

2026

Welcome to First Grade!

I hope you are excited about starting first grade! I'm happy you will be in my class. We will have so much fun learning together!

I hope you have been having lots of fun this summer. I can't wait to hear all about the things you have done. I've been busy spending time with my kids—Brady (13) and Kiley (10) our puppy Holly (8 months) and of course Mr. Egan. We spent lots of time playing outside, playing in the water, bike riding, hiking and just hanging out with family.

The last few weeks I've been busy organizing and setting up the classroom. There are so many books for you to read. Don't worry there are also some fun things for you build and play with during choice time and indoor recess. I can't wait to meet you!

See you soon!

Mrs. Egan
