nathan Taarud, who will be based at Simley High School.

Inver Grove Heights Police Department staff, ISD 199 school and district leaders, and student representatives interviewed interested IGHPD officers for the school district's SRO opening. Officer Harrington was recommended and selected by the group. She brings a wealth of experience to the position as an IGHPD officer of three years, a former elementary school special education paraprofessional, and a youth sports volunteer.

"I'm excited to have the opportunity to work with kids as a School Resource Officer," Officer Harrington said. "I had a great SRO growing up who made a positive impact in my life, and I hope to pay that forward to the kiddos in ISD 199!"

Officer Harrington and Officer Taarud will work together to build relationships within the schools and support our students, staff, and families to make our community an even safer, more welcoming place.

Thank you to our community for its support as we continue to fulfill our 2024 promise to enhance safety, and welcome, Officer April Harrington!

Visitor Pre-registration Enhances Safety

Before the end of last school year, Inver Grove Heights Schools (ISD 199) installed updated security systems at each school's front entrance. As part of the district's 2024 Referendum promise to enhance safety, the security system and accompanying visitor management system updates have expanded screening tools and safety supports for front offices to keep our buildings more secure.

Visitors should now pre-register before visiting an ISD 199 school. They can pre-register any time, even months before a visit, and pre-registration will speed up their sign-in process.

What to Expect When Pre-registering

- Visit *www.isd199.org/safety*.
- Under "Visitor Pre-registration," select the building you plan to visit.
- Enter your email address and scan your state-issued ID.
- The system will run a background check.
- Please look for an email to confirm that your pre-registration has been reviewed before heading to the school.

Visiting Once You're Pre-registered

- Stop by the school's front office.
- Enter your email address, which will pull up your pre-registration.
- Get a picture taken for your visitor badge, which should be worn at all times during your visit.

Information added to our visitor management system is for school security only and is not shared outside of our district.

Thank you for helping us further secure our student spaces! For more information, visit *www.isd199.org/safety*.

Volunteer With ISD 199

Inver Grove Heights Schools (ISD 199) has many amazing volunteers who make the school experience special for students. Among them are parents who volunteer with their schools' PTSAs, PTOs, and booster clubs and community members who volunteer with the district's Volunteer Corps.

These groups host events, recognize teachers, gather and direct donations to supplement school needs, and so much more. The support they provide to staff highlights the important impact they have on ISD 199 schools. With their help, the school year is filled with tons of fun, community-focused events.

Each PTSA, PTO, and booster club meets regularly throughout the year. Parents can contact their school to learn more about parent groups and volunteer opportunities. For more information, visit *www.isd199.org/volunteer*.

Thank you, volunteers!

Student Success Coaches Support Discipline & Core Life Skills

Inver Grove Heights Middle School and Simley High School will introduce Student Success Coaches this fall. The work of Student Success Coaches at the district's elementary schools have produced outstanding gains in attendance, classroom engagement, and grades while decreasing negative behaviors and referrals. IGH Middle School is happy to welcome long-time Inver Grove Heights Schools (ISD 199) teacher and coach Ben Kissling as its new Student Success Coach, and Simley is excited to welcome its new Student Success Coach Rebecca Beseman.

In 2021, ISD 199 built a position for a new kind of behavior specialist: a Student Success Coach. The position was created to address the significant social-emotional deficits that students were showing after the height of the COVID-19 Pandemic and its disruptions. Student Success Coaches aimed to keep students in class and focused on learning by providing additional support to teachers, introducing schoolwide lessons and activities, connecting with families, and directly teaching students in small groups.

Student Success Coaches teach students research-proven techniques, like emotional regulation, that are shown to provide better results that last longer than punitive solutions, like detention. Teaching these techniques gives students the tools to keep themselves disciplined and advocate for what they need instead of causing disruptions that take away from learning time.

In addition to their work with students, Student Success Coaches also build bridges between home and school. During the pandemic, coaches reached out to families who had disengaged with school. They developed strong partnerships with families to provide more personalized supports. As a result, challenges created by conditions outside of the school day, such as absences and tardies, decreased since Student Success Coaches started their work.

Student Success Coaches help ISD 199 schools maintain a culture of high expectations. The supports they provide to students, staff, and families will help students gain the core life skills that will help them succeed long after graduation. Welcome, Mr. Kissling and Ms. Beseman!

GRIT Gives IGH Middle School Students a Hands-on Look at STEM Careers

Inver Grove Heights Middle School students in the school's GRIT program graduated this May. GRIT (Girls Re-Imagining Tomorrow) introduces middle school girls to careers in STEM with guest speakers and field trips to local businesses.

Students toured Arctic Wolf, a cybersecurity company, and Jack Link's, a snack company known for its beef jerky, to hear from women in engineering, data, and technology roles. At Arctic Wolf, they got a tour of the facility and then did a breakout game. At Jack Link's, students took part in a sensory analysis that included taste testing combinations of different jerky and flavorings.

GRIT students also visited the School of Engineering at the University of St. Thomas. Students heard from Society of Women Engineers members and learned about their options for the future. As part of the field trip, they put their engineering skills to the test by constructing the strongest possible bridges from popsicle sticks. University staff tested each bridge, with at least one bridge withstanding three tablets plus three water bottles!

Guest speakers in STEM careers also visited IGH Middle School to talk about their careers. Students broke into groups to ask each speaker questions about her career in STEM. Students graduated the program with a better idea of what STEM careers might be a good fit for them and the education needed to get there.

Congratulations, GRIT students, and thank you to all of the businesses and guest speakers who supported career exploration through the program!

Apply for Educational Benefits to Qualify for School Year Savings

When families apply and qualify for Educational Benefits, they get exclusive savings on student activity fees, student parking, school device protection plans, tickets to school events like prom, and local services like electric and gas utilities. Every qualifying application can also help your child's school receive funding for student support services.

Visit www.isd199.org/edu-benefits to learn more and apply. Families must apply every year to continue their benefits.

Nearly 100 Seniors Honored at Activities Awards

Simley High School recognized nearly 100 students at this year's Senior Activities Awards Ceremony. The in-school event recognized students for their high school activities careers and featured Simley activities trivia and performances by the Simley Overtime Dancers and Friends as well as the school's award-winning Saxophone Quartet.

The ceremony recognized 94 students for participating in one, two, and three or more sports or activities during their high school careers. Five students were also recognized for demonstrating a four-year commitment to three or more activities: Thomas Carroll Forsberg, Ava Osland, Annaleigh Steahl, Sophia Steahl, and Cassandra Torres. Seniors Josie Johnson and Kennadi Sheppard earned the Iron Spartan Award for participating in three or more sports every year throughout high school.

Students were then recognized with awards showcasing their achievements within Simley sports and activities. In addition to performing at the ceremony, Simley's Saxophone Quartet (Diego Ayala Sanchez, Lisseth Pimental Grande, junior Justin Artema, and junior Noah Pierson) was recognized for earning Best in Site at this year's Minnesota State High School League's 3AA Solo Ensemble Contest.

The AAA Award was presented to seniors Thomas Carroll Forsberg, Ava Osland, and Cassandra Torres for excelling in Academics, Athletics, and the Arts.

The Metro East Academic All-Conference category recognized senior athletes with a GPA of 3.65 or higher and All-Conference recognition. Recipients included Nik Abrahamson, Reagan Devney, Vincent Evangelista, Chloe Gee, Josie Johnson, Charles Martin, Katelyn Museus, Nathan Price, and Cassandra Torres.

The Laurie Beedle Memorial Scholarship was presented to the female senior athlete who coaches chose as someone who is considerate of others, uses her talents to the fullest, exhibits leadership abilities, and is in the upper 50% of her graduating class. Congratulations to 2026 recipient Ella Sanders!

The Timothy Boche Memorial Scholarship was presented to the male senior athlete who coaches chose as someone who displays selflessness, uses his talents to the maximum, and exhibits leadership abilities. Congratulations to 2026 recipient Niklas Abrahamson!

This year's Athena Athlete of the Year, Josie Johnson, and Apollo Athlete of the Year, Elvis Hernandez Paz, were honored at the ceremony for their outstanding achievement.

The ceremony also recognized students who plan to continue their sport or activity into college:

- Nik Abrahamson - Cross Country/Track, Carleton College
- Easton Callahan - Baseball, University of Wisconsin-River Falls
- Thomas Carroll Forsberg - Band, Rochester Institute of Tech
- Preston Christenson - Baseball, Minnesota North College-Vermillion
- Tavon Franklin-Evans - Track, Augsburg University
- Brendan Koester - Baseball, University of Minnesota-Crookston
- Parker Lundell - Baseball, Briar Cliff University
- Daniel Minga - Lacrosse, William Jewell College
- Amilio Salas - Wrestling, Minnesota State University, Mankato
- Ella Sanders - Hockey, St. Olaf College
- Annaleigh Steahl - Band, Inver Hills Community College
- Sophia Steahl - Band, Inver Hills Community College
- Gracious Tasha - Football, St. Olaf
- Max Vang - Lacrosse, William Jewell College
- Cole Wanek - Track and Field, St. John's University
- Brenden Watts- Wrestling - St. John's University

Congratulations to all of our seniors on their graduation, and great job to all of the recognized students for their involvement in school, both in the classroom and outside of the school day!

FAST FACTS • • • • • • • • • • • • INSPIRE. INNOVATE. EXCEL.

Stay informed of the current issues, challenges, and changes facing the Inver Grove Heights School District.

#1. CAPITAL PROJECTS LEVY VS. BOND

Inver Grove Heights Schools (ISD 199) has a Capital Projects Levy that will be up for renewal on the November 3 ballot. Levies support learning, and bonds support building. Bonds provide funding that a school district can only use for new construction, updates to existing facilities, and other additions to school properties. Levies, like our Capital Projects Levy, provide funds to support the school day.

ISD 199 has two levies. Our Operating Levy helps maintain class sizes and address student needs. Nearly every school district in Minnesota has an Operating Levy because state and federal funding have not kept pace with inflation or the rising costs of necessities, like utilities.

Many districts also have a Capital Projects or Technology Levy that provides funds for specific learning materials. ISD 199's Capital Projects Levy provides funds specifically for curriculum and its materials, classroom technology and furnishings, career and technical tools, and large musical instruments.

The total of ISD 199's levies continues to be the lowest in the area, but every dollar makes a difference for ISD 199 students. Learn more at *www.isd199.org/renewal*.

#2. CLASSROOM TECHNOLOGY

The Inver Grove Heights Schools (ISD 199) Capital Projects Levy is up for renewal this November. A portion of the levy funds will be used to purchase, repair, and replace classroom technology. Although student devices increase accessibility, differentiation, and workforce skills for students, classroom technology includes so much more than those devices.

If the Capital Projects Levy is renewed, funds will also be used for audio and projection technology. Classroom audio systems will amplify sound for students with hearing impairments and accommodate whole-class activities. The district will also be able to repair and, when needed, replace projectors to ensure that all students can participate in lessons.

#3. CAREER & TECHNICAL TOOLS

Simley High School offers career classes in high-need areas, such as emergency response. The district's Capital Projects Levy, which is up for renewal this November, provides the career and technical tools that students need to master in order to receive professional certification and start their career immediately after graduation.
