Superintendent

Dear Parent/Guardian,

The Family Educational Rights and Privacy Act (FERPA) allows the Kosciusko School District to disclose certain student information, known as directory information, without prior written consent, unless a parent or guardian opts out. The district may publish student directory information in school publications, yearbooks, honor rolls, graduation programs, sports rosters, and other official school communications.

This may include:

- Student's name
- Grade level
- Participation in extracurricular activities
- Honors, awards, and achievements
- Photographs and videos used for school-related purposes

No sensitive personal information such as addresses, phone numbers, or student identification numbers will be disclosed. If you do not want the district to disclose your child's directory information, you must complete and return the form below to your child's school. If no opt-out form is received, the district will assume consent for inclusion in school-related publications.

For more details on FERPA and your rights, visit the U.S. Department of Education's website:

Sincerely,

Dr. Josh Dodd
Assistant Superintendent
