Merced City School District to Celebrate Opening of Newly Relocated Community Day School

The Merced City School District will celebrate the opening of its newly relocated Community Day School with a ribbon cutting ceremony on **Monday, August 10, at 9:00 a.m. at 1730 E. Brookdale Dr., Merced.**

MCSD welcomes community members, elected officials, and education partners to join District leadership to commemorate the opening of the new campus, which serves students in kindergarten through sixth grade who benefit from additional academic, social, and emotional support.

Funded through Measure M bond funds, the campus features modernized classrooms, upgraded learning spaces, outdoor play areas, and flexible spaces designed to support student learning, growth, and success. The facility is designed to help students build the skills and confidence needed for a successful transition back to one of the District's comprehensive school sites.

"The opening of our new Community Day School reflects our commitment to ensuring every student has access to a safe, supportive, and engaging learning environment," said Superintendent Julianna Stocking. "We look forward to celebrating this important milestone. We are grateful to our community for investing in our students and helping make this project possible."

The ceremony will include remarks from District leadership and local dignitaries, recognition of the Board of Education and project partners, followed by an official ribbon cutting and photo opportunity.

#####

"Our students have the academic skills and personal characteristics to continue their learning journey, pursuing their passions and talents."
