Choosing Subjects for PNG Tertiary Entrances

If you are interested in ***Science & Engineering*** you must choose ***Advanced Mathematics***.
If you want to do ***Science Foundation at UPNG*** you need to do all three Sciences ***Biology, Physics and Chemistry.***
If you are doing Sciences at other institutions, you can two out of three Sciences.
If you want to do ***Engineering*** courses, one of your Science should be ***Physics***.

If you are interested in ***Business, Accounting, Economics*** you can choose ***Advanced or General Mathematics***.
However, UPNG requires a B in General Mathematics or a C in Advanced Mathematics.
When they calculate the Grade Point Average (GPA) Advanced Mathematics counts for more than General.
You should choose ***Economics*** and at least one of the other core humanities – ***Geography or History***.
Business is also advised.

If you are interested in ***Humanities & Law*** you can choose ***Advanced or General Mathematics.***
You should choose at least two of the core Humanities, ***Economics, Geography or History.***

You SHOULD read the information in the DHERST booklet which is on the school website.

There should be information on the websites of the different institutions.
