CONNECT WITH US!

Dear Copley-Fairlawn Families,

As we prepare for the 2026-2027 school year, I am filled with optimism about the opportunities ahead for our students and our school community. Each new school year offers the chance to learn, grow, and build on the successes that make Copley-Fairlawn City Schools such a special place.

Our mission remains at the center of everything we do: providing a quality education for all students in a challenging, secure environment, maximizing the academic and personal development of each student. Our students will be knowledgeable, critical thinkers who can succeed as life-long learners and who demonstrate an appreciation for respect of self and others. As we work toward that mission, we remain focused on four key district priorities that guide our decisions and shape the experiences we provide for students each day.

We are committed to exceptional teaching through data-driven, research-based practices that lead to remarkable learning. We continue to prioritize safety and security by maintaining clear expectations and supportive learning environments where students can thrive. We strive to foster healthy relationships by recognizing and respecting the diverse backgrounds, experiences, and needs of all members of our school community. Finally, we are dedicated to providing transparent, frequent, and consistent communication so that families, students, staff, and community members remain informed, connected, and engaged.

As we look ahead, I am grateful for the partnership that exists between our schools, families, and community. Together, we create opportunities that help students discover their strengths, pursue their passions, and prepare for future success.

Thank you for your continued support of Copley-Fairlawn City Schools. I look forward to another year of learning, growth, and achievement as we work together to ensure every student can learn today and lead tomorrow.

Sincerely,

Aimee

Aimee Kirsch

Mission Statement:

The Copley-Fairlawn City School District will provide a quality education for all students in a challenging, secure environment, maximizing the academic and personal development of each student. Annual District Notices

Notification of Rights Under FERPA for Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (" eligible students ") certain rights with respect to the student's education records.

They are:

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record (s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
 - » A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - » Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
 - » The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.
 - » The name and address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. , SW, Washington, DC 20202-4605.

NOTE: Additional notices and Board of Education policies are available on the District website. Please refer to the website to review specific notices and policies. www.copley-fairlawn.org

NOTICE OF PARENTAL RIGHTS UNDER SECTION 504:

Section 504 of the Rehabilitation Act is a nondiscrimination statute barring discrimination on the basis of one's disability. It is the policy of the school district not to discriminate on the basis of disability in its educational programs, activities or employment policies as required by the Act. The Act requires the school district to locate, evaluate and determine if the student is a qualified individual requiring accommodation necessary to provide access to educational programs. Parents are entitled to have the opportunity to review relevant educational records under the Family Education Rights and Privacy Act (FERPA). Parents or guardians disagreeing with the decisions reached by school personnel for accommodations necessary for access to educational programming and/or facilities may request a hearing before an impartial hearing officer by notifying the school principal.

CHILD FIND:

Local educational agencies are required under Federal Regulation 34 CFR 300.220 to initiate an awareness campaign to locate, identify and evaluate children with disabilities who may need special educational or related services. This campaign is known as " Child Find. " Parents, relatives, public and private agencies and concerned citizens can help school districts find any child, age birth through 21 years, who may have a disability and need special education or related services. If you are aware of a Copley - Fairlawn child who may have special needs and is currently not being served, call Pupil Services at 330-664-4855.

IDEA - B:

The Copley - Fairlawn City School District provides educational services to students with disabilities utilizing federal assistance through IDEA - B funds to enhance the basic program. An application is on file at the Board of Education Office and is available for examination and recommendations by District residents. Questions or suggestions should be directed to the Coordinator of Special Education, 3797 Ridgewood Road, Copley, Ohio 44321, call: 330-664-4855.
