SECTION II				
JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BUS REPLACEMENT				
1. Pursuant to IC 20-40-18-9(b)(2), if the School Corporation is seeking to (A) acquire or (B) contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation. Clause (B) does not apply if contracted transportation services are not paid from the Operations Fund. (Attach additional sheets if necessary.) The TSC is looking to purchase an additional 2 78-passenger buses for CY2027 at \$185,000 each. This purchase is necessary due to added transportation growth. Ridership has increased by approximately 1,000 students in the last 5 years.				
2. Pursuant to IC 20-40-18-9(b)(3), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need. This subdivision does not apply if contracted transportation services are not paid from the Operations Fund. (Attach additional sheets if necessary.) n/a
