

Santa Fe Title I Parental Involvement *Plan* 2026-2027 School Year

Santa Fe Elementary has made the commitment to provide quality education for every child and to establish strong partnerships with parents. Shared responsibility for high student performance, frequent communication and ongoing parental involvement is an essential component for assuring academic success for our students.

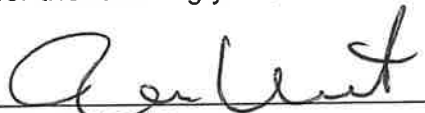

Santa Fe is required to have an annual parent meeting to inform parents of our school's participation as a Title I site and to explain the rights of parents to be involved with their child's education. All parents will be invited and encouraged to attend our Back to School Night and/or Parent University meetings, which will be scheduled in the fall. Santa Fe Title I policies, programs, services and goals will be discussed, and an informational flyer will be sent home with the parents. Information about availability and start up dates of Title I programs/activities will be communicated to parents through special notes concerning these programs/activities. A description of the curriculum and Oklahoma Academic Standards are available on the district website. Parents are strongly encouraged to attend conferences with their child's teacher to participate in decisions relating to the education of their child.

A variety of parent involvement events will be planned to respond to parent needs and help strengthen the home-school partnership connections. Events will be offered at various times to accommodate parent schedules. Information about these events will be sent home and will be available on Parent Square as well as the Santa Fe website.

A School-Parent-Student Compact will be utilized to formally recognize the importance of working together as equal partners in the educational process. It is our goal to enable each student to achieve the state's high standards and reach his/her potential.

Communication between parents and teachers will be maintained on a continuing basis throughout the school year. Parents are provided the opportunity and encouraged to attend conferences, receive reports on students' academic progress, and individual student assessment results. They will be made aware of school activities and news through Parent Square, special notes, our school web page and the PTA Facebook page.

Parents and staff will be involved in planning, reviewing, and improving the programs and services offered under the Title I plan. Needs assessment and program evaluation surveys will be conducted in the spring of each school year and will be utilized in conjunction with academic needs assessment to guide the revision of the plan for the following year.
