The very last form is the Medical Information section. This year, the form must be completed on paper and submitted to the school nurse. Family Homework Opens on August 17

Aug 5 2026

As KCSD prepares for the first day of school on August 31, we ask that parents and guardians begin to prepare to complete their "Family Homework".

Family Homework contains the important work we ask families to complete to ensure their children start their school year informed and protected. The District must have up-to-date information in the Skyward Family Access portal

including contact information and confirmation that important documents have been read.

Before you begin, gather your contact information, your emergency contact information, and medical information for each of your children.

The New District and All-School Handbook, Code of Student Conduct, Acceptable Use Policy (AUP), Educational Web-Based Tools (COPPA Information), and Student Device Agreement form will be ready to review **by August 17, 2026**. Families are then asked to confirm or agree to documents in the portal. All of these forms and handbooks will be available **at the kcsd.org website up-to-date by August 17**.

The medical form for each child will arrive to each home via US mail and can be found in the handbook and on the website. These forms should contain the same contact and emergency contact information you enter into the Skyward Family Access portal. Medical information for each child should be shared on this form and returned with your child to the school nurse.

All of this information should **be completed for the first day of school on Monday, August 31, 2026**.

Please note that we continue to update information on the KCSD website. Information will not be completely updated until August 17, 2026.
