FULTON ROBOTICS

Fulton Robotics is made up of two main optional involvements:

1. Competitive Robotics Teams
2. Open Robotics Club

COMPETETIVE TEAMS

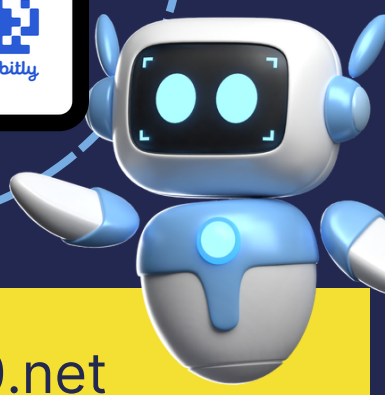

Those interested in being a part of the Fulton Robotics Competitive Teams apply and interview during Panther Prowl. Those selected for the teams practice and compete from mid August - typically mid February.

OPEN CLUB

Open Club starts up typically mid February once the competitive season is complete. The Open Club provides opportunity for any Fulton student to skill build in coding, engineering and presenting.

INTEREST FORM

INTERESTED IN BEING NOTIFIED ABOUT FULTON ROBOTICS AND WHEN CLUB STARTS?
