

Connecting a personal iOS and iPadOS device to CCPS Wi-Fi (2026-2027)

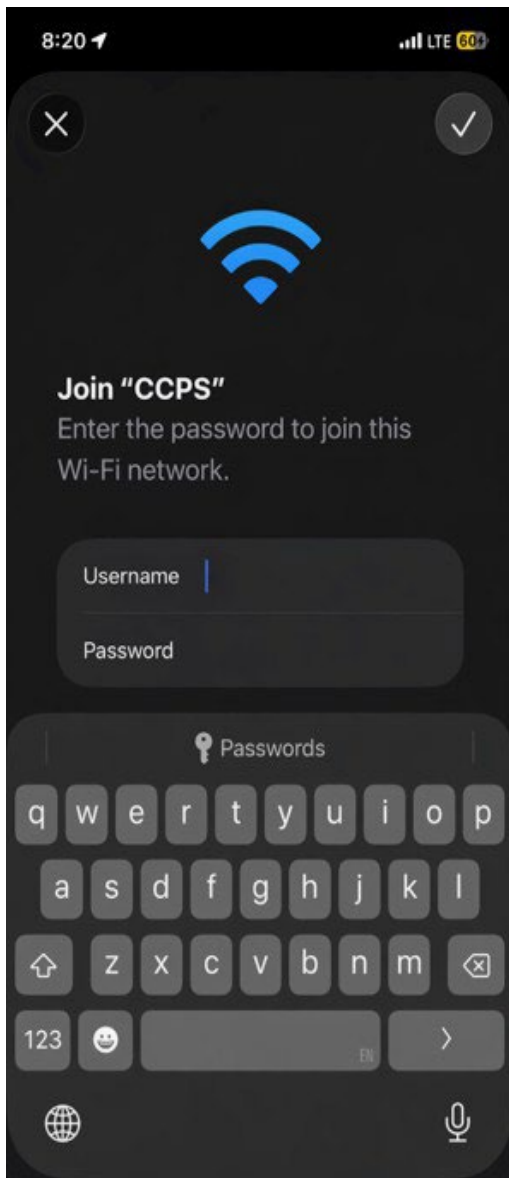

Connecting your device to Wi-Fi

1. Open your iPhone/iPad Wi-Fi Settings and select the “CCPS” Wi-Fi network.

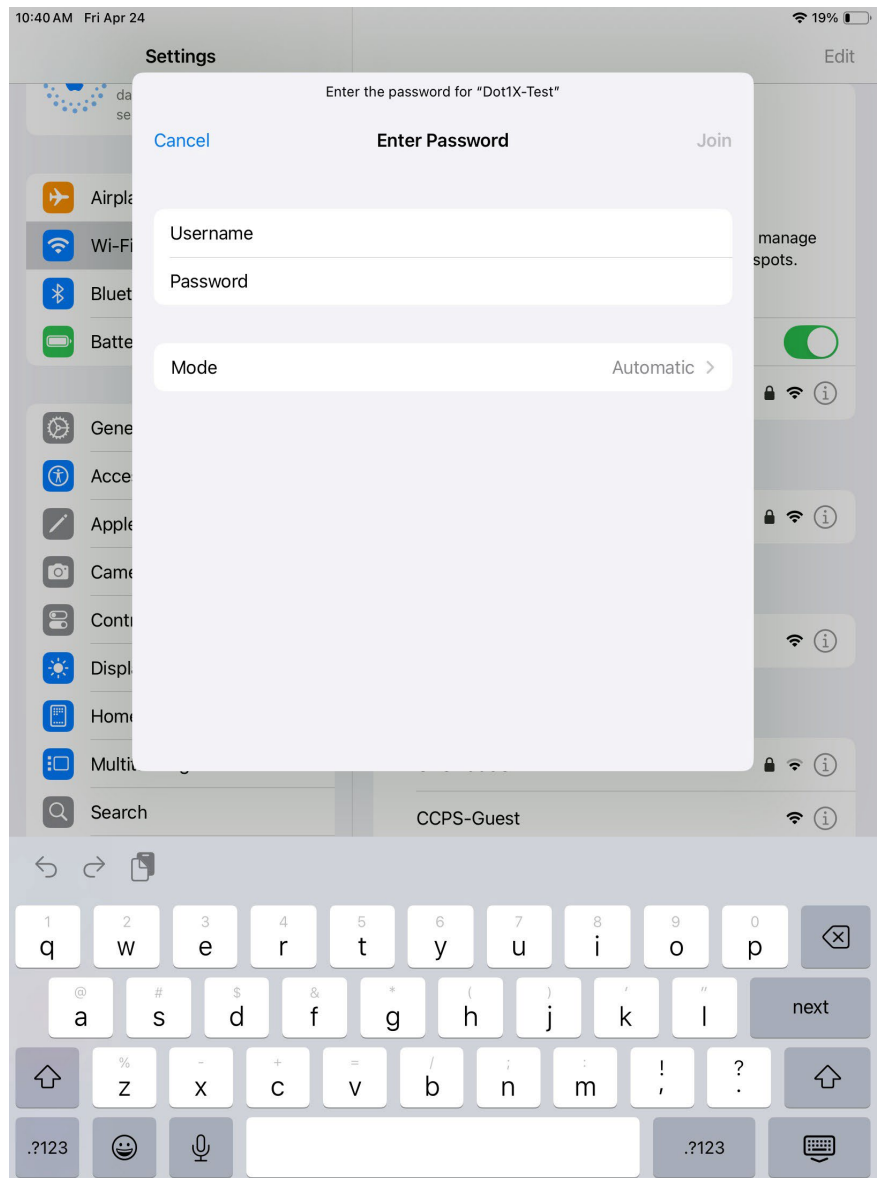

2. Enter your CCPS username/password, click “Connect”.

iOS

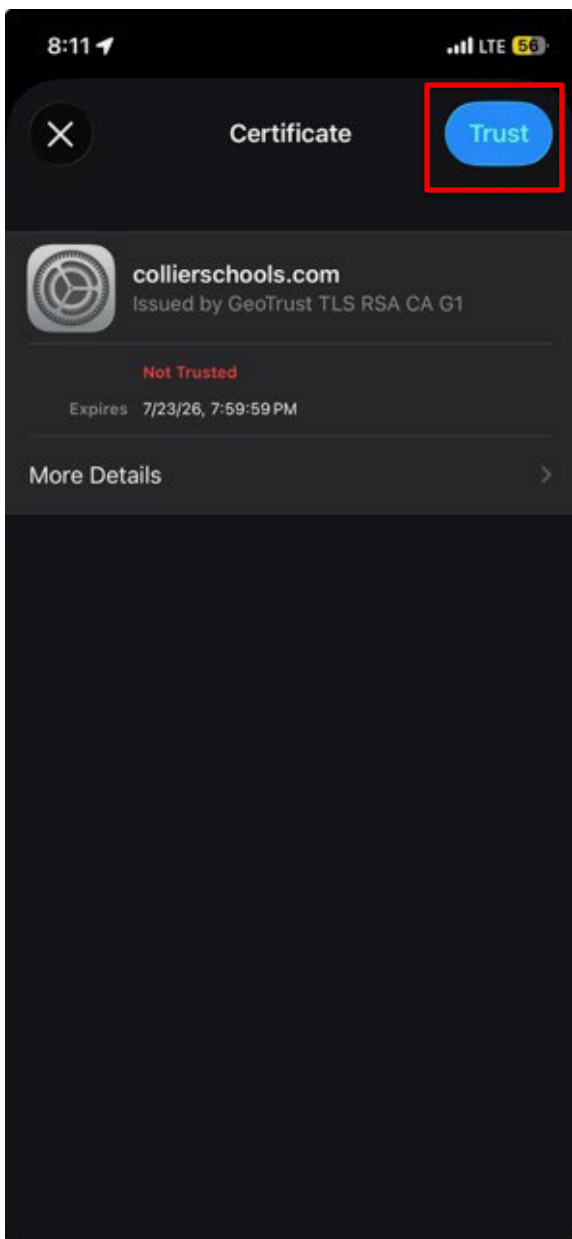

iPadOS

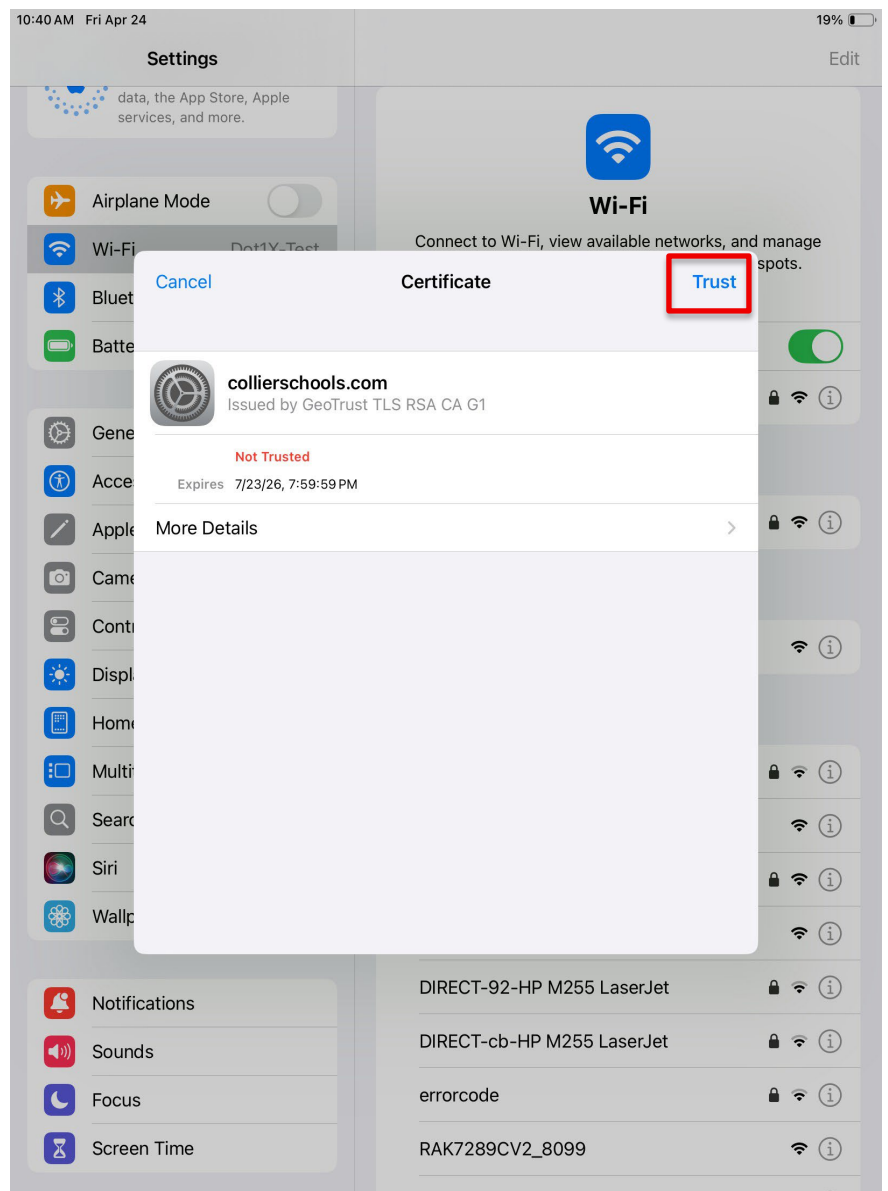

3. Click on Trust the CA Certificate:

iOS

iPadOS

Troubleshooting Tips

- If you receive an error message “Couldn’t connect to network” or similar message, please verify that there are no spelling errors in your username or password and try again.
