

Community Resource Directory

Presented by
Colton Joint Unified School District
Student Services Department

The following resource information has been compiled by the Colton Joint Unified School District Student Services Department to assist students and their families in accessing services available within the local community. While every effort has been made to include a wide range of community resources, inclusion in this directory does not constitute an endorsement by the District.

If you identify any outdated or incorrect information, please notify the Student Services Office at (909) 580-5000, ext. 6525, so that we may update our records. We also welcome recommendations for additional community resources. Your feedback is greatly appreciated and helps us maintain an accurate and comprehensive directory.

Please note that the Inland Empire United Way offers a free community resource and referral service through 2-1-1. Trained specialists are available 24 hours a day, seven days a week to provide information, referrals, and assistance with health and human services. To access this service, dial 2-1-1 from a landline or call (888) 435-7565. In addition to health and social service referrals, 2-1-1 also provides information on disaster preparedness, emergency response, and a variety of other community resources.
