Total number of hours the staff spent developing their job skills last year

4469

65.8

Average professional learning hours per Lewisville ISD staff member

OBSERVATION

315

Number of administrator visits to observe class instruction

105 Average number of classroom visits per administrator

Our vision

At Donald Elementary, our vision is to provide the opportunities and support necessary to help our Dolphins become fearless problem-solvers who choose to face challenges with an open mind and a kind heart. As a community, we are committed to nurturing lifelong, creative, and collaborative learners who strive to make a positive impact on our global society. Since becoming the first NISE nationally certified campus for STEM Excellence in the State of Texas, the Donald community has intentionally focused on providing our learners with opportunities that not only challenge them to grow academically, but to grow socially and emotionally as well. We embrace the critical role STEM plays in our future, and we understand preparing students for future STEM careers extends beyond mastering science, technology, engineering, and math skills. We seek to grow empathetic, self-aware, future-ready leaders who understand working with others is the key to making a positive impact in our world!

ACADEMIC PERFORMANCE

i-Ready by grade level

Lewisville ISD monitors students' academic progress through the i-Ready computer program. Teachers can quickly assess which students need help. This chart shows the percent of students at grade level or showing six months growth at the end of the school year.

CLUBS

Our students grow beyond the classroom through engaging leadership and interest-based clubs. Fourth and fifth graders develop leadership skills in Student Council, KKIDS News, and Safety Patrol, while students in grades 3–5 stay active through our Run Club and Jump Rope Team. For those with a passion for the arts, students can attend Art Club (grades K-2, 3-5), or Choir and Drum Club (grades 4-5).

DIGITAL CITIZENSHIP

Earning the Common Sense School badge is a symbol of our school's dedication and commitment to helping students think critically and use technology responsibly to learn, create, and participate.

PROGRAMS

At Donald, we cultivate the next generation of innovators through daily STEM instruction. Our curriculum includes Physical Education, Music, Art, and Computer Science. Designing Dolphins can become authors via Dolphin Tales Publishing. We are proud of our Dolphin Dads, a dedicated group of father-figure volunteers.

ARTS AND ATHLETICS

100%

Participation in athletics or physical education

100%

Participation in fine arts such as music and art

Survey said...

What our parents think

In April 2026, parents were surveyed about the campus their child attends. Values represent the percentage of respondents who agreed with each statement. Based on 186 responses.

Are satisfied overall	94%
Most of the time, my child is happy at school	95%
My child's health and wellness are supported	96%
Parents feel welcomed at school and are involved	95%
School staff communicates well with families	91%
Teachers do whatever it takes to help my child meet academic standards	91%

What our students think

In April 2026, we asked 4th and 5th grade students about adults they could confide in at our school. Values represent the percentage of students who agreed with the following.

There is a staff member at my school with whom I feel comfortable talking	95%
