

HOPE Tracker

- The HOPE Scholarship is a merit based scholarship that provides assistance towards the cost of tuition at eligible public and private Georgia postsecondary institutions.
- The high school HOPE GPA calculation is used for the purpose of determining academic eligibility for HOPE Scholarship and Zell Miller Scholarship.
- **A student's high school HOPE GPA is not the same as their high school GPA.**

It is the student's responsibility to create a GAFutures account, ensure they meet HOPE rigor requirements, and regularly monitor their HOPE GPA within their GAFutures account.
