Driscoll ISD 2026-2027

Art Syllabus

This class is a place where students can **create, explore, experiment, and express themselves** through art. Students will learn about the Elements of Art, Principles of Design, artists and cultures from around the world, and a variety of traditional and contemporary art techniques.

Throughout the year, students will have opportunities to draw, paint, sculpt, collage, design, create mixed-media artwork, and participate in art discussions and critiques.
